Benefits of the COC

► For Example:

- A Student Attending Utah State University that has earned the Weber COC
 - Waives a year and a half of college
 - Saves students near \$30,000 in tuition, fees, books and housing costs.
 - Helps prepare students for the rigors of college academics
 - Waives difficult “Freshman Weed-out” classes.
 - Students graduate from college one and a half years earlier, entering the workforce sooner, with thousands in salary gained.

The COC is not an all or nothing thing.

- ▶ If a student completes a percentage of the classes, that percentage will **most likely** transfer to the school of his or her choice
- ▶ BYU takes the COC, but adds a couple of requirements

A Potential Problem....

- ▶ Students enter college as a sophomore.
 - ▶ They must be prepared to declare a major.
 - ▶ Log on to Utahfutures.org and establish a list of potential careers and majors.

Potential Pitfalls.....

- ▶ High school students taking CE classes are establishing a college GPA.
 - ▶ Low grades can negatively affect admissions to selective undergraduate programs or graduate schools such as:
 - ▶ Medical School
 - ▶ Dental School
 - ▶ Law School
 - ▶ Nursing
 - ▶ Business

Potential Pitfalls.....

- ▶ STEM major students with the COC may face challenges their first year in college, as some COC classes are often used to lighten a difficult schedule.

Potential Pitfalls.....

- ▶ Although students start college as a Sophomore, they may not graduate in two and a half years as they may expect.
- ▶ Because of Pre-requisites

Take one class in each area.
