### Principal's Message

Dilworth Family,

Since we have not been able to really get to know one another, Mrs. Wood and I have had the PTA interview us. We recorded that so that you could watch and get to know us a bit better. This video has been posted on Youtube at the following link: Dilworth Back-to-School Night Interview and it will remain up for two weeks and then will be taken down. We hope this helps you get to know us better and that you enjoy it. We look forward to the time we can meet you all face to face and get to know you all as well.

Congratulations to our *Dragons of the Week* for last week! They are as follows;

Kindergarten: Greyson Rigby

1st grade: Eve Owens

2nd grade: Cate Garff

3rd grade: Tien Yazzi

4th grade: Samuel Jeppson

5th grade: Noah El Mansouri

6th grade: Pierce Martin

We are proud to continue *Dragon of the Week* this year.

Kind regards,

Richard Squire, Principal

Felicia Wood, Assistant Principal

**GO DRAGONS!**

### PTA NEWS

**CAN'T HIDE OUR DRAGON PRIDE!**

The PTA has provided yard signs to spread school spirit during remote learning! Stop by the school to pick up yours on WEDNESDAY 9:15-10:45 and again WEDNESDAY 2:00-3:30. (One per household)

We are grateful for our DILWORTH Community and want to spread some love and unity during this wacky time. Can't wait to see more Dragon Pride Around the neighborhood!!

We will let you know if we need another pick up day. And Carolyn will have some in the office if another day this week works better. **GO DRAGONS!!**

## ELP Testing for 6<sup>th</sup> graders

Dear parent/guardian of a sixth grade student,

The Salt Lake City School District offers Magnet ELP services to meet the cognitive and affective needs of identified gifted and high ability students. A continuum of program options provides learning environments and curriculum designed to meet students' academic needs. As part of our continuum of services, Magnet ELP is offered to all qualified students in grades 1-7.

**Students must opt into testing** to determine eligibility into Salt Lake City School District's Middle School Magnet Extended Learning Program (ELP). Testing will be offered to students who apply before **October 14th**. The testing window will be between November 2, 2020 and November 24, 2020. This window is subject to change if we are in remote learning.

If you decide that Magnet ELP middle school testing is appropriate for your student, **you need to complete the online registration and disclosure statement forms by October 14th, 2020**. These forms are [found here](#). Within one week of applying, you should receive a confirmation email that your application was received. If you do not receive an email, please contact me so that I can follow up on your behalf.

The testing sessions dates and times will be determined later, and I will send out more information after the application window has closed. Students will take two assessments--the CogAT, an abilities assessment, and the Iowa, an academic achievement assessment. The assessments will take approximately four hours to complete. Results are generally mailed to your home by February at the latest, letting you know if your child qualifies for ELP in middle school.

PLEASE COMPLETE THE [SURVEY](#) BELOW TO LET ME KNOW WHETHER OR NOT YOU PLAN TO HAVE YOUR 6TH GRADER TESTED.

For help in deciding if ELP could be an appropriate placement for your student, please access the document [When Should I Consider ELP for my Child?](#) You can also access Parent Information PowerPoint for additional information on the [ELP website](#).

**Please let me know if you have any additional questions.**
