October 16, 2020

Dear Genesee Families,

Last evening we were notified of a probable positive COVID-19 case among one of our students. This student was not in any of our buildings during their infectious period but was in attendance at last Thursday's football game.

We are responsible for identifying all individuals who are considered "close contacts" by the CDC guidelines. If you or your children are not considered close contacts, you will not be contacted.

If you or your children are considered to be a close contact with this individual, you will receive another phone call from our school district and notification from the Genesee County Health Department. We will be making calls later today after determining who the close contacts are.

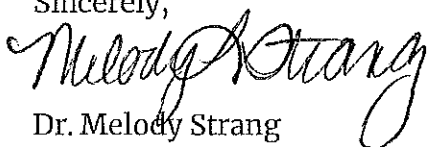

Anyone in attendance at Genesee's October 8th football game should monitor for onset of symptoms of COVID-19, including fever or chills, cough, sore throat, difficulty breathing, diarrhea, vomiting or abdominal pain, new onset severe headache or new fatigue. If you note any change in the health of you or your child, the Health Department recommends you call your regular health care provider.

We remain diligent in following health and safety requirements within the buildings and ask that you refrain from attempting to watch tonight's football game unless you have a ticket for admission.

If you do not have a ticket, please watch the game from the comfort of your own home. The live streaming link will be posted on our Facebook pages prior to the game.

We truly appreciate your understanding and assistance. Please take good care of yourselves during these challenging times.

Sincerely,

Dr. Melody Strang
Superintendent

Empowering students to be the best they can be. We are Genesee!
