## Winter Extra-Curricular Program Course Descriptions

### Academics & Educational Activities

#### **Open Makerspace Club**

##### **Grades 3-5/ Grades 6-12**

The purpose of this ECP activity is to enable students to have time to use the materials, tools and equipment in the Makerspace for their own projects. These may be an extension of their school work or based on their own interests. The Makerspace will be supervised and training and support will be given so participants can work in a safe, practical and creative environment. \*\*This course runs in ECP Fall, Winter and Spring sessions.

**\*\*students who did not register in the past terms can have priority for the Fall term registration.**

**Day/Time:** 15:30-16:30 Wednesdays for Grades 3-5, Thursdays for Grades 6-12

**Location:** Rm 426 (Makerspace room)

**Instructor:** Mr. Anthony Mar, Mr.

Jonathan Pratt

**Prerequisite/Requirements:** None

**Cost:** 90,000 KRW/ 9 sessions

#### **Science Club**

##### **Grades 4-6**

Grades 4-6 students can enjoy fun science experiments and learn the basic science behind each experiment to expand their knowledge on science. In the Science Club, students will work together in small groups to design and carry out a scientific investigation into their chosen topic of interest. Students will have to work together to identify an issue they wish to investigate. They will plan a scientific investigation to collect sufficient relevant data to answer their research question. Students will then have to work together to draw conclusions and present their findings.

\*\*This course runs in ECP Fall, Winter and Spring Sessions.

**Day/Time:** 15:30-16:30 Thursdays

**Location:** Room 511

**Instructor:** Mr. Chris Oh

**Prerequisite/Requirements:** None

**Cost:** 180,000 KRW/ 9 sessions  
(incl. the cost of course materials)

#### **Bakerspace-Cooking**

##### **Grades 1-5/ Grades 6-7**

Love to help out in the kitchen? Ready to graduate from Easy Bake ovens or plastic food to bigger, better and more nutritious things? We will explore many exciting recipes that young children can make and love to eat. We will get our hands dirty with everything from pizza and grilled cheese to cookies and fruit smoothies, all while learning about eating healthy and using wholesome ingredients to help us be more balanced. All of our recipes and ingredients are kid-friendly. Most importantly, we will learn to have fun and be safe in the kitchen! \*\*Students with known food allergies and/ or food restrictions need to inform the cooking teacher at registration. \*\*This course runs in ECP Fall, Winter and Spring sessions.

**Day/Time:** 15:30-16:30

Tuesdays/ Thursdays

**Location:** 2F Bakerspace

**Instructor:** Mr. Paulo Cohen-Myers

**Prerequisite/Requirements:** None

**Cost:** 330,000 KRW/11 sessions (incl. the cost of course materials)

## **LS Robotics**

### **Grades 1-5**

Students will design and make a working robot to meet a series of challenges (walk, talk, dance, jump, fly) in order to demonstrate their understanding of robotics and artificial intelligence. The robots created will be automatically entered into the Korean Robotics competition. The students will explain how their robots work in detail and answer questions about their robots and win prizes. Students are motivated to learn by creating their own robotic devices, while at the same time gain a deeper understanding of interdisciplinary fields of study. In addition, robotics appeals to a broad range of students and allows multiple points of access to science and technology for a variety of learners. Students will build their own robot that will be supplied and theirs to keep.

**\*\*Minimum requirement: 10**

**\*\*This course runs in ECP Fall, Winter and Spring sessions.**

**Day/Time:** 15:30-16:30 Tuesdays/
