

# Stevenson Student COVID Clinic

As we enter into this unique 2020-21 academic year, it is our pleasure as PediaTrust to provide medical guidance and care for the Stevenson Community. We would like to provide you with some information about who we are and what it is we will be doing as we partner with the school to promote the health and safety of the Stevenson Community.

## Who are we?

- Minal Giri, MD
- Rilina Ghosh, MD
- Susan Sirota, MD

## Where are we?

Our office is located within the East Nurses Office at the school. Adjacent to the East Nurses Office, we have a COVID-19 isolation space that is set up for students to safely and comfortably await parent pick up. These private spaces will also allow for a doctor's evaluation where requested by the student's parent/guardian.

## When are we there?

We are available Monday through Friday from 8 am to 4 pm to provide COVID-19 related evaluations and testing for students.

## How can you reach us?

## What do we do?

- The care we provide will be specific to evaluation for COVID-19.
- We offer COVID-19 point of care testing by appointment. Results are provided within an hour.
- We require a telemedicine evaluation prior to performing a COVID-19 test.
- We are available for COVID-19 testing at Stevenson for students who do not have testing available through their own primary care physician.
- We will bill your health insurance directly for COVID-19 Telemedicine evaluations and testing.

We can be reached through our Stevenson phone: 847-415-4069.
