Attendance: Erin Anderson, Jessica Furman, 3 parents

Agenda/Minutes:

1. **School Report Card**-we reached the typical range for proficiency, but growth was not what we'd hoped for. The lowest 25% of kids did ok, but in science, we struggled. ELL's had great growth! 11% and passing RISE. A link with all the data will be in next week's newsletter.
2. **Late Start Hearing Sessions**- all bus routes will be affected. More information as the Board continues to gather information.
3. **Funding for technology**-$11,000 received to refresh machines. For every new machine that comes in, one has to go out. We are trying to find more money.
4. **Conversations going on at SIC- PE vs Dance, Art by para or teacher, third rotation-computer lab?, how is the reading interventionist going, what are we thinking for Land trust funds?**- Sherri Gummow's science position funded by land trust and her ELD support is ½ time FTE. BTS grant was explained. Discussion among staff and committee about which rotations we should have next year.
5. **Review Digital Safety up to this point in the year**- Jessica reported that she is teaching about the "rings of responsibility" (self, community, and the world) and how we are interconnected online.
6. **Data from Acadience** 😊- 60% must meet pathway growth – the reading interventionist position is working out well to help us achieve this goal.

7. **Parent Survey- retry**
8. **Additional needs?**- declinging enrollment discussed. Staff has asked Erin to ask the board to broaden boundaries so that we can take children north of California in order to increase our enrollment and reduce Mountain View's enrollment.
9. **Meeting Adjourned @ 2:30pm**
