## THE POLICY

The Salt Lake City School District Board of Education provides adequate supplies, materials, and equipment for basic instructional programs by equitably and fairly distributing public resources to benefit all district students. The board encourages citizens to contribute to this effort directly by volunteering their time, expertise, energy, and financial support to the district and its schools.

The board also aims to enhance its basic educational programs by seeking and appropriately managing resources donated by entities and individuals. To this end, the Salt Lake Education Foundation (SLEF) has been established as a non-profit 501(c)(3) organization whose purpose is to increase community partnerships and resources for our schools. Any organization or individual wishing to make a donation, either monetary or in-kind, is encouraged to make such donation through SLEF. Donations and gifts may be directed to the district, one of its programs, or a specific school, program, or service. All donations, contributions, and gifts become the legal property of the district.

Recognizing that donations are a tremendous support for our many athletic programs, co-curricular and extra-curricular activities, the board allows authorized booster clubs to solicit and accept donations on behalf of such programs. All booster club donations must be processed through the affiliated school in order to ensure their proper accounting, custody, expenditure and allocation. The board understands that private gifts and donations could potentially alter the equivalence of benefits required to be provided to men's and women's athletics, academics, and training as required by Title IX. For that reason, the district may be unable to accept certain donations or may ask the donor to consider a different allocation of the donation.

The purpose of this policy is to enrich and facilitate student success by supporting and enhancing publicly funded educational programs with donations, contributions, and gifts while adequately safeguarding public funds, providing accountability, and ensuring compliance with all state and federal laws.

The district will set forth its specific processes for implementing this board policy through the accompanying [administrative procedures](#).

No district employee or student shall be subjected to discrimination in employment or any district program or activity on the basis of age, color, disability, gender, gender identity, genetic information, national origin, pregnancy, race, religion, sexual orientation, or veteran status. The district is committed to providing equal access and equal opportunity in its programs, services and employment including its policies, complaint processes, program accessibility, district facility use, accommodations and other Equal Employment Opportunity matters. The district also provides equal access to district facilities for all youth groups listed in Title 36 of the United State Codes, including scouting groups. The following person has been designated to handle inquiries and complaints regarding unlawful discrimination, harassment, and retaliation: Tina Hatch, Compliance and Investigations, 440 East 100 South, Salt Lake City, Utah 84111, (801) 578-8388. You may also contact the Office for Civil Rights, Denver, CO, (303) 844-5695.
