

# PENNCREST

EMPOWERING LIFE-LONG LEARNERS

November 5, 2020

Dear PENNCREST Families:

I am extremely pleased to announce that we will be supplying free meals during virtual at-home instruction days, as well as weekends and holidays, for any student that wishes to participate. Our cafeteria staff continues to provide outstanding service to our community!

Elementary Student Meals: will be delivered to your child’s classroom at the end of the day and placed directly into the child’s back-pack. Please check your child’s back-pack afterschool and freeze or refrigerate all items until they are used. All items will be packed frozen or refrigerated to help maintain temperature control.

- K-3 students will receive a bag of meals on the last in-person instructional day of the week that contains food for any at-home instructional days, weekends and holidays that occur before their next in-person instructional day.
- 4-6<sup>th</sup> grade students will receive a bag at the end of each in-person instruction to cover all at-home instructional days, weekends and holidays.

High School Student Meals: will be offered at all exit locations on in-person instruction days for any student choosing to take a meal bag with them.

Full-Time Cyber Students, Home-School Students and Any Other Children Under the Age of 18: Can request a 5-day meal pick up at one of the High School locations via the following link. These meals must be picked up between 1-2 pm on Wednesdays.
