- ❖ **Guest Speaker: Principal, Julie Barthel**
 - Mrs. Barthel gave an update on what has been happening around school. We are very lucky to be one of only two high schools in the city that have face to face classes. The school works closely with the State Board of Health to make sure we are up to date and following current guidelines. Mrs. Barthel stressed that we all need to stay diligent in protecting ourselves and each other during out of school activities. Please wear your mask when attending activities and sporting events, whether they are indoors or outdoors. The staff, students, and parents want the kids to be able to go to school in person and be able to participate in all of the activities and sporting events. She touched base on quarantining after international travel or travel to hot spots. She talked about this in the Parent Newsletter also. Lastly, she wanted to give a huge thank you to the school nurse for going above and beyond in her duties to make sure the school is a safe and healthy place.
