RE: *Public Announcement*
PENNCREST Cyber Academy Positive Case of COVID-19

This afternoon a PENNCREST Cyber Academy teacher tested positive for COVID-19. The District has identified two (2) students as possible close contacts. The District has contacted both of the students and their families.

At this time and in these circumstances, a school closure is not necessary. Regional and national COVID-19 cases are on the rise. We encourage all families to closely monitor students for signs and symptoms of COVID-19. **Students that are sick, ill or unwell, must stay home from school.** Students who stay home should participate in the Limited Virtual Hybrid learning option and log into Google Classroom from home.

Our information was shared with the PA DoH who may contact affected individuals. Please contact the school principal, if you believe you or a child in your care was exposed and not notified. [Symptoms of Covid-19](#) may include fever or chills, cough, sore throat, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, or new loss of taste or smell. We strongly recommend that parents contact health care professionals if demonstrating any of the signs or symptoms outlined above.

*The district's response to future COVID-19 positive tests or active cases will differ based on information, potential spread, and direction from the PA DoH.
