

ROCORI Schools • 2020 Planning Project
September 14, 2020 • Board & Admin Planning Session
Final Vision & Priorities

New Vision

In five years, we will have developed, delivered, & be recognized for...

- Focusing on the whole child, building overall wellness as well as working on academics
- Preparing our students to be lifelong learners & contributing members of society
- A welcoming environment where equity is a priority for all students
- Creating a culture of unity, pride & connectedness
- A progressive mindset & effective planning

New Priorities

- 1) Social/emotional education and mental health support
- 2) Focus on character development, teaching practical lifeskills & thought processes (critical thinking, self-awareness, problem-solving, emotional intelligence)
- 3) Make sure that students have the tools for good communication, soft skills, problem-solving & conflict resolution
- 4) Inviting community experts into schools and developing opportunities for students out in the community
