

## HIGH SCHOOL TUTORING RESOURCES FOR ONLINE SCHOOL

<https://www.aleks.com/> This link provides mastery based math, science, and social studies curriculum that includes a pretest to assess student knowledge base and establish a starting point.

<https://learningally.org/> This link provides audio versions of textbooks and most required literature reading at the MS and HS level. Also, on this website are many fiction books and popular magazines. All you need to do is have the ISBN number to the particular book / magazine.

<https://zoom.us/> This link provides access to auditory and or visual interaction with student. Camera and microphone needed on student and tutor technology device.

Microsoft Teams... This is similar to ZOOM, but has clearer video. Go to outlook email, click on apps, click on Microsoft Team, enter email in the address bar at the top, then choose the interaction you'd like... click on the camera upper right for video interaction, click on the telephone for auditory only, and if you'd like to just text / chat use the chat/text box at the bottom of the page.

SKYPE..... Non Apple products for interacting with video... on phone or tablet device.

FaceTime... Apple to Apple product video interaction.
