RE: Child Find, Serving Children with Different Learning Needs

Dear Director,

The Barbers Hill Independent School District Special Services Department is responsible for identifying, locating and evaluating all children with disabilities who are in need of special education and related services that reside within the boundaries of our school district.

Many times you have contact with families in our area who may be in need of information or services. In our effort to make the information regarding our services available, would you please post this letter containing our Special Services location and phone number.

Thank you for your support.

Sincerely,

Sue Graham
