

OLENTANGY ACADEMY: SUPPORTING INDIVIDUALIZED SUCCESS

OASIS Curriculum:

- OASIS uses an online curriculum called APEX that is aligned to state standards.
- Students have the flexibility of working on any subject they choose, at any time of the day.
- With preset due dates students can monitor their own academic progress.
- **OASIS full time students must work a minimum of 20 hours per week and be making continual progress on their assigned courses.**
- The introduction to this website can be viewed once you login to www.apexvs.com

Additional Programs/Courses available at OASIS:

Service Learning (This program is currently on hold due to COVID precautions).

OASIS students are able to assist Heritage Elementary School (HES) students. OASIS students work one hour per week at HES and perform tasks the teachers have selected. OASIS students are asked to commit to be volunteers for at least one semester.

Work Study (This program is currently on hold due to COVID precautions).

The work study program allows students to gain real world experience within the surrounding community. Businesses give students the opportunity to come into their place of work on a weekly basis and gain hands-on work experience through volunteering. By taking part in this experience, the students will obtain academic credit, as well as the possibility of gaining paid employment. The Olentangy Business Academy (OBA) is a student-operated business. This program teaches business skills, promotes independence, and prepares students for competitive employment.

OASIS Academic and Social Commitments:

In order to ensure maximum learning for each student and to meet their unique needs, we require the following commitments from our students.

- Every **full-time student is required to complete 20 hours of school work per week** (approximately 1 hour per day per class). This work includes on-line and written assignments.
- Weekly progress reports, generated by APEX, are sent to all parents/guardians.
- Attendance is required on the days and times determined in the initial meeting between parent/guardian and principal. Truancy will be filed if absences or lack of progress in APEX occurs.
- Teachers have the right to ask that phones be put away during academic work time. Students can access phones on breaks or lunch.
- Students need to be working in the APEX curriculum. Searching other sites should be for educational purposes only.
- Students' written work should be their own. Students who plagiarize work are given one opportunity to redo the work in their own words. Any plagiarism after that will result in a zero for the assignment.
- OASIS is proud of the fact that teachers and students respect one another and foster an environment that is positive and safe. Student uniqueness is celebrated, not judged.
