Lacy Skipps (Chair):

Welcomed the SCC and began the discussion on school issues to include school safety and bullying. Comments were made that we should look at having an assembly or a speaker to address these issues. People wanted to continue these discussions. It was decided that we will make time during the next SCC Meeting to do a deeper dive into School Safety and Bullying.

Linda Lujan:

Discussed the issue of having a emotional support animal at Northwest. The district does not have a policy on emotional support animal and a petition was started to bring attention to this issue.

Paul:

University of Utah doing a research project on SCC. They gave an overview of the program and how they would need signed permission from each person in order to take notes and use these notes as part of their research project.

Mo:

Talked about the SLCSB Board of Education Survey for "Late Start" for High Schools. Survey will be going out within the next several weeks to 800 community members and stakeholders. It is important that people respond to these surveys because it could impact students for years to come.

Northwest Middle School Emergency Plan will be presented during the December SCC meeting.

SEL Goals still have not been approved by the Faculty.
