Overall, how well is remote learning working for your family?

Survey data:

- Extremely well: 12
- Very well: 11
- Moderately well: 16
- Slightly well: 6
- Not well at all: 8
I would prefer that my student returns to school and face-to-face instruction regardless of what COVID-19 numbers are trending.
Even if the district moves to a hybrid model or full-time in-person classes sometime this year, I prefer to continue with remote instruction for my student through June.
Community Report from Ms. Karina
Land Trust Plan
We get $68,200 from Utah Public Lands

- We will increase our RISE end of level math, language arts science scores in 6th grade by 4% compared to their cohort scores in the 2018-19 school year.

- We will accomplish this goal by implementing a platooning model of teaching in 6th grade where each of the three teachers will teach a specific subject to all 6th grade students.
