Please note that assignments may show an Excluded flag, but that is due to the new grade calculations settings in the system. This flag does not mean that the assignment is excluded from the student's grade. The overall grade for each standard will be calculated by Mode, which means the most recent scores that occur most frequently for the standard during the marking period.

- 4. On the 'Class Score Detail' page, view information about the class, and for your student's assignments.
- 5. Each assignment will be listed with details, such as the due date, gradebook category, and more.
