

SCC Minutes: 3/13/19

8:10-9:00 am in the Parkview Library

In Attendance: Jessica Furman, Valeria Garcia, Erin Anderson, Kaleb Yates, Maria Chacon, Estela Sanchez

Land Trust Fund:

We receive state money from a trust fund that generates money from taxes on private land. The interest from this fund is distributed to schools based on enrollment numbers. We are budgeting for an expected \$38K in 2019-2020. Parents on SCC committee get to decide what to do with this money. The SCC approved that this money should go towards 4th and 5th grade science/language arts curriculum support due to such good results from last year with the same goal.

Principal Anderson reviewed the four 3- year vision goals with the committee:

- Collaboration
- Responding effectively to individual needs
- High expectations
- Providing a safe, healthy environment

Principal Anderson brought the SCC's attention to the Inland Port survey available on the district website and provided some education about the Port and its boundaries.
