

Woodinville High School

"One Falcon, One Family"

Virtual Open House

November 5, 2020, 7 p.m.

Dear Parents, Families, and Students,

Welcome to the 2020-21 Virtual Open House. Held once per year, Open House is a great opportunity to meet your students' teachers, learn more about the classes they teach, and hear about the many opportunities available within Woodinville High School's 5 A's: Academics, Activities, Athletics, the Arts, and Advanced Placement. Additionally, we believe students learn best when the adults in their lives are working together to support their learning. Engaging in Open House helps further develop communication and build those essential relationships. For a preview of our event, click on the link below to a brief preview video: for a brief video:

WHS Open House - Preview Information - <https://youtu.be/fKsRp67CpDQ>

Presentations will be accessible November 5th at 7 p.m. on the WHS Website. Our suggested viewing order is to watch the Administrative welcome, an introduction of our counselors, announcements of upcoming activities by our ASB Officers, and then classroom presentations from each of your student's teachers. This will give you a strong understanding of the adults supporting your student(s) along with Falcon activities scheduled for this school year.

Once you have your student's schedule available in Schoology, follow these steps to view each presentation:

- Go to the following website - go.nsd.org/whsopenhouse (Available under *Our School, Virtual Open House*)
- Find the teacher's Department
- Find the teacher's name
- Click on the link to their presentation
- All classroom presentations are approximately 5 minutes or less

We will leave this page up through November so that you can revisit it when you are able.

WHS Virtual Open House Schedule*
