

Calling all Mercy Parents - Tools needed for Robotics!

The Mercy Robotics Team is in need of certain tools to build their robot. The list is attached, so if you happen to have any tools that you are willing to donate or even lend for the short term, we would really appreciate it! If you are purchasing new tools or donating tools that require a donation thank you letter, please include a copy of the receipt and/or specific list of what you are donating and the Advancement Office will provide you with an "In-Kind Donation" thank you letter. Thank you so much for helping us out! Please contact Dr. Bradley at pbradley@mercyhsb.com if you can help.
