LINE 1 on Page 3: 5111-CERTIFIED SALARIES:

The forecast is based on budget. There are still open positions and the forecast will be updated after the school year begins. The need for additional coverage is anticipated. We intend to expand our use of bench subs to better ensure adequate class coverage and supervision in the buildings. All substitute position have not yet been filled. The District has not yet reached the budgeted amount of turnover savings, \$81,769 UNF. The current projection is \$94,442 UNF previously \$204,060 UNF. The forecast includes \$48,053 FAV grant funds pending State approval and \$40,438 FAV for vacancy filled by an outside consultant.

LINE 2 on Page 3: 5112-CLASSIFIED SALARIES:

The forecast is based on budget. There are still open positions and the forecast will be updated after the school year begins. *The need for additional support staff is anticipated as we increase building hours and occupancy. The turnover factor is currently short of the budget projection by \$752 previously, \$16,185 UNF. There are still positions in transition and the turnover factor and classified budget is expected to be neutral.*

LINES 4 & 5 on Page 3: 5200 & 5210-MEDICARE & FICA:

LINE 6: 5220 on Page 3-WORKERS' COMPENSATION:

The workers' compensation premium is less than budgeted and the forecast assumes the payroll audit will be as budgeted. Member equity distribution was received for \$9,190

FAV and a contract stabilization rate approved by the Board in May saving \$15,313 FAV.
Total savings YTD \$22,546 FAV.

LINES 7 on Page 3: 5255-MEDICAL AND DENTAL INSURANCE:

The forecast assumes actual claims of current employees and retirees will be the same as the budget. The projected monthly budget is based on an average of five years of claims. *Medical claims are lower, presumably due to routine office visits and medical tests being postponed. We expect claims will rise later in the year as employees and families return to routine care visits or possibly an increase in COVID treatments. Currently the account is running at 89.9% of claims. The forecast projects the account will be neutral at this time.*

COVID-19 EXPENDITURES: *Currently expenditures related to preparing for reopening in the COVID-19 environment are estimated at \$782,561. The two largest purchases are in the area of PPE of approximately \$51,318, \$29,419 on cleaning supplies, \$164,108 for social distancing measures, and \$240,540 for classroom scanners. There is a potential of spending \$278,160 for additional personnel to provide coverage for absences, remote teaching, and additional supervision for appropriate COVID-19 protocols. Expenses are across all object codes and will be funded with the funds held as a 15% encumbrance, in the amount of \$968,619 in regular accounts. A budget transfer will be requested after grant funds are approved and exhausted. Currently the District was approved for \$55,040 in ESSER funds. These grant funds were utilized for summer programs and curriculum writing not included in the COVID-19 estimates. A second grant, Coronavirus Relief Funds (CRF) has a preliminary award to the District for \$240,120. The application is pending State approval. There are still more purchases to restock supplies anticipated.*

APPENDIX A

COST SAVINGS AND EFFICIENCIES FOR FISCAL YEAR 2019-2020

TOTAL ANNUAL SAVINGS TO-DATE OF: \$43,497

\$11,319 Cable Advisory Grant: One of the high school teachers, Jeremy Iverson, applied for and received a grant from Cable Advisory Grant. The grant is to be used to purchase production equipment for the film courses and production room. This reduces the amounts that would be funded through the general fund.

\$ 2,600 Adult Education Shared Agreement: The Director of Finance & Administration negotiated a lower rate for the mandated high school equivalency and English as a Second Language programs sponsored by Hamden Public Schools.

\$23,250 E-Rate Credits: The District's application for E-Rate credits is approved. The amount reflects discounted invoices for the CEN – state provided internet connection.

\$1,428 Invoice Review – Tracy Daigle, Facilities Coordinator, relentlessly pursued our service contract pricing for elevator service with Kone. Due to her diligence and knowledge of US Communities contract rates, she saved the District \$1,428 on recent service calls as they were billed at the incorrect rate.

\$3,500 Re-purposed Materials: There was a request for adding a second actor preparation area in the green room of the auditorium at Amity Regional High School. In-house personnel re-purposed counters, electrical strips, and brackets from other areas of the District and installed all items. The savings estimated by re-purposing over buying new is \$3,500.

\$1,400 Trash: Jim Saisa contacted our trash company and asked to reduce the number of trash pickups per week. We had to increase the number of recycling pickups at Orange due to the amount of lunches being made there. The net savings will be approximately \$1,400 to the District.

There is a detailed history of the District's efforts to save dollars and operate efficiently. This information is posted on the District's website:

APPENDIX B

MONTHLY FORECASTS: PURPOSE, METHODOLOGY, HISTORICAL

PURPOSE & METHODOLOGY:

A forecast is a prediction or estimate of future events and trends. **It is only as good as the data available and the assumptions used.** We use current information and past history.

There are many factors, which can significantly impact expenditures, both positively and negatively (e.g., staff turnover, vacancies and leaves-of absence; medical and dental insurance claims when self-insured; special education expenditures; major facility repairs; snow removal).

To illustrate, a special education student could move into the District in mid-year and the cost impact could be over \$100,000 and/or we could have a 'bad claims year' and wipe out the Self Insurance Reserve Fund and need other funds to cover claims of current employees and retirees. If we do not have available funds to cover these and other potential shortfalls, the necessity to seek additional funding from the public would be our only option (as only the towns have a fund balance from prior years available to use in the case of an emergency).

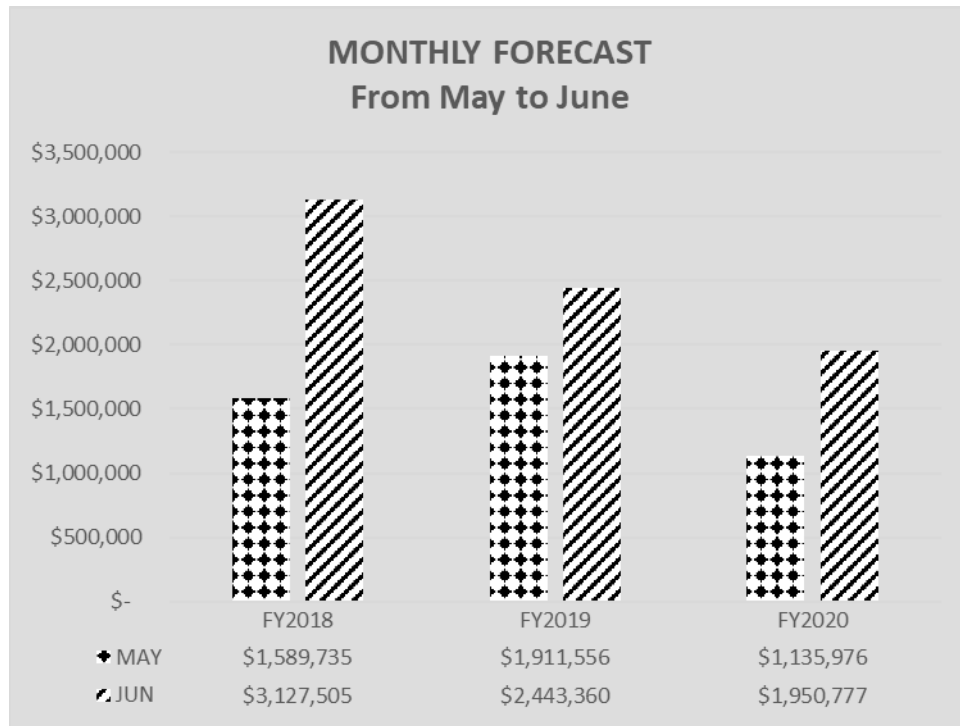

Revenues can be most impacted by decisions made at the State level for Special Education and Transportation grants. We have seen the reimbursement rate change in mid-year.

Prudent financial management is necessary. We need to be sure the total expenditures budget is never overspent (and may need to be underspent if revenues are below budget because total expenditures cannot exceed total revenues). It is imperative we 'hold back' on spending any of the Contingency Account until it is absolutely necessary or we are close to yearend. The Superintendent of Schools and Director of Finance and Administration review and approve or deny all purchase orders. We are careful to make sure funds are only spent when necessary and not just because 'it is in the budget'. We are constantly faced with the 'what-ifs' of over expenditures in certain accounts. We need to be sure there are sufficient funds available. As a result, the fund balance has been larger towards the end of the fiscal year.

Furthermore, the monthly forecasts are based on the information available. We have had large, unexpected or highly unpredictable events at the end of the fiscal year (mostly of a positive nature), which have significantly change the forecast from May to June.

HISTORICAL:

The chart below depicts the yearend balance projected in May and June of each of the past three fiscal years.

The major contributors of the significant change from the May to June forecasts are detailed below.

FY2018:

The audited fund balance was \$3,127,505. The monthly forecast for May 2018 projected a fund balance of \$1,589,735, or **\$1,537,770 higher than the prior month’s forecast**. The major reasons for the significant increase in the yearend fund balance from one month to the next month were, as follows:

- **\$96,914:** Certified and classified salaries were lower than forecasted. It is not until the end of the fiscal year when we know the actual expenditures for coverages, substitutes, leaves of absences, overtime, and pay docks. We use conservative estimates in the forecasts based on past history.
- **\$21,583:** Special education transportation and tuition expenditures were lower than forecasted. The May forecast included the possible changes to outplacements and hospitalizations that did not occur.

- **\$741,387:** Medical & dental claims were lower than expected. Since we are self-insured, actual claims are not known until the end of the fiscal year. Based on actual claims, we returned these funds to the member towns.
- **\$129,529:** Lower legal expenses, speech therapy and occupational therapy professional services than anticipated.
- **\$25,989:** As part of the yearend processing, unspent encumbrances are eliminated.
- **\$10,299:** Final grant payments for Special Education and Transportation are not known until the end of the fiscal year.

FY2019:

The audited fund balance is \$2,033,027. The monthly forecast for May 2019 projected a fund balance of \$1,502,297 which included \$409,259 designated for security projects. The change is **\$531,804 higher than the prior month's forecast**. The major reasons for the significant increase in the yearend fund balance from one month to the next month were, as follows:

- **\$57,653:** Certified and classified salaries were lower than forecasted. It is not until the end of the fiscal year when we know the actual expenditures for coverages, substitutes, leaves of absences, overtime, and pay docks. Many unpaid leaves occur at the end of the school year. We use conservative estimates in the forecasts based on past history.
- **\$137,507:** Medical & dental claims were lower than expected. Since we are self-insured, actual claims are not known until the end of the fiscal year.
- **\$150,147** Purchased services were lower than forecasted. There were fewer interns than budgeted. Less than anticipated need for psychiatric consults and other consultants at PPTs. Less need for printed materials, postage, changes in special education transportation and athletic rentals were less than anticipated.
- **\$82,370:** Fuel costs for busses were less than anticipated. Repairs and maintenance costs for accounts other than facilities were down. Instructional supplies were less than anticipated.

FY2020:

The unaudited fund balance is \$1,950,777 after \$515,077 in EOY purchases and assuming 1% or \$492,485 appropriated to Capital and Nonrecurring Account. The monthly forecast for May 2020 projected a fund balance of \$1,135,976. The change is **\$815,982 higher than the prior month's forecast**. The major reasons for the significant increase in the yearend fund balance was the unsettled environment of the COVID-19 global pandemic. As of the May 2020 meeting, the Governor had not announced if schools would reopen prior to the end of the school year. School was eventually cancelled for the remainder of the year and almost all accounts were impacted. The changes from one month to the next month were, as follows:

- **\$121,462:** Certified and classified salaries were lower due to the school closures. Spring coaches salaries were reduced, substitutes and coverages were not needed, staff development hours, homebound instruction, chaperone duties, and overtime were all near zero.
- **\$296,642:** Medical & dental claims were lower due to the COVID-19 global pandemic. Routine office visits and medical tests were postponed all spring across the region. Since we are self-insured, actual claims are not known until the end of the fiscal year. Unemployment claims, though high were lower than May's estimate. The District has not experienced claims of this magnitude and estimating the actual costs were difficult. Many claims were in dispute. The change was \$26,000 FAV.
- **\$155,607** Purchased services were lower due to the COVID-19 global pandemic. There were no athletic contests, which reduced the annual number of game day staff and officials paid. Less need for printed materials, postage, end of year celebrations, graduation and stepping up costs, and athletic rentals were less due to the social distancing requirements.
- **\$76,091:** Transportation and fuel costs for busses were lower due to the COVID-19 global pandemic. Contracts were renegotiated in May but with school cancellation final for the year, additional savings resulted. There were no late runs, athletic trips, or field trips at the end of the year.
- **\$70,483:** Instructional supplies were lower due to the COVID-19 global pandemic. Consumable materials could not be utilized in the remote learning environment so there was a significant decrease in food for culinary, lumber and other raw materials for technology education and science lab materials.
- **\$54,739:** Communication costs were lower due to the COVID-19 global pandemic. Less postage, copy paper, and catering needs due to the remote learning environment.
- **\$35,521:** Rentals for fields, tables, chairs, tents, etc. were lower due to the COVID-19 global pandemic. End of year athletic contests were cancelled and ceremonies were done in a socially distance manner which eliminated the need for many items used for large crowd gatherings.
- **\$14,945:** Electricity usage was lower due to the COVID-19 global pandemic. Buildings had a few occupants during the March through June timeframe.

APPENDIX C

RECAP OF 2017-2018

Return Unspent Fund Balance:

The cancellation of 2016-2017 encumbrances of \$86,227 will be returned to the Member Towns. We encumber funds for goods and services received by June 30th but not yet billed. In some cases, the estimated amount encumbered varies from the actual invoice (e.g., utility bill; water bill, pending special education settlements) and we do not need to spend the entire encumbrance. Once the audit is final for 2017-2018, the funds will be returned.

<i>Bethany</i>	<i>\$17,581</i>
<i>Orange</i>	<i>\$42,027</i>
<i>Woodbridge</i>	<i><u>\$26,619</u></i>
<i>Total</i>	<i>\$86,227</i>

The audited fund balance for 2017-2018 is \$3,127,505. These source of the available funds are described below.

FINANCIAL MANAGEMENT:

\$ 78,987

Our efforts to foster a District culture of finding cost savings and efficiencies has been successful producing savings of \$38,753. Grant money was applied for and awarded to offset the cost of the CEN for savings of \$27,440. This District applied for a grant for displaced students to due hurricanes but received the grant award notice and funds after the fiscal year ended. Restraints of the grant did not allow us to spend it after the fiscal year so it became part of the fund balance.

SPECIAL EDUCATION (NET)

\$ 996,157

These accounts are extremely difficult to forecast. As examples, special need students can be hospitalized; move into the district or leave the district at any time; withdraw from Amity and enroll in Adult Education. Several students who were budgeted to be outplaced were not for a number of reasons. Some transportation needs were coordinated with the elementary districts to reduce the number of singletons on busses for outplacements. Any one of these events can have a significant impact, positive or negative, on the District's special education expenditures. The Director of Pupil Services has been successful in establishing suitable programs for students within the District and a number of students have returned from outplacement.

OTHER:

\$ 2,052,361

\$342,994 SALARIES (OTHER): "Turnover savings" from replacing teachers and other staff who retired or resigned is over budget and savings from unpaid leaves-of-absence. Athletic salaries were down from unfilled coaching positions at the middle school including cheerleading and several assistant coaching positions. Teacher coverages,

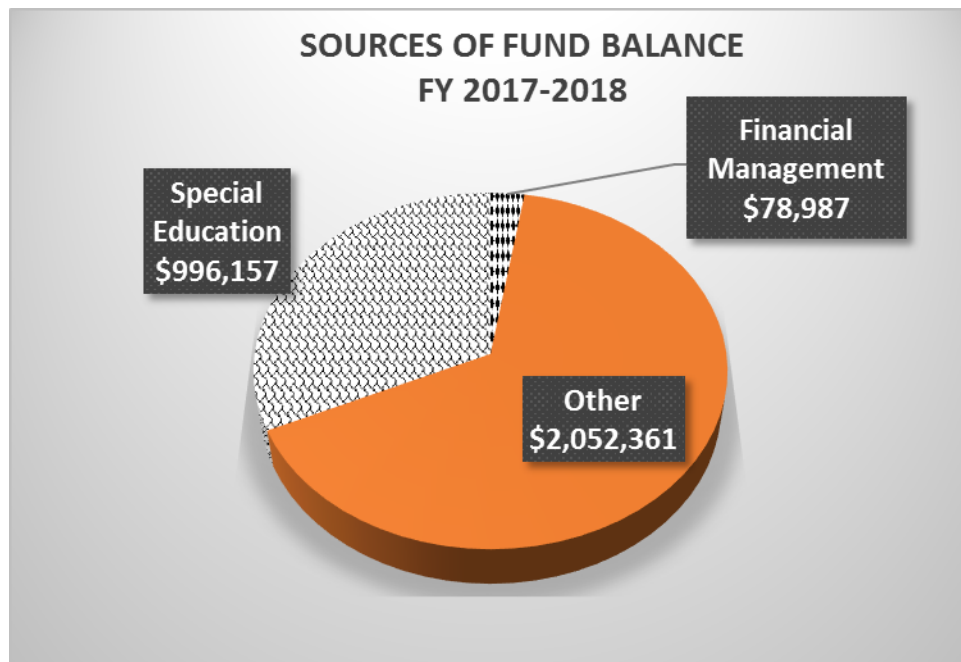

summer work costs, substitute costs, degree changes and homebound services were less than anticipated.

\$1,395,839 MEDICAL (OTHER): The net balance of the medical account was under budget. Claims and fees were much lower than budgeted, only costing 72% of expected claims. The savings was offset by other components of the account including employer contributions to HSA accounts, retiree payments, and employee co-share contributions.

\$29,913 FACILITIES (OTHER): The Director of Facilities manages projects and supplies in a very conservative manner. Many projects were completed in-house including tuck-point repair of the field house, concrete sidewalk patches and step repair, and electrical repairs.

\$29,177 STAFF TRAVEL, CONFERENCES AND DUES & FEES: Schedule conflicts precluding some staff from attending conferences, other staff were presenters at conferences and registration fees were waived, and a few less requests from students for contest entries. The appropriate funding level for these accounts will be reviewed in the upcoming budget cycle.

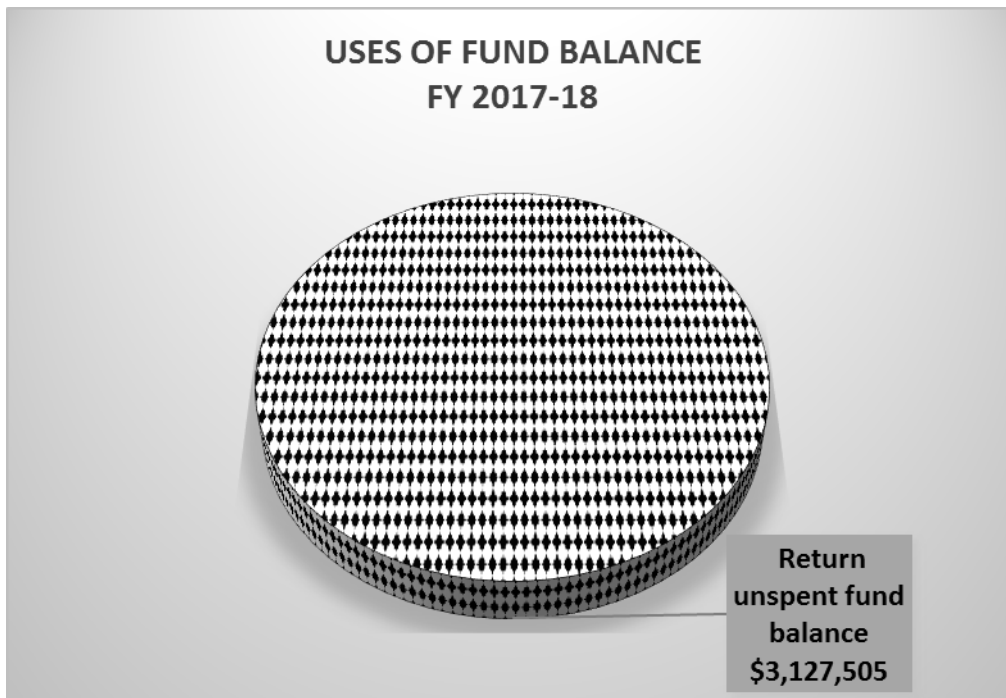

The primary sources of the fund balance are shown graphically below:

The use of the fund balance as voted on in the September 2108 AFC and BOE meetings is as follows:

1. **\$3,127,505** - Return of unspent fund balance per audit.

The uses of the fund balance are shown graphically below:

Return Unspent Fund Balance:

The audited unspent fund balance will be returned to the Member Towns, as follows:

<i>Town of Bethany</i>	<i>\$ 615,493</i>
<i>Town of Orange</i>	<i>\$1,556,778</i>
<i>Town of Woodbridge</i>	<i>\$ <u>955,234</u></i>
<i>Total</i>	<i>\$3,127,505</i>

APPENDIX D

RECAP OF 2018-2019

Return Unspent Fund Balance:

The cancellation of 2017-2018 encumbrances of \$166,245 will be returned to the Member Towns. We encumber funds for goods and services received by June 30th but not yet billed. In some cases, the estimated amount encumbered varies from the actual invoice (e.g., utility bill; water bill, pending special education settlements) and we do not need to spend the entire encumbrance. <i>Orange</i>	<i>\$82,752</i>
<i>Woodbridge</i>	<i><u>\$50,776</u></i>
<i>Total</i>	<i><u>\$166,245</u></i>

The *audited* fund balance for 2018-2019 is \$2,034,101 plus \$409,259 designated at year-end for security projects. These source of the available funds are described below.

FINANCIAL MANAGEMENT:

\$ 204,608

Our efforts to foster a District culture of finding cost savings and efficiencies has been successful producing savings of \$52,451. Grant money was applied for and awarded to offset the cost of the CEN for savings of \$27,440. \$5,000 less postage used due to digital communications. The District refinanced bonds and saved \$27,738 in interest payments. The District chose leasing 1:1 mobile devices as a more cost effective and technological practice, \$108, 493. The device can be kept current for curriculum needs and the District is not responsible for disposals. Computers from the current computer labs at the middle schools provided a source of replacement computers and repair parts avoiding new purchases.

SPECIAL EDUCATION (NET)

\$ 539,798

These accounts are extremely difficult to forecast. As examples, special need students can be hospitalized; move into the district or leave the district at any time; withdraw from Amity and enroll in Adult Education. Some transportation needs were coordinated with the elementary districts to reduce the number of singletons on busses for outplacements. \$346,235 SALARIES (OTHER): "Turnover savings" from replacing teachers and other staff who retired or resigned is over budget and savings from unpaid leaves-of-absence. Athletic salaries were down from unfilled coaching positions at the middle school

including cheerleading and several assistant coaching positions. Teacher coverages, summer work costs, substitute costs, degree changes and homebound services were less than anticipated.

\$387,507 MEDICAL (OTHER): The net balance of the medical account was under budget. Claims and fees were slightly lower than budgeted, \$328,426, costing 92.2% of expected claims. There were some other savings with other components of the account including employer contributions to HSA accounts, retiree payments, and employee co-share contributions.

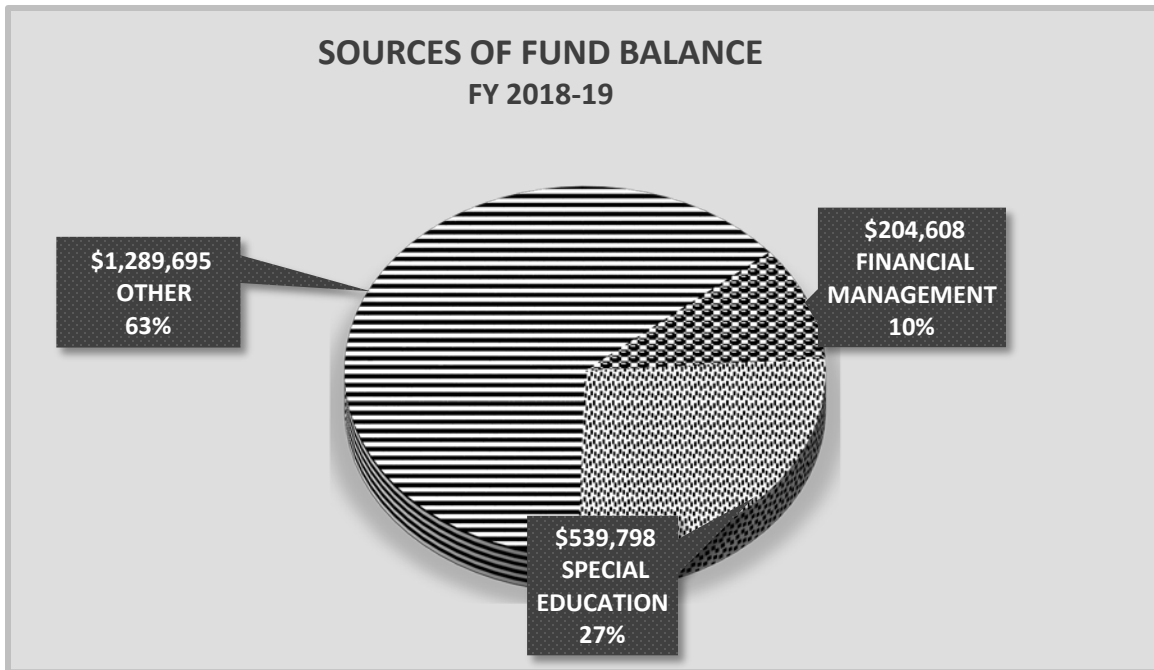

\$378,012 REVENUE: The Special Education Grant was higher than budgeted by \$224,297 based on actual special education costs and a higher reimbursement rate. The interest earned on the District's accounts was \$100,966 more than budgeted as interest rates were higher than budgeted. These accounts were adjusted during for the current budget cycle, 2019-2020.

\$79,974 SUPPLIES: Instructional supplies and transportation fuel were underbudget. The transportation fuel bid price was lower than budgeted and less fuel was used with some routes being reassigned. Mid-year staff changes may have impacted the spending in some instructional supply accounts. These areas were reviewed during the 2019-2020 budget and will be reviewed again during the upcoming budget process.

\$39,009 RENTALS: Athletic rentals were down \$19,552 due to lower ice rentals contract negotiated with new venue and the Town of Orange pool was being upgraded and was not available for part of the year. Another facility was used at lower cost. Special education rental of lease space was lower than anticipated and partially covered by a grant, \$17,400.

\$39,934 STAFF TRAVEL, CONFERENCES AND DUES & FEES: Schedule conflicts precluding some staff from attending conferences, grants funded some conferences, new staff attended fewer conferences and a few less requests from students for contest entries. The appropriate funding level for these accounts will be reviewed in the upcoming budget cycle.

APPENDIX E

RECAP OF 2019-2020

Return Unspent Fund Balance:

The cancellation of 2018-2019 encumbrances of \$35,457 will be returned to the Member Towns. We encumber funds for goods and services received by June 30th but not yet billed. In some cases, the estimated amount encumbered varies from the actual invoice (e.g., utility bill; water bill) and we do not need to spend the entire encumbrance. Once the audit is final for 2019-2020, the funds will be returned.

<i>Bethany</i>	<i>\$ 6,839</i>
<i>Orange</i>	<i>\$ 17,792</i>
<i>Woodbridge</i>	<i><u>\$ 10,825</u></i>
<i>Total</i>	<i>\$ 35,457</i>

The *preliminary unaudited* fund balance for 2019-2020 is \$1,953,498, assuming the 1% or \$495,482 is transferred to the Capital Nonrecurring Account. The fund balance is net of \$515,077 of end-of-year expenditures that are posted in FY20. The source of the available funds are described below.

SUMMARY:

The monthly financial report for February 2020 as reported at the March AFC & BOE meetings forecasted a fund balance of \$799,396. Days later, on March 12, 2020, the District cancelled in-person instruction and learning. Most employees continued to work with the exception of substitute teachers. The hours of operation were still severely impacted as all after-school, weekend and evening activities were cancelled. This came at a time when schools would typically operate on extended schedules to accommodate sporting activities, overnight field trips, school plays, award ceremonies, stepping up and graduation ceremonies. Busses did not operate for 58 days in the District. Buildings remained open but with minimal staff as the majority of staff worked remotely, reducing utilities consumption. Contracts for professional services were re-negotiated or cancelled as were rentals of other fields, tables, and tents. Overtime and staff travel was non-existent and only a few conferences were held (via remote features).

FINANCIAL MANAGEMENT:

\$ 107,610

The turnover factor exceeded the budget by \$70,559. Administrators carefully consider salary placement for new hires. Some part-time vacancies were not filled during the shut-down. Liability, workers' compensation, and student accident insurance coverages were negotiated at a lower rate than anticipated, \$37,051.

SPECIAL EDUCATION:

\$ 580,502

These accounts are extremely difficult to forecast. As examples, special need students can be hospitalized; move into the district or leave the district at any time; withdraw from Amity and enroll in Adult Education. Several students who were budgeted to be outplaced were not for a number of reasons. Some transportation needs were coordinated with the elementary districts to reduce the number of singletons on busses for outplacements. Any one of these events can have a significant impact, positive or negative, on the District's

special education expenditures. The State reimbursement rate fluctuates throughout the year. Expenses were down \$580,502 prior to the shutdown.

SALARIES, MEDICAL, PURCHASED SERVICES (OTHER): \$2,273,224

\$627,603 SALARIES (OTHER): Teacher coverages, substitute costs, coaching stipends, overtime, homebound services, and chaperone stipends were some of the budgeted items affected by the remote instruction environment. Payroll taxes were down as result of the lower payroll costs. All after-school, evening and weekend activities were cancelled for typically the busiest time of the school year.

\$926,221 MEDICAL (OTHER): The net balance of the medical account was under budget. Claims and fees were lower than budgeted as hospitals and doctors suspended routine visits, diagnostic tests, and non-emergency procedures amid the pandemic. The insurance claims were running at 95.7% of budget through February 2020 and fell to 81.3% by the end of the year. Dental claims were near zero during the final quarter of the fiscal year.

\$228,156 TRANSPORTATION SERVICES: (OTHER): School busses did not transport students for daily runs, late runs, athletic events or extra-curricular activities from mid-March through the end of the school year. The daily contract was re-negotiated with transportation contractors while other services were cancelled entirely. Fuel cost were reduced as a result of the shutdown.

\$82,664 PURCHASED SERVICES (OTHER): Purchased services costs were lower due to several factors. Cancellation of spring sports resulted in fewer athletic contests and fewer officials, monitors, and scorekeepers, \$32,000 FAV; \$26,000 FAV was saved for contracted services changes with a less expensive provider and training of in-house staff, \$14,000 FAV was not spent on end of year programs and events; \$8,955 FAV was left from the NEASC budget.

\$93,339 UTILITIES (OTHER): A mild winter combined with fuel cell operating properly to supply heat generated savings of \$17,731 FAV. Electricity usage was down due to the reduced occupancy in buildings, \$70,089 FAV.

\$57,290 STAFF TRAVEL AND CONFERENCES: Staff travel was halted in mid-March with many in-person conferences cancelled. Mileage payments for staff traveling between buildings and travel and accommodations for out of District travel were not needed during the final quarter of the school year.

\$70,483 INSTRUCTIONAL SUPPLIES (OTHER): Purchases and consumption of instructional materials was reduced during the remote instruction period. It was not feasible to use many art supplies, photography film, live specimens, lumber, and culinary supplies in a remote environment.

\$38,170 COMMUNICATIONS: TEL, POST, ETC. (OTHER): Less copy paper, postage, toner and other Xerox supplies were needed during the remote instruction period. The District also received a grant for internet services.

The primary sources of the fund balance are shown graphically below:

The Board of Education approved* uses of the fund balance are, as follows:

1. **\$1,950,777** - Return of unspent fund balance per audit.
2. **\$ 495,482** – Request for Capital Reserve (*pending)
3. **\$ 515,077** - End of Year Purchases

\$1,950,777 RETURN OF UNSPENT FUND BALANCE *pending audit*: the annual audit is usually presented to the Amity Finance Committee and Board of Education for acceptance in December or January. Funds are returned to member towns after completion and acceptance of the audit.

\$495,482 (1%) CAPITAL AND NONRECURRING ACCOUNT: The Amity Finance Committee and Board of Education approved moving forward in the process to transfer 1% of the FY20 budget surplus into the Capital and Nonrecurring account. This process is not finalized yet.

\$515,077 END OF YEAR PURCHASES (EOY):

\$229,311 SELF-INSURANCE FUNDING. (EOY): The suspension of routine exams, diagnostic tests, dental appointments, and non-emergency surgeries reduced the medical claims for the final quarter of FY20. It is anticipated that once the State reopens the missed procedures will be scheduled, as well as those of age and need for the current year, and in a worse case scenario claims could rise due to COVID-19 treatments as the District reopens. This amount represents raising the self-insurance reserve from a 25% threshold of claims to 30% on a temporary basis of one year. If funds are not needed, the reserve

will be reduced to 25% and the funds will be utilized to offset the budget request for fiscal year 2021-22.

\$185,766 COVID-19 (EOY): Purchases of personal protective equipment such as masks, gowns, gloves, and face shields were made to prepare for reopening, recognizing none of these items were anticipated in developing the FY21 budget. Thermal security cameras were purchased to register temperatures and perform a mask check of staff and students arriving at main entrances of all three schools. Laptops for high school teachers were purchased to prepare for remote instruction upon reopening.

\$100,000 CAFETERIA (EOY): The District’s fund to support school lunch program has been running a deficit for three straight years. The ongoing repair and maintenance of aging equipment contributed to the deficit and the State’s change in eligibility status determination increased free and reduced lunch status. Next year appears to be even more challenging in the COVID-19 environment as we will have to change how service is provided, food is served, and food packaging. These necessary changes will increase costs with no anticipated increase in revenue.
