

Get **K**onnected!

Have you signed up for KONSTELLA yet?

Konstella is a private, secure platform that allows us to have one centralized place to access Woodcrest Spanish Immersion PTO information and communicate with other parents in our school. Parents can find information on PTO committees, have parent-to-parent conversations (both direct messaging and "classroom" or group messaging) and learn about possible volunteer opportunities as they arise throughout the year.

Here are the many things you can do on KONSTELLA

Find our school on [Konstella.com](https://www.konstella.com) to be in the communications loop

Signing up is easy! [Go to wcsi-pto.com](https://www.wcsi-pto.com) and click the orange "request to join" box. Follow the simple registration steps. Once registered, remember to download the Konstella app to your Apple/Android device for on the go communication.

Contact us at wcsipto@gmail.com with questions.

Please Note: Konstella is a secure site and your privacy is important to us. You will control your privacy settings within the tool, so you decide what you would like to share with other parents and how often you would like to receive communications.

It is important to note Konstella is run by the PTO and not WCSI staff or administration. Woodcrest Spanish Immersion will continue to send school wide announcements via Schoology.
