7. GENERAL ENROLLMENT QUESTIONS

Military: A "Military-connected youth" means having a biological parent or legal guardian who is currently in the armed forces (either as a reservist or on active duty) or has recently retired from the armed forces.

Expelled: Has your student ever been expelled from a previous school? This information is used in determining if an Open Enrollment request will be granted. Determination is based on the reason for the expulsion.

Arrested: Has your student ever been arrested resulting in a charge? If yes, the school district contacts the probation officer to exchange information regarding the enrollment (such as attendance, grades, etc.). This information is used to determine if your student is currently on probation.

Title I – Part A (Title I) of the Elementary and Secondary Education Act, as amended (ESEA) provides financial assistance to Local Education Agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards. Federal funds are currently allocated through four statutory formulas that are based primarily on census poverty estimates and the cost of education in each state.

Section 504 – Section 504 of the Rehabilitation Act of 1973 (34 C.F.R. Part 104) is a federal civil rights statute that assures individuals will not be discriminated against based on their disability. All school districts that receive federal funding are responsible for the implementation of this law. Individuals who have been determined to have a disability under Section 504 may or may not be disabled under special education (IDEA). Section 504 protects a student with an impairment that substantially limits one or more major life activities, whether the student receives special education services or not. Parents who have concerns or questions regarding Section 504 should contact their building principal.

Is this your student's first school enrollment in the United States? Providing the information is not required and the requested information will only be used to determine whether the child may be eligible for programs offered in the district that provide enhanced instructional opportunities for immigrant children and youth.

9. **RESIDENCY INFORMATION**

This information is used to ensure the educational rights and protection for students experiencing homelessness. A homeless individual is one who: (1) lacks a fixed, regular and adequate nighttime residence and (2) includes: (a) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, or camping grounds due to the lack of alternative adequate accommodations; are living in an emergency or transitional shelter; are abandoned in hospitals; or are awaiting foster care placement; (b) children and youths who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings: and (c) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings. You are not required to complete the information in this section of the form. If you choose not to complete this section there may be a delay in the provision of services. The school teacher, school and district administrators and the Minnesota Department of Education (MDE) have access to this information.

Ethnic and Racial Demographic Designation Form

Schools are required to report ethnicity and race to the state and to the U.S. Department of Education. Because of recent changes to Minnesota state law, Minnesota disaggregates each category into detailed groups to further represent our student populations. Parents or guardians are not required to answer the federal questions (in **bold**) for their children. If you choose not to answer the federal questions (in **bold**), federal law requires schools to choose for you. This is a last resort—we prefer if parents or guardians complete the form. State questions are labeled as "Optional" and schools will not fill in this information for you.

This information helps improve teaching and learning for everyone and helps us accurately identify and advocate for students currently underserved. The information this form collects is considered private information. You can review the privacy notice to learn more about the purpose of collecting this information, how it will be used and not used, and how the detailed groups were identified. The privacy notice can be found in our *Frequently Asked Questions: Ethnic and Racial Designation Form.*

Minnesota Language Survey

Minnesota is home to speakers of more than 100 different languages. The ability to speak and understand multiple languages is valued. The information you provide will be used by the school district to see if your student is multilingual. In Minnesota, students who are multilingual may qualify for a Multilingual Seal upon further assessment. Additionally, the information you provide will determine if your student should take an English proficiency test. Based upon the results of the test, your student may be entitled to English language development instruction. Access to instruction is required by federal and state law. As a parent or guardian, you have the right to decline English Learner instruction at any time. Every enrolling student must be provided with the Minnesota Language Survey during enrollment. Minnesota law requires children enrolled in child care, early childhood education, or school to be immunized against certain diseases, unless the child is medically or non-medically exempt.

Instructions for parent or guardian:

- 1. Fill out the dates in chronological order even if your child received a vaccine outside of the age/grade category that the box is in. Depending on the age of your child, they may not have received all vaccines; some boxes will be blank.
 - If you have a copy of your child's immunization history, you can attach a copy of it instead of completing the front of this form.
 - Your doctor or clinic can provide a copy of your child's immunization history. If you are missing or need information about your child's immunization history, talk to your doctor or call the Minnesota Immunization Information Connection (MIIC) at 651-201-3980 or 800-657-3970.
- 2. Sign or get the signatures needed for the back of this form.
 - Document medical and/or non-medical exemptions in section 1.
 - Verify history of chickenpox (varicella) disease in section 2.
 - Provide consent to share immunization information (optional) in section 3.

Instructions: Complete section 1 to document a medical or non-medical exemption, section 2 to verify history of varicella disease, and section 3 to consent to share immunization information.

1. Document a medical and/or non-medical exemption (A and/or B).

Place an X in the box to indicate a medical or non-medical exemption. If there are exemptions to more than one vaccine, mark each vaccine with an X.

Meningococcal		

A. Medical exemption: By my signature below, I confirm that this child should not receive the vaccines marked with an X in the table for medical reasons (contraindications) or because there is laboratory confirmation that they are already immune.

B. Non-medical exemption: A child is not required to have an immunization that is against their parent or guardian's beliefs. However, choosing not to vaccinate may put the health or life of your child or others they come in contact with at risk. Unvaccinated children who are exposed to a vaccine-preventable disease may be required to stay home from child care, school, and other activities in order to protect them and others.

By my signature, I confirm that this child will not receive the vaccines marked with an X in the table because of my beliefs. I am aware that my child may be required to stay home from child care, school, and other activities if exposed.

Immunization Requirements Use this chart as a guide to determine which vaccines are required to enroll in child care, early childhood programs, and school (public or private).

Find the child's age/grade level and look to see if your child had the number of shots shown by the checkmarks under each vaccine. The table on the back shows the ages when doses are due.

	Rotavirus For infants	Human papillomavirus At age 11-12 years
