

October 22, 2020

This afternoon Lodi Unified School District and Lodi Education Association engaged in a productive and collaborative discussion to bring students to campus for in-person instruction and provide a distance learning option. Both parties shared concerns and ideas and worked together to move forward. The conversation will continue with the next meeting set for Tuesday, October 27. We are hopeful that an agreement will be reached soon as we all want our students in class with their teachers.

Cathy Nichols-Washer, Ed.D.
Superintendent, Lodi Unified School District

Michelle Orgon
President, Lodi Education Association
