

RISK ASSESSMENT: Clifton High School

Risk: COVID-19 Reopening School 4th September, 2020

Date: 5th November 2020

Next Review Date: 6th December 2020 to include Senior School

REF: ISBA Check List, NEU/GMB/Unison/Unite commentary and checklist (primary).

Likelihood Severity (LS) matrix: See 'Notes and References page 27, Clifton High School Health and Safety Policy.

Introduction and General Guidance

This Risk Assessment should be read in conjunction with the following government documentation in the links below. It is understood that this is a very dynamic situation with new guidance released regularly. Every effort will be made to ensure that the School acts in accordance with government guidance, following the advice from the Department for Education and Public Health England. The links to find the information which has been used to create this Risk Assessment include (but are not limited to):

	day managed including temperature / health checks?				No regular temperature checks will take place as scientific advice makes it clear that it is misleading. Staff on entrance duty Hand wash on entry to site Sanitise on entry to building and classrooms Form tutors to reinforce all behaviours including social distancing and mask wearing.			Afternoon registration will now take place in period 5 to reduce the movement around the school.		
022	Is transit spaces (corridors), social zones (car parks, common rooms, playgrounds) configured to SD rules?	Virus spreads through School community	H	H	H/H	Signage has been increased Briefings in place as part of returning to school induction. Phase specific videos and booklets are in place. Separate entrance and exit points for different year group bubbles. Pupils instructed to keep left and to keep moving in all corridors. Separate playground areas allocated to each bubble. Restricted numbers in staff common rooms. Sneeze screen in every class room. Senior School pupils and Staff to wear masks at all times in corridors, buildings, when moving between lessons and to lunch. Staff room numbers restricted by numbers and social distancing rules. Outdoor classroom a staff space only PPE is available if they require it.	L	H	L/H	Staff and pupils constantly reminded of expected behaviour and control measures. Discipline and Conduct policy (Behaviour) policy has been amended.
023	Are learning and games spaces configured to SD rules?	Virus spreads through School community	H	H	H/H	Separate playground areas allocated to each bubble. The government guidance on year group "bubbles" will extend to year groups to protect pupils and staff while they are at School. Teaching will take place in fixed classrooms in so far as possible. Teachers will move and pupils will stay in rooms. Pupils will only move for practical subjects where specialist equipment is required. All teaching rooms obey DfE guidance – tables all facing forwards in lines. Teacher space at front given adequate room.	L	H	L/H	Staff and pupils constantly reminded of expected behaviour and control measures. Discipline and Conduct policy (Behaviour) policy has been amended.

Next Review Date: 6th December 2020 to include Senior School

REF: ISBA Check List, NEU/GMB/Unison/Unite commentary and checklist (primary).

Likelihood Severity (LS) matrix: See 'Notes and References page 27, Clifton High School Health and Safety Policy.

024	Are different age groups catered for in terms of timetabling, length of the school day and exposure to other age groups?	Clifton High bubbles are breached increasing risk of infection.	H	H	H/H	Yes. As far as is reasonably practicable. Government guidelines will be followed and existing year groups will see familiar and friendly staff to help explain how they can stay safe and deliver the teaching and learning relevant to their age. There is no reduction in teaching time. The end of the day in the Senior School will be increased by 5 minutes for some year groups on different days to allow for a more controlled exit from buildings.	L	H	L/H	This is under constant review
025	Is there a system in place to deal with bereavements, trauma, anxiety, behavioural issues?	Unnecessary anxiety at a time of exceptional stress.	H	H	H/H	Yes, existing processes and exceptional pastoral care are proven. Counsellor remains on call School nurse is qualified and expert in this area. School has a number of qualified Mental Health First Aiders.	L	H	L/L	This is under constant review
026	Have safeguarding, code of practice, and staff handbook policies been updated, regularly reviewed and shared?	Confusion, delay and potential aggravation of any given situation by not using proven Child Protection and Safeguarding channels within School and external agencies	H	H	H/H	Yes, existing processes are proven having been designed by specialist staff and controlled by good governance as defined by ISI.	L	H	L/H	This is under constant review
027	Is the DSL and ADSL easily contacted and their contact	Confusion, delay and potential aggravation of any given	H	H	H/H	Yes, existing processes staff and governance are proven. All staff have regular refresher training and contact details of the Child protection team including two governors are widely publicised throughout School. New KCSIE measures effective 01/09/20 are part of September CPD.	L	H	L/H	This is under constant review

RISK ASSESSMENT: Clifton High School

Risk: COVID-19 Reopening School 4th September, 2020

Date: 5th November 2020

Next Review Date: 6th December 2020 to include Senior School

REF: ISBA Check List, NEU/GMB/Unison/Unite commentary and checklist (primary).

Likelihood Severity (LS) matrix: See 'Notes and References page 27, Clifton High School Health and Safety Policy.

	information known to all?	situation by not using proven Child Protection and Safeguarding channels within School and external agencies				A meeting with the two governors with responsibility for Child protection and Safeguarding has taken place on 27/08/20				
028	Is there a COVID-19 specific policy that includes medical responses, SD, teaching, socialising, feeding, well-being etc?	Virus spreads through School community	H	H	H/H	These items comprehensively covered in re opening planning. All details can be found in pupil, parent and staff reopening guidance. Four additional lunch spaces have been created to help limit the possibilities of bubbles mixing with one another. Staff rooms have limited capacity and new refreshment areas have been created to allow staff to SD across the site from one another.	L	H	L/H	This is under constant review See separate RA for additional catering arrangements. This is in Appendix 1
029	Are class sizes reduced and kept together in their "bubble" (minimising contact with others) and properly supervised?	Virus spreads through School community.	H	H	H/H	Bubbles have been implemented throughout the school. The school day has been designed to reduce the movement of pupils and limit the opportunity they might have to come into contact with other bubbles. Government guidance is being followed. Dynamic risk assessment to deal with any situation in place. This includes access to Governors to ratify any decisions that impact on Health and Wellbeing and may require School to close to certain age groups or indeed whole School.	L	H	M/M	NHS Test and Trace initiative may impact on staffing at short notice. Cover for all key positions will need to be considered carefully.
030	Should the needs of each age group and class be considered separately in terms of support,	Virus spreads through School community.	L	M	L/M	See 029 Age specific teaching and learning will be delivered to each bubble with specific adjustments in place. For example. No soft toys for our youngest children.	L	M	L/M	This will be reviewed constantly and appropriate adjustments made

RISK ASSESSMENT: Clifton High School

Risk: COVID-19 Reopening School 4th September, 2020

	activities and facilities?									
031	Are staff having sufficient down time / rest during the working day / week?	Unnecessary anxiety at a time of exceptional stress. This leads to mistakes which enables virus to spread through School community.	L	M	M/M	Reasonable adjustments to common room occupancy rates in place – We have four staff common rooms on site. Timetables will allow for breaks – a pop up coffee stop run by catering staff has worked well and will be continued. Additional duties have had to be implemented to ensure pupils are safe, but these will work on rotation and workloads will be monitored closely.	L	M/L/H	This will be constantly reviewed – see 029	
032	How are new staff and pupils inducted and has the registration and recruit process been adapted to ensure compliance?	Accidents and potential loss of life if immediate actions on fire alarms Lockdown etc not understood. Risk of injury if specialist staff do not understand how to use power tools, laser cutters or catering equipment etc	H	H	H/H	New members of staff starting in September will continue to receive Health and Safety briefing to include COVID by a competent person on arrival. Child protection and Safeguarding training will be given before any contact with pupils takes place School has well developed procedures for friendly induction of new pupils Recruitment of new staff will continue to take place, with all visiting teachers for interview treated as any visitor. Interviewees will follow the same protocols as any staff member.	L	H	L/L	COVID -19 social distancing and site-specific measures will be explained The Year 7 bonding trip has been cancelled
033	Are sporting, play and SD rules clear to staff and pupils?	Virus to spread through School community	H	H	H/H	All pupils and staff will be briefed in writing and in person on the new site-specific rule. All sport and play will be supervised in accordance with social distancing guidance. The experience with the junior children of key workers suggests that pupils and staff will quickly be adapted to the new site-specific rules. Sports equipment will be sanitised before each use. Guidance created by National Governing Bodies of sports will be followed, as approved by DfE.	L	L	L/M	This will be constantly reviewed and adjustments made as required.

					Extra-curricular sport will continue after school in line with government guidance on 5/11/20 to support working parents. Before and after school clubs will all continue. Saturday sport will stop for the duration of the lockdown starting on 5/11/20					
034	Are drama, dance and music activities applying SD rules?	Virus to spread through School community	H	H	H/H	Heads of Department will review their existing departmental risk assessments and adjust to comply with social distancing guidelines and CLEAPPS ISBA guidance has been shared with Music and all VMTs will follow a code of conduct to ensure their and their pupils' safety. Government guidance was sent again to music teachers to ensure all rules are followed from 5/11/20	L	H	L/H	Teaching spaces for VMTs have been RA and measures in place to reduce risk.
035	How are staff meetings and staff rooms regulated in terms of space, equipment, resources (copiers, kettles, biscuits etc) timings, SD and purpose?	Virus to spread through School community.	H	H	H/H	Social distancing rules will apply to use of facilities. Additional hygiene precautions are in place. For example, electric hand dryers have been taped over to prevent use Meetings can take place in both of the outdoor class rooms. Staff can take refreshments in outdoor classrooms Staff rooms have been assessed with a maximum safe number displayed at each location. This number is not to be exceeded. Each staff room will be cleaned thoroughly each night. 5/11/20 - All staff meetings of 3 or more will now take place on Teams unless in a room which is large enough for at least 2m of social distancing or when already working in a team such as catering where this is more difficult	L	H	L/H	This is each individual's responsibility but will be reinforced by line managers and supported by additional resources e.g. signage sanitiser and cleaning products and specific cleaning regime.
036	Are all security, CCTV and access systems regularly checked, updated and (where necessary) re-coded?	Virus on door handles or access controls can be transferred through School community.	L	H	L/H	Existing systems are in place for CCTV Access to and from buildings does require physical interaction with of mechanical or electric devices at certain times. Access will be restricted and hand sanitisers are in place on all doors. Internal and where safe to do so external doors will be left open and closed by the duty caretaker as part of lock down Cleaning regime will disinfect door handles and access controls see 008	L	H	L/H	This will be constantly reviewed

Likelihood Severity (LS) matrix: See 'Notes and References page 27, Clifton High School Health and Safety Policy.

037	Are drop-off and pick-up procedures, in/out routes shared, understood and applied	Virus to spread through School community.	H	H	H/H	<p>Site specific measures are in place and were inspected by Governors on 27 August. Parents, Pupils and Staff have all received written confirmation on these procedures.</p> <p>Clear signage around the school site ensures that pupils know which entrances and exits are theirs.</p> <p>Staff will be on duty to ensure a controlled entrance and exit and also that parents do not gather at entrances to the School site.</p> <p>5/11/20 - Parents written to following new release of guidance to ensure that parents do not congregate at the gates and wear masks if they do so.</p>	L	H	L/H	These procedures will be constantly reviewed and revised as necessary.
038	Is transit spaces (corridors), social zones (common rooms / playgrounds) configured to SD rules?	Virus to spread through School community.	H	H	H/H	<p>Site specific measures were inspected by Head and Deputy Head on 26/08/20 and Governors on 27/08/20.</p> <p>New rules for mask-wearing are in place in all corridors and buildings when moving between lessons or travelling to lunch/break.</p> <p>Stickers on the floor inform pupils and staff to 'keep left and keep moving'.</p>	L	H	L/H	These procedures will be constantly reviewed and revised as necessary.
039	Do classrooms reflect SD layout, PPE, screening and regular cleaning rules?	Virus to spread through School community.	H	H	H/H	<p>See 038.</p> <p>Site specific measures are in place that are compliant with guidelines- e.g. forward-facing classrooms</p> <p>All classrooms have been inspected and furniture arranged such that the teacher has 2m clearance in which to teach and can access the desk whilst maintaining a social distance on entry. 2m distance tape added to each room around the teacher desk.</p> <p>Each room is equipped with the necessary cleaning equipment.</p> <p>5/11/20 - all classrooms reinspected to ensure COVID-security</p>	L	H	L/H	These procedures will be constantly reviewed and revised as necessary.

RISK ASSESSMENT: Clifton High School

Risk: COVID-19 Reopening School 4th September, 2020

Date: 5th November 2020

Next Review Date: 6th December 2020 to include Senior School

REF: ISBA Check List, NEU/GMB/Unison/Unite commentary and checklist (primary).

Likelihood Severity (LS) matrix: See 'Notes and References page 27, Clifton High School Health and Safety Policy.

040	Have unnecessary items been removed from classrooms and other learning environments?	Virus to spread through School community.	H	H	H/H	Site specific measures were in place for junior pupils and children of keyworkers. Unnecessary furniture has been removed where necessary	L	H	L/H	These procedures will be constantly reviewed and revised as necessary.
041	Are soft furnishings, soft toys and toys that are hard to clean been removed	Virus to spread through School community.	H	H	H/H	Site and EYFS specific measures are in place and were inspected by Governors on 02/06/20 June and again on 27/08/20. All soft toys, bean bags and rugs in class rooms will be safely stored away from pupils and staff.	L	L	L/L	
042	Can staff manage, whilst in the transition phase, both in school and remote learning?	Unnecessary anxiety at a time of exceptional stress. This leads to mistakes which enables virus to spread through School community.	H	H	H/H	Staff are being given guidance on how to deliver remote learning. Each teaching staff member now has an iPad to use for enhanced digital learning as well as remote learning possibilities. Staff availability will be the key determinant to safety All pupils have received training on Google classroom and Teams	L	H	L/H	School has proven the ability to operate digitally and physically for juniors School has plans to revert to digital learning if so required return will need additional measures and resources and careful planning to run simultaneous digital and physical School.
043	Are assemblies, break times, drop-off and collection times sufficiently well staggered?	Unnecessary anxiety at a time of exceptional stress. This leads to mistakes which enables virus to spread through School community.	H	H	H/H	Timetables plus site specific measures including year group assemblies and no whole school assemblies are in place. The School site and size means that we do not need to stagger drop off and arrival times. Pick up times will vary by a few minutes for different year groups in the Senior School only given the number of entrances we are using. The School day will not be reduced in any way.	L	H	L/H	This will be reviewed continuously and adjustments made as required. This could include changes to arrival and drop off times.

Likelihood Severity (LS) matrix: See 'Notes and References page 27, Clifton High School Health and Safety Policy.

044	Are meal times de-conflicted, reflecting SD in the servery and dining hall whilst providing sufficient nourishment?	Virus to spread through School community.	H	H	H/H	<p>There are now 5 different areas for pupils to eat and a 6th for staff to eat in. Dining will be bubble-specific and each area will be cleaned thoroughly before a new bubble arrives.</p> <p>Meals will be pre-plated and handed out.</p> <p>5/11/20 - New screens in the dining hall now allow for two bubbles to eat safely together, meaning more time can be spent eating</p>	L	H	L/H	These procedures will be constantly reviewed and revised as necessary.
045	What are the risks of providing breakfast and after school clubs?	Virus to spread through School community.	H	H	H/H	Following government guidance, breakfast and after-school clubs will continue to take place. These will make efforts to socially distance those pupils in different bubbles.	L	L	L/L	Different tables to sit at, mask-wearing and social distancing will all be used to ensure bubbles do not mix in these settings.
046	Where vulnerable staff and children are in school / home, is medical advice being followed and are they properly supported?	Unnecessary anxiety at a time of exceptional stress.	H	H	H/H	EHCP pupils have specific support at home and at School. Safeguarding arrangements remain in place. Deputy Head (pastoral) is in contact with families of vulnerable children.	L	H	L/H	Reasonable and relevant adjustments are made whenever School is aware of any individual need, These situations are always under review.
047	Is pupil and staff mental health and wellbeing properly considered with individual needs identified and supported?	Unnecessary anxiety at a time of exceptional stress.	H	H	H/H	Existing measures and controls are proven to be flexible, professional and well resourced. Form Tutors to be alert to any needs of any individual.	L	H	L/H	Reasonable and relevant adjustments are made whenever School is aware of any individual need, These situations are always under review.

RISK ASSESSMENT: Clifton High School

048	Where activities have been re-scheduled is SD working and are the timings sufficient?	Unnecessary anxiety at a time of exceptional stress. This leads to mistakes which enables virus to spread through School community.	H	H	H/H	See 042 and 043	L	M/L/M	Staff availability will be the key determinant to safety.
049	Is the science of risk understood e.g. less severe symptoms in adults, younger children less likely to become unwell, small class sizes will help?	Virus to spread through School community.	H	H	H/H	Government guidance is being followed. School understands as far as is reasonably practicable and as far as anyone knows the risk and impact on all members of the School Community. Staff are advised that their safety is paramount and to effect social distancing whenever possible. Governors have approved the plan and will inspect every aspect of that plan before School reopens 27/08/20 Pupils and staff who were shielding or have or develop underlying conditions that put them at greater risk will have their situations discussed with the Deputy Head (Pastoral). Under current guidance, all such children should return to school. Where it is necessary, remote learning opportunities will be made available. Review and adjust as necessary See 064	L	H/L/H	These situations are always under review Government guidance is always under review. Reasonable and relevant adjustments are made whenever School is aware of any individual need.
050	How effective are the hygiene rules? Is "catch it, bin it, kill it" still publicised and applied?	Virus to spread through School community.	H	H	H/H	School ensures pupils and staff understand and exercise exceptional personal hygiene and conform to the enhanced requirements. Pupils, parents and staff will be reminded of the need to follow new hygiene rules in all the guidance that has been released and also in the video that has been made. Staff will remind pupils of the importance of this rule. Additional signage is in place to support this activity.	L	H/L/H	Regular handwashing for pupils and staff will mitigate the risk of the virus spreading-. Pupils and staff to be reminded of Catch it, Kill it, Bin it- requirements.

					All classrooms have a bin with a lid.			Additional signage is in place		
051	Is there anyone in addition supervising the normal medical staff	Virus to spread through School community.	H	H	H/H	The Deputy Head (Pastoral) line manages and meets regularly with the school nurses. The School nursing team are all SRN and have access to and full support of Head of School for medical resources. The wider School community has a large number of medics who are available for advice if required. Additional staff appointed to clean as recommended in line with NEU/GMB/Unison/Unite commentary and checklist (primary)	L	H	L/H	Governors to review any situation and direct the necessary response. This may mean that School has to close if the medical team feel that they are unable to safely support the School community.
052	Are there sufficient medical staff to deal with temperature testing, isolating suspect COVID-19 cases, outside appointments and normal medical issues?	Virus to spread through School community.	H	H	H	The phased re opening of School required by the Government and the controls that are being planned and will be in place by 8 th June include the provision of members of the School nursing team. This will be continued when school opens completely in September. School has a large number of first aiders and the necessary PPE should any incident that does not have COVID symptoms need to be dealt with. Should it be necessary to take temperatures this can be done safely by a nurse using digital thermometers that do not require contact with the individual School has a well-equipped medical room which has been modified to include an isolation area.	L	H	L/H	This situation will be carefully monitored and all incidents requiring a temperature to be taken will be reported. Any individual who shows symptoms of COVID will be sent home or told to stay at home and to get tested asap. Any pupil presenting with symptoms will be isolated before parents are called to collect them. They will also be advised to get a test asap. All of this is explained in the parent guidance information for reopening.
053	If temperature testing or taking other precautions that require new	Virus to spread through School community.	H	H	H/H	School will not be taking temperatures at drop off or arrival. This is based on the premise that parents and staff will be advised not to attend school if they have any symptoms of COVID including a temperature above normal, neither do we want to cause unnecessary anxiety to younger children or parents by this	L	M	L/M	Nursing team and certain first aiders will be made familiar with any new equipment and any training recorded as is custom and practice for all

	equipment, do operators have the appropriate training and has it been recorded?				process. The scientific evidence does not support the taking of temperatures in a school setting as it is unreliable.			continuous professional development	
054	Have medical policy, procedures and appropriate response to spectrum of medical issues been revised and shared?	Virus to spread through School community.	H	H	H/H	School nursing team have updated their procedures to reflect the current crisis This has been shared with the Head of School. Increased hygiene regime is in place already to support the children of the Hive.	L	H L/H	The situation will be under constant review and procedures adjusted as necessary.
055	Is the medical room properly equipped?	Virus to spread through School community.	H	H	H/H	Yes. Additional PPE (Visors) has been procured. An isolation room has been created adjacent to the medical room.	L	H L/H	
056	What has the school decided is the level of PPE required for pupils and staff and are they trained as to their purpose, use, care and disposal?	Virus to spread through School community.	H	H	H/H	DfE guidance is that pupils do not require PPE for normal school activities. Government advice changes but School has decided that masks will be worn outside the class room. Masks are to be provided by pupils and form tutors will instruct on their use. Plastic bags will be issued to pupils to store their masks safely during lessons. PPE (disposable face masks gloves and aprons) has been made available to staff should they require it. This includes "Sneeze Screens "for teachers and school office reception counters. Everyone on site will be advised of how to dispose of this equipment which will be into double bagged bins with lids which will be in every class room or into a designated yellow bin by the Main gate.	L	H L/H	Staff and pupils advised to wear face coverings when moving around the school site. E.g. corridors PPE available for Staff should they need it. Parents informed that all pupils require face mask each day.
057	Do the sickness management rules need to be re-stated and the	Virus to spread through School community.	H	H	H/H	We believe that parents and staff understand the seriousness of the crisis and the risks to the School and wider community. All parents and staff will be reminded by video and in writing that they must not come to School if they are unwell.	L	M L/M	This has been reinforced in the guidance sent out to all stakeholders.

	"don't come to work if you are ill" understood?								
058	As different age groups have different risk profiles is each group (staff and pupils) risk assessed?	Virus to spread through School community.	H	H	H/H	Senior leadership is working closely with Junior and EYFS specialist teachers to plan and revise existing risk assessments to ensure compliance with Government guidelines. These plans will be reviewed and revised as necessary. The School Health and Safety committee is also being consulted. 5/11/20 - new guidance allows schools to decide if masks are worn by primary years. At this time, we have decided to continue as we are.	L	M/L/M	These plans will be reviewed and revised as necessary. The School Health and Safety committee is also being consulted. Masks for primary children under review pending advice from government.
059	Is the school aware of all pre-existing medical conditions?	Pupils and members of staff or their immediate families who have existing conditions that might make them more vulnerable to the virus.	H	H	H/H	As far as is reasonably practicable School being aware of all existing conditions. Parents are already required to inform School of any existing conditions that might require an adjustment for the pupil or put others at risk. Staff are obliged to sign a medical declaration form after a job offer is made and are asked to update School of any condition that might put them or others at risk.	L	M/L/M	Pupil or member of staff who are at risk and are self-isolating will not be allowed to come to School, as well as those awaiting the outcome of a test. Reasonable and relevant adjustments are made whenever School is aware of any individual need, These situations are always under review
060	What happens if someone tests positive for COVID-19 and is it recorded? (for elimination purposes)?	Virus to spread through School community.	H	H	H/H	Those individuals who have had COVID confirmed by the NHS and have notified School will be recorded as having done so. This information will be kept secure and the school will ensure it collects and retains personal data relating to any COVID-related illnesses in line with its policies and current ICO guidance. An assessment of the individual situation including discharge date if admitted to hospital will be made before that individual can return to School.	L	M/L/M	Follow the School's contingency plans in the event of suspected cases, actual cases, as well as PHE advice.

Likelihood Severity (LS) matrix: See 'Notes and References page 27, Clifton High School Health and Safety Policy.

		her fails at point of need								
089	Laundry washers and dryers serviceable, able to cope with demand, temperature requirements and have sufficient washing products?	Virus spread through School community.	L	H	L/H	School washes certain items of PE lost property and dish cloths in Food and Nutrition and Main Kitchen. Washing machines and dryers are serviced and maintained as per manufacturers specifications. Usage will be significantly less with reduced numbers of pupils and staff. Estates team to inspect and confirm that 60 degree" hot" wash possible. If not, then machine will be disabled.	M	M	M/M	Estates team to inspect each washing machine and dryer.
090	Have waste procedures been reviewed?	Virus to spread through School community.	H	H	H/H	The School plan determines the class room or other rooms including toilets to be used. Each room will have a lidded bin and be double bagged for paper towel waste after wiping down services. Bins will be emptied by janitors or contracted cleaning company or School Estates team. Waste will be centralised for collection by BCC refuse collection. Other cleaning requirements including food and general waste remain as normal. A staff common room adjacent to a staff kitchen (with dishwasher) is equipped with food waste disposal bins	L	H	L/H	This situation will be constantly monitored and adjustments made as necessary. For example, if staff do not remove crockery and cutlery the additional eating facility will removed and staff will have to use central dining services.
091	Are pest control services recorded, deficiencies identified and actioned?	Risk of infestation through School community.	M	M	M/M	School retains the service of a professional vermin control company who regularly inspect containment measures. Estates team monitor the site for sign of vermin.	M	M	M/M	Existing procedures are COVID secure.
092	School vehicles fully registered, insured,	Virus to spread through School community.	H	H	H/H	School retains the services of a professional mechanic who maintains the fleet in line with manufacturers recommendations. Estates manager maintains records of faults reported and MOT (where relevant) and insurance renewal dates.	L	H	L/H

	maintained and stocked with appropriate hygiene materials if they are to be used?					The nature of the virus and 2m social distancing guidelines is such that mini bus fleet with soft furnishings can only be used for transportation of pupils when they are in bubbles. Mini-buses must be cleaned between bubbles and/or left for 72 hours. School is liaising with our Coach company and has agreed that masks will be worn on all buses. Pupils will wash hands before boarding any coach.			
093	What if there is a requirement to catch coughs and sneezes?	Virus to spread through School community.	H	H	H/H	Every class room has sanitizer, spray, tissues and bin with a lid. Every class room is laid out so all pupils face the front of class. Every class room in Senior School has a sneeze screen. Every junior School teacher has the option to have a sneeze screen if they so wish. Every classroom/work room/office have sanitizer, spray, and tissues supplied "Catch it, Bin it, Kill it" is a policy school wide. 2m taping is down around every teacher desk.	L	H	L/H
094	Contamination of bin contents onto pupil/staff	Virus to spread through School community.	H	H	H/H	Every classroom has a bin with a lid and the bin is double bagged. Every class room has sanitizer, spray, and tissues. Every class room is laid out so all pupils face the front of class. Every class room in Senior School has a sneeze screen. Every junior School teacher has the option to have a sneeze screen if they so wish.	L	M	L/H
094	Contamination from drinking water fountains	Virus to spread through School community.	H	H	H/H	All water fountains have been put out of use except to fill water bottles. Pupils have been asked to bring their own water bottle. Water fountains will not be allowed to be drunk direct into the mouth.	L	M	L/H
096	Not enough ventilation in a room	Virus to spread through School community.	H	H	H/H	Classroom windows to be open	L	M	L/H
097	What are the actions required of a member of staff who sees a pupil or colleague feeling un well?	Virus to spread through School community.	H	H	H/H	Colleague or pupil to be referred or taken (within social distancing rules) to School Nurse for temperature testing by member of the nursing team and isolation. Parents family member to be contacted and advised to collect and of potential symptoms and to contact NHS Track and Trace service. Thereafter individual to follow NHS guidance and School requirement not to return to School.	L	H	L/H

					https://cliftonhigh-my.sharepoint.com/:b:/g/personal/mbennett_cliftonhigh_co_uk/ESVnhHjQ1FRDhmFCAv5chmsB0-Ny5SGjL4OUFGAAI5y9VQ?e=H1c8Wq					
101	NHS COVID App	Creates anxiety, and alerts individuals to exposure without school knowledge	H	H	H/H	Educate all pupils over 16 to the uses of this new app No one under the age of 16 should download it Pupils to be educated to switch off the contact tracing element when their phone is not in their possession Pupils told that if their phone alerts them to self isolate, they should go straight to the nurse and notify them. Danger of pupil abuse of the app - we should be mindful of this end educate pupils appropriately.	L	L	L/L	All Senior school pupils will be educated through form time assembly
102	Wet weather use of changing rooms	Risk of transmission in the community	H	H	H/H	With the winter wet weather, pupils will train at Coombe Dingle and if they have games periods 3 and 4, could potentially be sat in wet kit all afternoon. Therefore, years 7-10 (who have games at these times), will be able to use the School Green Changing rooms. They will arrive at school in uniform and change there. This will be monitored at break by games staff to ensure low numbers use it at any one time. The rooms will be cleaned thoroughly at the end of each day. On returning to school, prior to lunch, if wet, pupils will need to change back into uniform. If not wet, they can remain in kit until the end of the school day.	M	M	M/M	Staffing will need to remain high in these areas throughout break to prevent overcrowding. A one-way system should be put in affect. In through the main doors that lead onto the drive and out via the covered walkway. Games staff to monitor numbers in rooms to limit to 10 at any one time in any room.
103	Sending pupils home in the event of a positive case	Risk of transmissions Mental Health	H	H	H/H	Protocols have been created to contact parents, staff and pupils. Please see COVID Contingency shared folder. Parents will collect pupils on site – they will drive onto the site using a one-way system – from college road through to Clifton park road. This will be monitored by maintenance staff and the senior team.	M	M	M/M	See protocols prepared.

Ref.	Task/ Activity	Hazard/ Risk	Risk Before Control			Control Measures	Risk Post Control			Actions to be undertaken
			L	S	Risk		L	S	Risk	
001	Lifting and moving objects or objects that are difficult to grasp	Staff risk injuries or back pain from handling heavy/bulky objects. E.g. trays crockery or boxes of ingredients by improper lifting techniques which include; Holding loads away from trunk of body Twisting and stooping Reaching upwards Large vertical movement Long carrying distances Strenuous pushing or pulling of loads Unpredictable movement of loads Repetitive handling	M	H	M/H	Operatives to perform good Manual Handling techniques when manual handling cannot be avoided. Operatives to be trained in the effects of manual handling disorders and guidance on the correct techniques to avoid injury whilst handling heavy/awkward loads Ingredients are bought in package sizes that are light enough for easy handling wherever possible. The sink is at an appropriate height to prevent stooping. Floor area is kept free of obstructions and potential slip and trip hazards	L	H	L/M	Manager to ensure Manual Handling techniques are carried out in the correct and proper manner. Mechanical means for lifting/transporting equipment/ingredients to be provided when possible. Staff are reminded that deliveries and stock that cannot be easily handled should be moved with the aid of a trolley. Kitchen cleaning schedule has been introduced. Spillages are immediately cleaned up.

Likelihood Severity (LS) matrix: See 'Notes and References page 27, Clifton High School Health and Safety Policy.

002	Poor standard of food preparation	Risk of food poisoning.	M	M	M/M	Employ rigorous food hygiene standards and comply with all legislative and best practises in food processing. Hand wash stations are provided as required. Separate equipment is used for raw and cooked meats. Raw and cooked meats are stored in the correct manner. Fridge thermometers are provided.	L	M	L/M	All kitchen staff are certificated in basic food hygiene. Staff are encouraged to report any infringement of good food hygiene practises. A colour coding system is used for utensils.
003	Fire Faulty electrics, arson	Risk of fire spreading throughout the kitchen into other sections of the school. If trapped, staff and others could suffer fatal injuries from smoke inhalation or burns.	M	M	M/M	A fire risk assessment has been done. Maintain equipment in good order. Regular inspections of kitchen equipment. Maintain fire extinguisher points and comply with emergency evacuation procedures. A fire suppressant system R102 is installed over the deep fat fryer.	L	M	L/M	Manager to ensure inspection/test regimes are maintained. General Fire Awareness training is provided for all kitchen staff to ensure all are aware of the Fire Plan and its contents. Kitchen staff are shown how to operate the fire suppressant system.

RISK ASSESSMENT: Clifton High School

REF: ISBA Check List, NEU/GMB/Unison/Unite commentary and checklist (primary).

Likelihood Severity (LS) matrix: See 'Notes and References page 27, Clifton High School Health and Safety Policy.

004	Poor Housekeeping	Slips, trips and falls. Doorways (rain) spillages, uneven surfaces. Staff may be injured if they trip over objects or slip on spillages.	M	M	M/M	Kitchen equipment is well maintained and any leaks/spillages are promptly reported and cleaned up. Drainage channels and drip trays are provided where spills are likely. Staff clean up spillages immediately and leave the floor dry. There are no trailing cables or obstructions in walkways. Steps are clearly defined.	L	M	L/M	Manager to give briefing on risk assessment. Regular inspections of work areas and removal of redundant materials and equipment. Staff to wear non-slip safety footwear.
005	Electric equipment and installation. Kitchen equipment fans and sockets	Staff could get shocks or burns from faulty equipment. Electrical faults can also lead to fires.	M	H	M/H	Plugs and sockets are suitable for a kitchen environment. Residual current devices (RCDs) are installed on electricity supplies to hand held and portable appliances. Staff are trained in basic electrical safety and do pre-use visual checks. Any defective equipment, plugs, discoloured sockets, damaged cables and on/off switches are promptly reported. Any faulty equipment is removed from use immediately. Staff know where the circuit board is and how to turn off the electricity in an emergency. Safety checks of the electrical equipment and installations are carried out to ensure that the equipment continues to be safe for use. Where necessary this is done by a competent electrician.	L	M	L/M	Manager to ensure that regular tests are being carried out by a competent person on the RCD trip buttons and electrical equipment in accordance with the manufacturer's instructions.

RISK ASSESSMENT: Clifton High School

REF: ISBA Check List, NEU/GMB/Unison/Unite commentary and checklist (primary).

Likelihood Severity (LS) matrix: See 'Notes and References page 27, Clifton High School Health and Safety Policy.

006	Contact with heat. Steam, hot water, hot oil and hot surfaces	Staff may suffer scalds or burns when they are handling hot substances or come into contact with hot surfaces.	M	H	M/H	Staff are trained how to handle hot oils and to safely use, empty and clean the fryers. Water mixer taps are provided Heat resistant gloves, cloths and aprons are provided. All staff wear long sleeves. Staff know about the risk of steam.	L	S	L/M	Display hot water signs at the sinks and hot surface signs at the hot plates. Maintain pan handles in good condition. Make sure that staff familiarise themselves on how to use equipment safely and to report any defects immediately.
007	Knives Cuts and penetration injury	Staff preparing food risk injuries from contact with the blade.	M	H	M/H	Staff are provided with and use the correct knife for the job. Staff are trained in the safe use, maintenance and storage of knives.	L	S	L/M	Remind staff that they must only use suitable cutters for opening packages and must not use knives.
008	Food Handling	Staff risk skin irritation or dermatitis from frequent hand washing and some can develop skin allergies from handling certain foods.	M	H	M/H	Whenever possible and sensible, staff use tools (cutlery, tongs scoops etc) to handle food rather than their hands. Food grade, single use, non-latex gloves are used for tasks that can cause skin problems e.g. salad washing, vegetable peeling and fish filleting. Where handling cannot be avoided hands are rinsed promptly after finishing the task.	L	S	L/M	Manager to remind staff to thoroughly dry their hands after washing them.

009	Contact with cleaning chemicals Bleach and washing chemicals	Staff risk skin irritation or eye damage from direct contact with cleaning chemicals. Vapour from cleaning chemicals may cause breathing problems.	M	H	MH	Where possible, cleaning products marked 'irritant' are avoided and milder alternatives are used instead. A dishwasher is used. Staff are shown how to use and store cleaning products safely and never to transfer chemicals to an unmarked container or to mix incompatible chemicals. Mops, brushes and protective gloves are provided and used. Staff rinse gloves after using them and store them in a clean place.	L	S	L/M	Manager to obtain product data sheets and produce COSHH Assessments for chemicals being used. Make staff aware of the COSHH assessment and to implement its findings.
010	Gas Appliances	Staff and visitors could suffer serious /fatal injuries as a result of an explosion or release of gas.	M	H	M/H	Gas appliances/flues, pipe work and safety devices are serviced and maintained by a 'Gas Safe' registered engineer on an annual basis in accordance with the manufacturer's instructions. Records are kept of these services /inspections. Staff know where the main isolation tap is and how to safely turn off the gas supply in an emergency.	L	S	L/M	Flame failure devices are installed on oven(s).
