Welcome Discussion of Article	Triangle - What are 3 Main Points, Square - What squares with your thinking, Circle - What questions are circling in your hear?		<p>The core instruction is really important. We have to really take a look at core instruction before we look at individual intervention.</p> <p>We have to make sure core is succeeding at 80% a the core.</p> <p>The core is extremely overwhelmed this year because they don't know where to start. It is hard to know what the kid absorbed through distance learning.</p> <p>At the elementary level, they are unable to independently work and parents are unable to help fro a variety of reasons. It has caused student to be behind.</p> <p>Reviewed vision and priorities</p>
