A note from the principal:

Today was our Craft Spectacular! I was privileged to be able to help with one of our craft stations and I had a blast with the students. I hope your students enjoyed spending a few minutes with our awesome after school staff. They worked very hard to help make this event a success.

We are excited to welcome our military veterans to campus on Tuesday, November 10. Our students are excited to have the opportunity to interact with our country's finest.

If you or a family member are serving, or have served in our military, you have our profound gratitude for you sacrifice.

~Mr. Ball

Veterans Day

No School November 11, 2020

Regarding Covid, we have seen a few schools close due to Covid cases. I feel it is appropriate to update our families on our current status.

Among our entire student population we have only had a single positive test this year. Despite Covid being far more prevalent in the community at large, we are tirelessly working to ensure it does not spread within our walls. Please help us by keeping sick students at home and then obtaining a Covid test when applicable.

As Covid numbers continue to rise in our area, we would like to thank you all for your continued diligence in monitoring for symptoms. We recognize that quarantine is no picnic when our kiddos are sick. But with symptoms that mimic so many other common conditions, we must take every precaution. Thank you
