Dear Dolphin Families,

This week we explored the upcoming holiday called, "Dia de los muertos." We made a classroom pinata which represents the fun festivities that take place in many latin cultures. It took us all week to create one and the children did a great job with helping the teachers with the process. On Friday, we sang the birthday song to Brynn and each friend in school wished her a wonderful happy 3rd birthday. Finally, we celebrated halloween with books, music, dancing, and hitting our homemade pinata to get goodies from inside. Have a safe and happy weekend!

Love,
Your Dolphin Teachers
