APPLY ONLINE

A Before you begin, it is best to have your information available. Comcast requires applicants to verify their identity when opening a new account with us. We offer several verification options to make the process as easy and seamless as possible. You shouldn't worry if you don't have a Social Security number or if you feel uncomfortable providing it as we have other options to verify identity including through SMS text messaging on your mobile phone. The application will walk you through the options and next steps. Our application usually takes five minutes to complete. In some cases, we may ask for a document, such as a Medicaid card, to show you qualify.

B Open a web browser such as Chrome, Safari, Edge, Internet Explorer, or Firefox. Type "InternetEssentials.com" into the browser's address field.

C Our application is available in English, Spanish, Chinese Traditional, Chinese Simplified, Russian, Somali, and Arabic. You can change the language by clicking "Language" in the top right-hand corner.

B If Comcast is available in your area, enter your first and last name, email address, and phone number. Click the Next button to continue.
