## Take A Photo or Attach file

Add images to show people what they'll be getting. You can add multiple images. You can even search Google for images that you can include in your listing. In addition, you can use your smartphone camera to take a picture of the item and post it with your listing.

### Taking Pictures (Important)

To take a picture with your phone, click "Attach file" below, and then navigate to your camera (usually on the left). That allows you to take pictures of your item, and not clutter up your phone albums.

While this is an optional field, we recommend using photos when possible.
