

Litchfield Elementary School District

Free On-Site Learning Opportunities and Support Services Plan

At times when we are operating in the Distance Learning format, we offer free on-site learning opportunities and support services for students who need a place to go during the school day.

- Please be advised that free on-site learning opportunities and support services **are not** teacher-led classroom instruction. However, free on-site learning opportunities and support services will include in-person support services such as student supervision and strategic support for students in need during standard school hours, and may include paraprofessional support for students engaging in Distance Learning instruction.
- During Distance Learning, Litchfield Elementary School District offers free on-site learning opportunities and support services for students who are enrolled in the Free or Reduced Lunch program, have a disability, are English Language Learners (ELL), in the care of the Arizona Department of Child Safety, in foster care, a part of the McKinney Vento program or whose parent is a First Responder or Healthcare Professional.
- Please be advised that free on-site learning opportunities and support services may be suspended or terminated if the District or the Arizona Department of Health Services advises closing the premises for public health reasons or in the best interests of the staff and students.
- Visit the COVID section of our website to learn more about our free-onsite learning opportunities and support services. The details of these services may be modified based on additional guidance from ADE.
- Services will be available for kindergarten through eighth-grade students. The daily schedule will correspond with the school schedule of that campus. Locations will be determined according to staffing and demand.
- Please contact our Community Education Department at commed@lesd.k12.az.us or 623-535-6042 for more information.
