Dear Dana families,

This week marks the last week of October as well as the last week of quarter 1 (Q1). Progress reports for Q1 are generated for every student and provide valuable information for families regarding their child's progress. They also mark the midpoint of the semester and help students and families determine positive habits to continue and possible changes to make to ensure the semester grades are more favorable. We encourage our dolphins to keep working hard and putting in their maximum effort! Please see below for important reminders and information.

I wish everyone a wonderful last week of quarter 1.

Best,
Kiana Clark
