

School Community Council- Minutes

October 2, 2019

- **Committee Membership-** John Wilson, Tia Hain, Maria Carrillo, Josette Montes, JaNeal Rodriguez, and a teacher
- **Review Land Trust Budget and Goals-** all of our funds are spent on a classroom teacher. We talked about adding options to next year's plan where we can add teacher professional development
- **SMART Goals-** our goals are aligned to the district goals
- **Operating Procedures**
 - Agenda- posted on our website based on the district suggested topics
 - Minutes- typed and posted by administration
 - Schedule- keeps the same schedule as last year, last Wednesday of each month at 4:00 pm
- **Fundraisers-** school fundraiser will continue to be the World's Finest Chocolate. It was suggested to see if SCC can host one as well. More information to come on this topic.
- **Last year's data-** we looked at our proficiency and growth
- **Safety Committee-** SCC will act as the school's safety committee. The proposed Utah State Board of Education statute was the district's safety committee. However, ideas to support the roundabout drop off were:
 - 1 page flyer to hand out to families as they come through the roundabout

- Post a map during SEPs next week and directions on how to correctly use it
- Paint the curbing red
- Have our school resource office to come by for a few mornings to enforce the rules or have families volunteer to supervise the drop off time
- **Other**
 - Claudio Torres is our new family and school collaboration liaison and works in the building every Friday. He will be helping us connect to families.
 - Mr. Wilson suggested having each teacher suggest 1 parent or set of parents he could personal invite to the SCC meetings.
 - Dental clinic is up and running! Students who returned their permission slips were screened on 10/1 and 10/2. We had the highest number of student forms returned than any other school!
 - Technology- we recently purchased 4 more laptop carts. This will allow every 1st through 6th grade teacher to have a cart of 20 laptops in their classrooms.
 - Mr. Wilson wondered where the old laptops go after they are replaced. He thought it would be wonderful if we could sell them to families for a reasonable price. More to come on this.
 - We have 3 student teachers this year. They are in 1st grade, 3rd grade, and 5th grade. They are students from the University of Utah.
- **Next Meeting-** Wednesday, October 30th at 4:00 pm
