### Refunds:

Refunds will only be issued upon written request and proof that the building permit for the project has expired without the commencement of any construction. A \$75 administration fee will be charged for all refunds.

### Assessable Square Footage:

Section 65995 (b)(1) and (b)(2) of the California Gov't. Code states that the amount of the square footage within the perimeter of a residential, commercial or industrial structure shall be calculated by the building department of the **city or county** issuing the building permit, in accordance with the standard practice of that city or county in calculating structural perimeters.

### Demolition Offsets:

Offsets/credits can be provided for single-family residential demolition (part or full) and construction. Only single building residential projects qualify for offsets. All demolition must be part of the current project by the current owner. Commercial/Industrial demolition or construction do not qualify for demolition offsets.
