Associates in Pediatric Therapy (APT) is excited to provide speech and occupational therapy services at your child's school. We want to help make sure that each child has the tools he/she needs to be successful as he/she grows and develops. As part of our therapy services, any child is eligible for a free speech/language and occupational therapy screening by APT, with a parent/guardian signature. Please indicate below which area(s) you have concerns and would like to be screened by our therapist. Please keep in mind that a screening gives only a short glimpse into a child's performance in a given area, and simply determines whether further, more in-depth testing is recommended.

After the screening is complete the therapist will send a note home explaining the results and recommendations. If an evaluation is recommended, you will receive a phone call from the same therapist explaining the results of the screening and why an evaluation is recommended. If you wish to proceed with the evaluation you may call our scheduling line at 502-633-1007, ext 216 for further details. APT accepts most insurance plans as well as Medicaid if services are recommended.

If you have any questions, please feel free to contact us at the telephone number above.

Sincerely,

Kristen Reynolds, M.S., SLP-CCC, CAS & Therapy Advisor
