I. Connection-What is your favorite sports team or actor?

II. Child Access Routing Plan (Safe Walking Route/SNAP)-Reviewed plan for last year and council did not make any recommendations for this to change.

III. Update on 90 Day Plan with Data-Reviewed recent data collection on students' writing which included the three part objective and evidence of internalization: What are you learning? Why are you learning this? How will you know when you've learned it? Compare your writing with the exemplar or checklist. Students will be discussing this at Parent Teacher Conferences in January. 49% of our students are demonstrating that they have internalized their writing and our goal is to have 80% of students demonstrate that they have internalized their writing.

IV. Overnight/Extended Trips, Boundary Considerations, Fee Schedule-none of these apply to our school.

V. Dress Code-Almost all parents in attendance like having a school uniform for students.

VI. Questions, concerns, etc.

One parent asked how home visits are going. They are going well. We have completed more home visits at this time than we did all of last year.
