November 6, 2020

Dear Parents:

Thank you for your flexibility and immediate response yesterday in our emergency campus closure as a result of a positive staff case of COVID-19. In order to provide ample time to fully disinfect the building and allow close contacts to be tested, **we have made the decision to keep the building closed through Tuesday, November 10th. All classes will be held virtually and the soonest we would re-open the building for in-person instruction is Wednesday, November 11th.**

Here are some important notes around the closure:

- **We are currently aware of one staff member who has testing positive for COVID.** All students who were in close contact with that staff member have been contacted and received specific next steps. If you have not heard from a Dean of Students, your child is able to return for in-person learning when the building re-opens so long as they are symptom free of COVID 19. We will update you if we become aware of any other cases after close contacts seek COVID testing.
- **All classes will be held virtually following our traditional bell schedule, even for students enrolled in in-person learning.** Students may log-in from their Teams channel for their courses.
- **Meals will be available for pickup at Brays Oaks from 11:00am – 12:30pm on Monday, November 9th.** While the building will be closed, meals will be delivered curbside.

We commit to providing an update to families on Tuesday, November 10th around next steps for re-opening of in-person instruction. If your family would like to move students from the in-person environment to the virtual environment for the remainder of Quarter 2 or have any questions, please contact your Dean of Students:

Daniel Martinez: 6 th and 7 th Grade	Daniel.Martinez@yesprep.org 832.339.0122
Christopher "Luke" Basham: 8 th and 9 th Grade	Christopher.Basham@yesprep.org 281/684-7197
Erick Perez: 10 th – 12 th Grade	Erick.Perez@yesprep.org 346/813-7390

As always, we commit to acting with an abundance of pre-caution as we head into the winter and address COVID in our community.

Sincerely,

Stephanie Gounder
 Principal, YES Prep Brays Oaks
