

Eastover Elementary is a school community of adults dedicated to the academic, physical and emotional well being of our children. Any highly functional educational organization has, as an integral part of its structure, family involvement.

Eastover has a strong partnership with our community members, and recognizes that we each have certain responsibilities to ensure success for our children.

Purpose Statement:  
Our purpose is to educate and inspire the whole child (academically, socially, and emotionally) through a safe, nurturing environment that embraces curiosity, problem-solving, deep thinking, creativity, and questioning to prepare students to be life-long learners and positive contributors in a global world.

## Eastover Elementary School

**Family - Student - Teacher  
Compact 2020-2021**

### **As a student I will ...**

Go to bed early enough to get a good night's rest.

Eat Breakfast each school day.

Come to school prepared to do my best.

Have my school supplies and homework with me each school day.

Give full attention to the instruction and directions given by my teachers.

Work cooperatively with other students so that we all learn to the best of our abilities.

Complete my assignments thoughtfully, carefully, and on time.

Stick with my work, especially when it is difficult.

Ask for help when I need it.

Give my parents/guardians all written communications from school such as newsletters, notes, bulletins, and reports.

Treat students and teachers with respect and courtesy.

Treat personal and school property with respect and care.

Solve problems so that everyone involved feels fairly treated.

### **As a parent/guardian I will...**

Read the emails sent each Friday from the principal and the teachers to ensure that I am well informed about school requirements, events, and opportunities.

Inform the school if I do not have computer access, in order to ensure that copies of all important information are mailed directly home to me.

Attend Curriculum Night and the three scheduled Parent Teacher Conferences throughout the school year.

Ask for help or clarification from the school when I need it.

Feed my children breakfast and provide a lunch or maintain a positive balance in their lunch accounts (enroll for Free and Reduced Lunch if applicable), to ensure they are well fed and ready to learn.

Provide a quiet space and time each day for my children to do homework, and require them to do their work by monitoring its completion and return to school.

Maintain an age-appropriate bedtime in order to ensure that my children are well rested and ready to learn.

Communicate concerns to the school in an appropriate manner, following a protocol of teacher first, then principal.

Love and care for my children so they can achieve their potential!

### **Eastover Elementary School Staff will ...**

Maintain communication with families through email blasts from the principal each Friday.

Maintain communication with families by requiring classroom teachers to send weekly newsletters to update them on classroom events and on the curriculum for the week.

Supply families with information about involvement in both our PTO and GET (Global Education Team) which both periodically offer academic options for students including free tutoring, test preparation, mentoring, and other related sessions.

Ensure that all families are afforded an opportunity to attend Curriculum Night and three Parent/Teacher conferences throughout the school year.

Inform and educate families about our BIT (Building Instructional Team) process and how their children may benefit from a referral.

Solicit family input about academics and school climate through dialogue at meetings and email surveys.

Love and care for your children so they can achieve their potential!
