## **ATHLETICS**

**Mission Statement:** The Suffield Department of Athletics strives for excellence by providing student-athletes with a broad, comprehensive program that will allow students to develop an appreciation for integrity, discipline, teamwork and sportsmanship in the competitive venue of their choosing as they develop the skills necessary to reach a meaningful standard of athletic performance and community citizenship.

The primary goal of the Suffield High School athletic program is to promote the growth and development of its participants. By taking an active role in sports, student athletes will benefit physically and emotionally becoming their best selves. The athletic program is an integral part of the overall school program and is open to all students. Participation in after school athletics is voluntary and should be considered a privilege. Participants agree to be held to a higher academic and moral standard. The student athlete must be willing to accept the sacrifices that accompany upholding team rules, training requirements, and meetings.

While the high school athletic program serves as an arena for the student athlete to display his/her talent, student athletes must, in turn, be willing to assume certain responsibilities. In addition to regular "rules and regulations" for students in High school, participants are also governed by the policies of the Connecticut Interscholastic Athletic Conference (CIAC) and North Central Connecticut Conference (NCCC) (or the governing body for non-CIAC sports.)

## **HAZING**

Hazing or the rites of initiation of an athlete to an athletic team will not be tolerated to any degree. Students in violation of these policies will be suspended from the squad for 5 (five) school days or dismissed from the team, depending on the severity of the incident.

## **PERFORMANCE ENHANCING DRUGS**

Athletes found using anabolic steroids, hormones and/or analogues, diuretics, and/or other performance enhancing drugs will be held accountable according to CIAC policies and procedures. Athletes found using performance enhancing drugs by their school district will be immediately disqualified from any further participation in CIAC-sponsored sports for a period of 180 school days on each occurrence. The policy and procedures apply to all CIAC controlled activities sponsored by the school.

## **IN ORDER TO PARTICIPATE**

All Student athletes and their parents/guardians are required to sign the High School Sports Contract which acknowledges their awareness of the required rules and regulations for members of the High School athletic teams at the beginning of each sports season in regards to tobacco/alcohol/drug use, and the inherent risk associated with sports. Each season's start date will be the first day of practice or tryouts, as stated by the CIAC. As of this date, the Suffield High School Athletic contract will be in effect regardless of whether the athlete has started his/her season or signed the athletic contract. When a violation of the contract is reported and verified by the coach or the administration, a meeting will be held with the student athlete and the Athletic Director. All students must also pass a physical exam (see below).

## **PHYSICAL EXAMINATIONS**

Each student-athlete must have a current sports physical (within 12 months of the participation date) on file with the school nurse. Physicals must be renewed each and every school year the student is enrolled and participating in sports. All candidates for athletic teams must be examined by a physician, and deemed healthy to participate fully. Forms can be found on the Suffield Athletic Website.

## **PARTICIPATION IN ATHLETICS AND EXTRA-CURRICULAR ACTIVITIES**

Students will abide by all CIAC rules and regulations.

## **ACADEMIC ELIGIBILITY**

Only students who are academically eligible may participate in athletics and extracurricular programs. Suffield High School's eligibility requirements for athletes exceed that of the Connecticut Interscholastic Athletic Conference (CIAC). In order to be eligible to participate in athletics or extracurricular programs, a student must:

- Be enrolled in at least 5 courses
- Have earned a quarterly G.P.A. of 1.7 or better with no more than one failing grade at the end of the marking period preceding the start of the season
- Maintain a positive standing within the school community. Students found in chronic defiance of school rules per BOE Policy #5144 will not be allowed to participate. If a student would otherwise be academically ineligible to participate in a fall sport, he or she may regain eligibility through successful completion of summer school. The final summer school grade will be utilized in lieu of the previous quarter grade for that individual subject when recalculating the student's G.P.A. Freshmen entering Suffield High School from the middle school or other sending schools are automatically eligible to participate in fall sports regardless of their academic record in the middle school.

## **ELIGIBILITY APPEALS**

There may be special circumstances that lead a student to appeal the ineligibility status. Each student has the right to file one appeal per school-year. Such circumstances can include prolonged physical or mental illness, excessive absence due to illness or other matters, or a significant family and/or life event.

To file an appeal the student should complete the form included in this regulation. Any student granted an appeal will obtain provisional eligibility and be required to engage in an "academic contract" developed in conjunction with his or her school counselor. Eligibility criteria will be checked weekly and may be removed should the student's grades drop below the required 1.7 GPA. If an appeal is denied by the Principal, a hearing may be requested with the superintendent whose decision is final. Please refer to Board policy 5135 for additional information and a copy of the appeal form.

## **ATTENTION ATHLETES**

In accordance with the **CIAC** you are NOT ELIGIBLE if:

\_\_ You have not passed at least four (4) units at the end of the last regular marking period as of the official day that grades are issued, with the exception of fall eligibility.\* (Rule I. A.)

\_\_ You are nineteen (19) years of age; Student-athletes will be allowed to compete up through their 19th birthday, however, if their 20th birthday falls during a season, the student-athlete will not be allowed to start or compete during that season and all eligibility will cease. (Rule II.B.)

\_\_ You have changed schools without a change of legal residence; (Rule II.C.)

\_\_ You have been in attendance for more than eight (8) semesters (A student has eight (8) consecutive semesters or four (4) consecutive years of eligibility from the date of entry into the ninth grade to be eligible for interscholastic competition). (Rule II. B.)

\_\_ You play or practice with an outside team in the same sport while a member of the school team after the first scheduled game in any season; (Rule II.E.)

The exception to Rule II.E. shall be:

1. Participation in parent/child tournaments and caddy tournaments.
2. Swimming, tennis, gymnastics – a pupil may practice but not compete with a non-CIAC team or as an individual during the season as long as such practices do not interfere with or replace member school practices.

\_\_ You play under an assumed name on an outside team; (Rule II.F.)

\_\_ You receive personal economic gain for participation in any CIAC sport. (Rule II.F.)

\_\_ Your work habits or conduct both in and out of school are such as to make you unworthy to represent the ideals, principles, and standards of your school.

\_\_ Suffield rules are more restrictive than those of the CIAC.

(See: PARTICIPATION IN ATHLETICS AND EXTRA-CURRICULAR ACTIVITIES).

## **A PLAN OF INSURANCE**

A plan of Interscholastic Sports Insurance has been purchased by the Suffield Public Schools to cover students participating in our organized sports programs. This form of insurance provides that valid claims for injuries sustained as a result of participation in interscholastic athletics will be paid on an EXCESS BASIS. This means that the Board of Education provided insurance will pay any amount in excess of that portion covered by family medical coverage, such as Blue Cross, Blue Shield, etc. Also, in many cases, payments will be after family medical coverage has paid their portion of the doctor's or hospital expenses.

In case of an injury that requires medical attention, a school official will complete Part One of the claim form and forward it to you for subsequent completion and forwarding to your doctor or hospital.

## **SPORTS INFORMATION**

Athletic Schedules, results and sports information can be found in two areas:

1. The Suffield High School website – [shs.suffield.org](http://shs.suffield.org) (Go to Athletics).

Within five school days of being notified of any appeal, the Superintendent will review the issues presented and render a written decision to the parties involved, stating the reason or reasons for his or her decision.

### **CAPTAIN SELECTION**

1. The coach will make the final decision on captains. A coach may ask for team input during the process.
2. Captains are not official until the sport season begins.
3. The captain position is reserved for senior athletes who have been with the program for at least two years; a junior can be selected if he/she has exceptional leadership skills.

## **CAPTAIN'S REQUIREMENTS**

The captain of any sport at Suffield High School will:

1. Adhere to all policies, rules and regulations of the Suffield High School District;
2. Adhere to the rules set forth by the coach and coaching staff;
3. Conduct himself/herself in an exemplary manner with high standards of conduct, citizenship and sportsmanship;

5. Understand that the position of Captain is not just an honor but a privilege. This honor will require the utmost leadership and an active understanding that the captain is a role model for other team members. Failure to adhere to the captain's requirements, athletic department/team rules and regulations will lead to the dismissal of a captain. The captaincy can also be lost during the season for violation of any of the above requirements at the discretion of the coach or Athletic Director.
6. Be in compliance with all CIAC rules and regulations.

**Rules and Regulations:** Selection of team members is subject to the discretion of the coaching staff. Time, space, facilities, equipment, coaching preference, and other factors will place limitations on maximum team size. While every attempt will be made to involve as many student athletes as possible, the number of interested students may exceed our ability to safely and effectively accommodate them; therefore, a selection process may be necessary. Student-athletes and their parents are encouraged to attend season meetings prior to the first game to receive information directly from each sport's coaching staff about each particular sport. Those dates will be posted on the athletic website.

**Communication and Conflict Resolution:** Involvement in interscholastic athletics can be a highly emotional and time-consuming activity. Because of the competitive and selective nature of a sports program, there are times when conflicts and issues between a student athlete and his/her coach may arise. It is imperative that any conflict and/or issue be addressed immediately and as directly as possible so that it can be resolved promptly. ***Every effort should be made to resolve all issues at the lowest possible level.*** Issues and concerns are best resolved through person-to-person discussions.

### **Steps for Conflict Resolution**

1. Student athlete contacts coach to discuss and resolve the issue
2. Parent/Guardian of athlete contacts coach to discuss and resolve the issue. It is recommended that the student-athlete be involved in the conversation.

In order for the discussion between the parent/guardian and the coach to be productive, the following times to approach a coach should be avoided:

- Either prior to or immediately following a game
- During a practice session
- During a time when other teammates are present
- A time when it is apparent there will not be sufficient time to allow for a complete discussion

- A time when it is apparent there will not be sufficient time to allow for a complete discussion
3. Student athlete and/or parent/guardian contacts the Athletic Director
    - Coach will be informed that his meeting will take place
    - If the discussion does not result in a satisfactory conclusion, a meeting with all parties involved will be scheduled in an attempt to reach a satisfactory resolution.
  4. Student athlete and/or parent/guardian contacts the principal
    - Athletic Director should be informed that this contact will be made

Areas that will not be discussed include the following: playing time, discussions about other student athletes and game strategies. If a student athlete has questions about their “playing time”, they are encouraged to discuss the situation with the coach.

**“Captain’s Practice”:** It is important for parents/guardians and student athletes to understand that Suffield High School does not in any way sanction or condone pre-season “Captain’s Practice.” Participation in these types of activities is not required for selection to the high school team in that particular sport.

### **Athletic Equipment**

\_\_\_The student/athlete is responsible for all uniforms and equipment that is assigned to him/her.

\_\_\_All equipment will be returned when the athlete completes the sport, either at the end of the season, or on leaving the team.

\_\_\_If items are lost or abused, the student/athlete will be required to pay for a replacement.

\_\_\_Uniforms are to be worn only at scheduled practices, contests or on game days.

Note: Athletes who do not return equipment/uniforms are ineligible to participate on additional athletic teams throughout the year. In addition, spring athletes will not receive their class schedules for the following school year until all items are returned or replacement costs have been submitted. Graduating seniors will not receive their cap and gown until they too have met the above responsibilities.

### **Awards**

At the conclusion of each sports season, student-athletes will be presented athletic awards. Date, location, and time of the presentations are announced on the school athletic website. We encourage all student-athletes, parents and friends to attend in the celebration.

Appropriate dress is required at the Awards Program. Boys should wear casual or dress pants and shirts. Girls should wear pants or skirts and blouses. Hats, T-shirts, cut-offs, jeans and shorts are not allowed.
