

# SLC NEWS!

## SUCCESS LEARNING CENTER

### College and Career Series

During the month of October, SLC had visits from Santa Monica College and El Camino College. Our students learned about the admission process and the programs offered by each college. Students asked questions about the dual enrollment process and learned about scholarship opportunities available to them. Both colleges will return in the early Spring to assist students with the college admissions and financial aid application processes.

### New Activities Director at SLC

Congratulations to Rose, who has been selected as our SLC Activities Director. She planned a Fun Friday fall themed event with "Trick-or-Drawing" contest that required students to guess what was being drawn. She also hosted a "Mummy Wrapping" contest that involved students in using toilet paper to wrap themselves. Rose looks forward to planning more fun virtual events including Jeopardy and a Talent Show.

### UPCOMING EVENTS

**WISEBURN STARTS  
IN-PERSON  
ASSESSMENTS THIS  
WEEK**

**SLC's Garden is Looking  
Amazing This Year!!**

## OT AT SLC HELPS STUDENTS REGULATE

SLC's OT teaches self-regulation to our students. Self-regulation is the ability to adjust level of alertness and direct how emotions are revealed behaviorally in socially adaptive ways in order to achieve goals.

Encompasses:

Self-control

Resiliency

Self-management

Anger-management

Impulse control

Sensory regulation

## High School Has Some Fun on Fridays!

High School at SLC meets and checks in daily on Zoom, Apex, Google Classroom, Docs, Sheets, Presentations and so much more. Ms. Tibbits, Mr. Llanes, and the whole class gather together for the weekly roundup on Fridays to share how their week went, how they are feeling about everything, and plans they have coming up. They choose x and y coordinates to share how they are feeling on the faces grid, which draws the students in and feels like a classroom. They play games like find the differences between pictures, hangman on Zoom's whiteboard, Skribbl.io (draw and guess game), and Once Upon a Time where students take turns telling a part of a story they make up. Students and adults enjoy gathering together and ending the week on a high note.
