

HAVE YOU COMPLETED AN ALTERNATIVE INCOME

Complete an Alternative Income Form to help your school district maximize its funding.

Our goal is to ensure that TCUSD students receive the maximum amount of funds that we are eligible to receive by encouraging our families to complete the Alternative Income Form.

By taking the time to fill out this form you are taking part in a process that provides thousands of dollars in funds to the school your student attends. - including scholarship grants, academic coaches, special programs, technology, and more!

Only one Alternative Income Form needs to be filled out per household. This is not an application for free or reduced
