College & Career

Can you believe it is already October? The weather is cooling down and the college Common Application is ready and waiting for you and your future graduate to begin the application process. Make sure to spend a

few minutes with your WAY researcher creating an account and starting to enter the required information. Remind your son/daughter to take their time working on college applications to ensure he or she is presenting themselves in the best way possible.

WAY Academy of Flint

Hello, WAY Families,

Happy October! We have had a very busy month so far here at WAY with Count Month beginning, Performance Series Testing, and now beginning our new career development program called “Xello” this week. Whatever it is that staff, students, and families have on their plates, please remember that we are here to help and we are just a phone call or email away. Check out the information to the left for resources regarding getting your student ready for college, food programs in our county, recent school news, and more.

Have a wonderful week,

Susan Wagner
