## INTERNSHIP PROGRAM: EMPLOYER OVERVIEW

### THE NUEVA INTERNSHIP PROGRAM

We match rising 10<sup>th</sup>–12<sup>th</sup> graders with participating organizations in both paid and unpaid internships that span from one to eight weeks. Students research your organization and write a cover letter introducing themselves and how they will help meet your needs. We partner with you to select students to best fit each opportunity, prepare interns to succeed in your organization, and will stay in touch with you throughout the process.

### OUR STUDENTS

Nueva students are curious, passionate, energetic, caring, and collaborative. Their career interests span a diverse range, including technology, biotech, finance, community/nonprofit, publishing, education, and fine arts. As gifted learners, Nueva students are insightful, critical thinkers who are excited by new challenges and have had opportunities to dive deeply into complex projects.

### ABOUT US

## INTERNSHIP PROGRAM: EMPLOYER OVERVIEW

“I was super impressed by the quality of my Nueva summer interns. I gave them a pretty complicated, technical project to work on over the summer, and they came in and voluntarily took it to the next level, delivering work I would have expected from grad school level interns...I’ve ended up using their technical work product on a daily basis with our customers. Can’t wait for next summer!”

—**TY JAGERSON**  
VP COMMERCIALIZATION, MALTA INC.

“Nueva interns are some of the most hard-working, willing, and capable individuals I have worked with. When provided with positive management style and creativity freedom, they produce great work efficiently and independently. Our company has partnered with Nueva’s internship program for two years now and we are excited to continue this partnership for many years to come!”

—**CHRISTINE YANG**  
MID-PENINSULA BOYS & GIRLS CLUB

“The Nueva interns have raised the bar significantly in terms of what employers should expect out of their high school interns. The Nueva interns are not ‘nice-to-have’ but ‘must-have.’ They’ve provided critical support and are instrumental in moving our project forward.”

—**WEI CHEN**  
FOUNDER, THE ATTICUS PROJECT

“For the second year in a row, our interns from Nueva have greatly exceeded our expectations. They have accomplished far more than we thought possible from high school students, providing meaningful contributions to our team, and also contributed to the team culture with their positive attitudes and excitement!”

—**LACEY KITCH**  
PARKER INSTITUTE FOR CANCER IMMUNOTHERAPY

“Our Nueva interns were delightful, and made a significant impact to our business. We worked with them across product, marketing, and partnership functions and benefited a lot from their contributions, from thinking about the world from a Gen Z perspective to making immediate modifications in our app.”
