

SAN ANGELO ISD
1621 University
San Angelo, TX 76904

2020-2021

Raquel Taunton,
Director of Federal
Programs

A Title I School Wide Program

What does it mean?

Special points of interest:

- **Parent's Rights in Elementary & Secondary Education Act (ESSA) Section 1116**— will be posted on the district and school websites.
- **Parent/Student/Teacher/Principal Compacts**—School compacts will be shared with parents during parent/teacher conferences and a copy can be found on each school website.

Remember, it's a partnership.

It means high-quality academic assessments, accountability systems, teacher preparation and training, curriculum, and instructional materials are aligned with challenging State academic standards so that students, teachers, parents, and administrators can measure progress against common expectations for student academic achievement.

Title funds are given to **San Angelo ISD** so that we can meet the educational needs of low-achieving children in a high-poverty school. These funds help us

San Angelo ISD Parent Engagement Policy

At **San Angelo ISD** we strongly believe in home/school collaboration. Without it, we can hope to achieve only a fraction of our potential. Parental engagement promotes open communication between the school and home. Parent engagement is defined as an ongoing process to support, facilitate, promote, evaluate, and coordinate with school personnel in order to provide a

close the achievement gap between high- and low-performing children, especially the achievement gaps between minority and nonminority students, and between disadvantaged children and their more advantaged peers. The funds hold our school and our school district accountable for improving the academic achievement of all students. The funds are provided by the federal government to target and distribute resources sufficiently to make a difference to local educational agencies and schools where needs are greatest. For the 2020-2021

positive and safe learning environment. Therefore, our schools plan monthly parent involvement activities, encourage parents to participate in Volunteers In Public Schools (VIPS), and invite parents to serve on their Site-Based Decision Making (SBDM) team. They also provide a school-parent compact and parent/school survey

school year, our district will receive Title 1 funds to buy materials, pay for computer programs, tutors, and substitutes to serve our students in our Title 1 schools.

As a result, our students in **SAISD** are provided an enriched and accelerated educational program, including the use of school wide programs or additional services that increase the amount and quality of instructional time. Our students have access to effective, scientifically based instructional strategies and resources.

Parent Pointers:

- Get involved in your children's schools.
- The type of parental engagement that makes a positive difference in student achievement is more than "volunteering".
- Become aware of the curriculum that your child is being taught, the amount of time they spend on core subjects and testing instruments.
- Ask yourself the following questions:
 - * **Do I see my child's home work every night?**
 - * **Do I know the educational objectives my child is being taught?**
 - * **Am I teaching my children the value of being responsible for school work?**
 - * **Do I attend at least two parent conferences a year at school?**

Participate in decisions relating to the education of your child—request opportunities for regular meetings with the staff—contact your child's school by phone, e-mail them through their campus website, or in person. To reach the district office, you can contact me at 3250947-3838 ext. 704

Our doors are always open! Please use safety precautions during these times of COVID.
