Noon dismissal Tuesday, November 17
No school Wednesday, November 18

Thanksgiving Break November 23-27

Remote Instruction November 30-December 18

What are you thankful for?

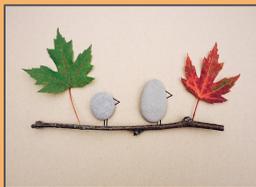

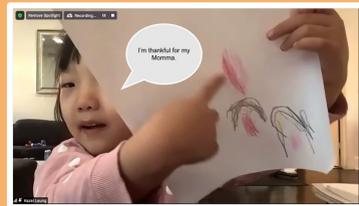

Gratitude

Thankfulness

Happy

Joy

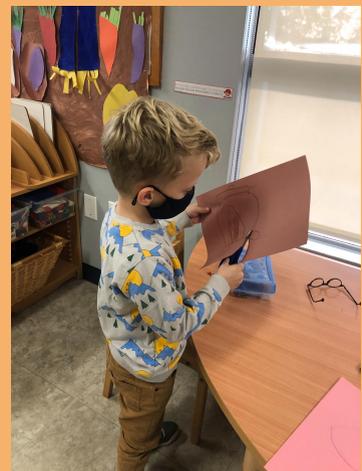

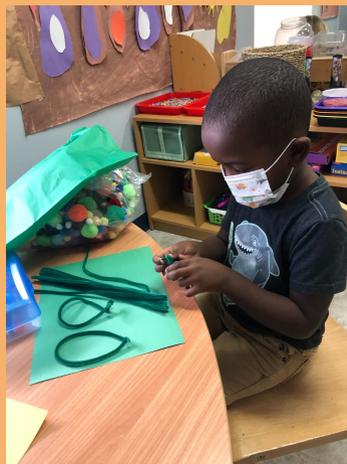

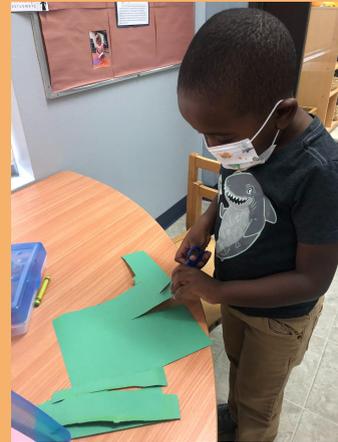

Kindness

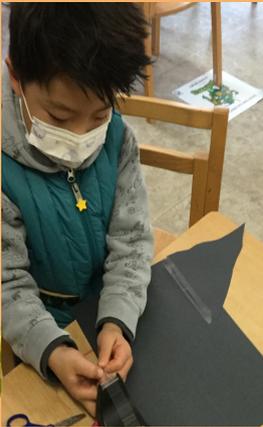

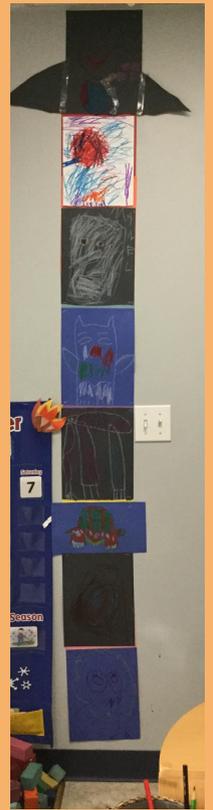

As the children continued to reflect on what they are thankful for everyday, we spoke more about gratitude and gratefulness. We talked about focusing on being thankful for what we have and receive rather than focusing on what we do not have.

To further our discussion on Thanksgiving, the children learned about the symbolism behind the cornucopia and how it means "horn of plenty." We also discussed Thanksgiving dinner and we shared our favorite foods to eat on Thanksgiving.

The children learned that November is Native American Heritage Month and explored different aspects of this beautiful culture. They specifically looked into the creation of Totem Poles and how they were used to tell the story of their communities. The children decided to create classroom Totem Poles representing themselves within the classroom community.

This week in science...

The Science Behind Apple Browning

Refraction! The disappearing picture...
