

What I Need to Know

How Do I Enroll?

Open Enrollment is your annual opportunity to review your coverage and make changes to your benefits for the upcoming year, unless you experience a Qualified Life Event during the year. You can enroll in benefits November 2-13, 2020.

Before you enroll, be sure to review this guide so that you can make informed choices for you and your family.

Your 2021 coverage will be effective January 1 - December 31, 2021 provided that your employment status does not change.

We offer you two easy ways to enroll in your benefits:
