

OLENTANGY ACADEMY: SUPPORTING INDIVIDUALIZED SUCCESS

VIRTUAL

- OASIS uses an online curriculum called APEX that is aligned to state standards.
- Students have the flexibility of working on any subject they choose, at any time of the day.
- With preset due dates students can monitor their own academic progress.
- **OASIS full time students must work a minimum of 20 hours per week and be making continual progress on their assigned courses.**
- The introduction to this website can be viewed once you login to www.apexvs.com

To be successful OASIS students should

1. Be self-motivated and self-disciplined.
2. Have access to a computer with internet access, web browser and an email account.
3. Realize online classes are a convenient alternative to traditional classes not an easy alternative.
4. Understand online courses by their nature involve a large amount of reading and independent analysis.
5. Be willing to ask teachers for help when they don't understand the lesson they have read.

OASIS Commitments

OASIS Academic and Social Commitment

In order to ensure maximum learning for each student and to meet their unique needs, we require the following:

-Every full-time student is required to complete 20 hours of school work per week (approximately 1 hour per day per class). This work includes on-line and written assignments.

-If required time or lack of progress in APEX occurs truancy will be filled.

-Weekly progress reports, generated by APEX, are sent to all parents/guardians.

-Students need to be working in the APEX curriculum. Searching other sites should be for educational purposes only.

-Students' written work should be their own. Students who plagiarize work are given one opportunity to redo the work in their own words. Any plagiarism after that will result in a zero for the assignment.

-OASIS is prideful of the fact that teachers and students respect one another and foster an environment that is positive and safe. Student uniqueness is celebrated, not judged.

Additional Courses:

Art: If your student is interested in being creative, being inspired, and inspiring others, Art is being offered this year on alternating Wednesdays. Virtual projects will be available for your student while they are at home. High school students who participate in this experience every other week will earn .5 credit toward their High School Fine Art requirement (1.0 credit).
