RE: Saegertown Elementary School Positive Case of COVID-19

The District was informed that a close contact of our November 6 positive case tested positive for COVID-19. This positive student case produced a potential eight (8) additional close contacts. We have contacted all of the students who are potential close contacts.

Regional and national COVID-19 cases are on the rise. Students and staff that are sick, ill or unwell, must stay home from school. We encourage all individuals that are contacted by the PA DoH to follow their instructions. All families should closely monitor students for signs and symptoms of COVID-19. [Symptoms of Covid-19](#) may include fever or chills, cough, sore throat, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, or new loss of taste or smell. We strongly recommend that parents contact health care professionals if demonstrating any of the signs or symptoms outlined above. The District's response to future COVID-19 positive tests or active cases will differ based on information, potential spread, and direction from the PA DoH.
