

## Independent Auditor's Report

Board of Education  
Davis School District

### **Report on the Basic Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Davis School District (the District) as of and for the year ended June 30, 2020, and the related notes to the basic financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### ***Management's Responsibility for the Basic Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## ***Opinions***

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Davis School District as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of the District's proportionate share of the net pension liability (asset) – Utah Retirement Systems, the schedules of District contributions – Utah Retirement Systems, and the related notes to the required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the required supplementary information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary and Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The individual fund statements and schedules and the introductory and statistical sections, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2020 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

*Squire + Company, PC*

Orem, Utah

## Management's Discussion and Analysis

This section of Davis School District's (the District) comprehensive annual financial report presents management's discussion and analysis of the District's financial performance during the year ended June 30, 2020. Please read it in conjunction with the transmittal letter found on pages 11 through 14 of this report and the District's financial statements, which follow this section.

### Financial Highlights

- The District's total net position was \$217.0 million at the close of the most recent fiscal year, most of which is invested in capital assets.
- The District is dependent on revenues generated by property taxes. Property tax revenues increased by 8.4% in 2020 to \$221.8 million as a result of an increase in the taxable value of property and an increase in the overall tax rate.
- During the year, expenses were \$35.2 million less than the \$720.1 million generated in taxes and other revenues for governmental activities.
- The District continued providing for its student growth by issuing \$55.2 million of general obligation bonds. The \$55.2 million is the final installment from the authorization passed by voters in November 2015 in the amount of \$298.0 million. A new elementary school in West Layton (cost of \$28.4 million) and a rebuild of West Bountiful Elementary were completed for the 2020-2021 school year. In addition, the District began a rebuild of South Clearfield Elementary.
- As directed by the District's School Board, the District has increased its fund balance commitment to economic stabilization in the *General Fund*. At June 30, 2020, the District has committed \$28.5 million of the *General Fund* fund balance to economic stabilization. At June 30, 2020, the District has \$31.2 million of unassigned fund balance in the *General Fund*.
- As of June 30, 2020, PARC (Pioneer Adult Rehab Center) is no longer part of Davis School District. PARC has moved its operations to a new entity.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the District, with the difference being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the net position of the District changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and

expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected property taxes and earned but unpaid employee benefits).

The government-wide financial statements can be found on pages 36 to 37 of this report.

The government-wide financial statements of the District are divided into two categories:

- **Governmental activities.** Most of the District's basic services are included here, such as instruction, various supporting services and interest on long-term liabilities. Property taxes and state and federal grants finance most of these activities.
- **Business-type activities.** The District charges fees to students and customers and receives specific grants from various local, state, and federal agencies to help cover the costs of certain services it provides. The Pioneer Adult Rehabilitation Center is included here until its operations were transferred to another entity.

**Fund financial statements.** A *fund* is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

- **Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the *General Fund*, the *Debt Service Fund*, and the *Capital Projects Fund*, each of which are considered to be major funds. Data from the other four governmental funds (*School Food Services Fund*, *Student Activities Fund*, *District Foundation Fund* and *Pass-Through Taxes Fund*) are combined into a single, aggregated presentation. Individual fund data for each of the governmental funds is provided in the form of *combining and individual fund statements and schedules* elsewhere in the report.

The District adopts an annual budget for its *General Fund*. A budgetary comparison statement has been provided for the *General Fund* to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 38 to 42 of this report.

- **Proprietary funds.** The District maintains two proprietary fund types. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial

statements. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses one internal service fund, which is included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for its enterprise fund and for the internal service fund. The basic proprietary fund financial statements can be found on pages 43 to 45 of this report.

**Notes to the basic financial statements.** The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 46 to 69 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its employees. This required supplementary information can be found on pages 70 to 72 of this report.

Individual fund statements and schedules are presented immediately following the notes to the basic financial statements. Individual fund statements and schedules can be found on pages 75 to 90 of this report.

### Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$217.0 million at the close of the most recent fiscal year.

#### DAVIS SCHOOL DISTRICT'S Net Position June 30, 2020 and 2019 (in millions of dollars)

	Governmental Activities		Business-type Activities		Total		Total Change
	2020	2019	2020	2019	2020	2019	2020-2019
Current and other assets	\$ 536.1	\$ 482.1	\$ -	\$ 6.6	\$ 536.1	\$ 488.7	\$ 47.4
Capital assets	787.8	759.8	-	1.6	787.8	761.4	26.4
Total assets	1,323.9	1,241.9	-	8.2	1,323.9	1,250.1	73.8
Deferred outflows of resources	52.5	119.6	-	0.4	52.5	120.0	(67.5)
Current and other liabilities	94.1	86.6	-	0.1	94.1	86.7	7.4
Long-term liabilities outstanding	795.4	889.8	-	1.1	795.4	890.9	(95.5)
Total liabilities	889.5	976.4	-	1.2	889.5	977.6	(88.1)
Deferred inflows of resources	269.9	203.3	-	-	269.9	203.3	66.6
Net position:							
Net investment in capital assets	237.5	218.7	-	1.6	237.5	220.3	17.2
Restricted	75.6	62.9	-	-	75.6	62.9	12.7
Unrestricted	(96.1)	(99.8)	-	5.8	(96.1)	(94.0)	(2.1)
Total net position	\$ 217.0	\$ 181.8	\$ -	\$ 7.4	\$ 217.0	\$ 189.2	\$ 27.8

The largest portion of the District's net position (\$237.5 million) reflects its investment in capital assets less any related outstanding debt used to acquire those assets. The District uses these capital assets to provide services to students; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position (\$75.6 million) represents resources that are subject to external restrictions on how they may be used. The majority of the restricted balance is for school food services, debt service, and capital projects.

The remaining net position (a deficit of \$96.1 million) is unrestricted. This balance is net of the District's proportionate share of the unfunded obligation of the defined benefit pension plans administered by Utah Retirement Systems.

The key elements of change in the District's net position for the year ended June 30, 2020 are as follows:

- Unrestricted net position decreased by \$2.1 million during the current year. This decrease primarily reflects increased salary and related benefits and the allocation of PARC to another entity which had an unrestricted net position of \$6.5 million prior to the allocation.
- Restricted net position increased by \$12.7 million during the current year. This increase resulted primarily from an increase in unspent property tax revenues restricted for debt service and capital projects.
- The District's total revenues increased 5.6% to \$728.4 million. Federal and state aid make up 62.3% of the District's revenues; property taxes generated 30.5% of the District's revenues.
- The total cost of all programs and services increased by 3.1% to \$694.1 million. Instruction and support services represented 65.0% and 26.3%, respectively, of the District's expenses.

**DAVIS SCHOOL DISTRICT'S Changes in Net Position**  
**Years Ended June 30, 2020 and 2019**  
(in millions of dollars)

Net position, ending	<u>\$ 217.0</u>	<u>\$ 181.8</u>	<u>\$ -</u>	<u>\$ 7.4</u>	<u>\$ 217.0</u>	<u>\$ 189.2</u>	<u>\$ 27.8</u>

The narrative that follows considers the operations of governmental and business-type activities separately.

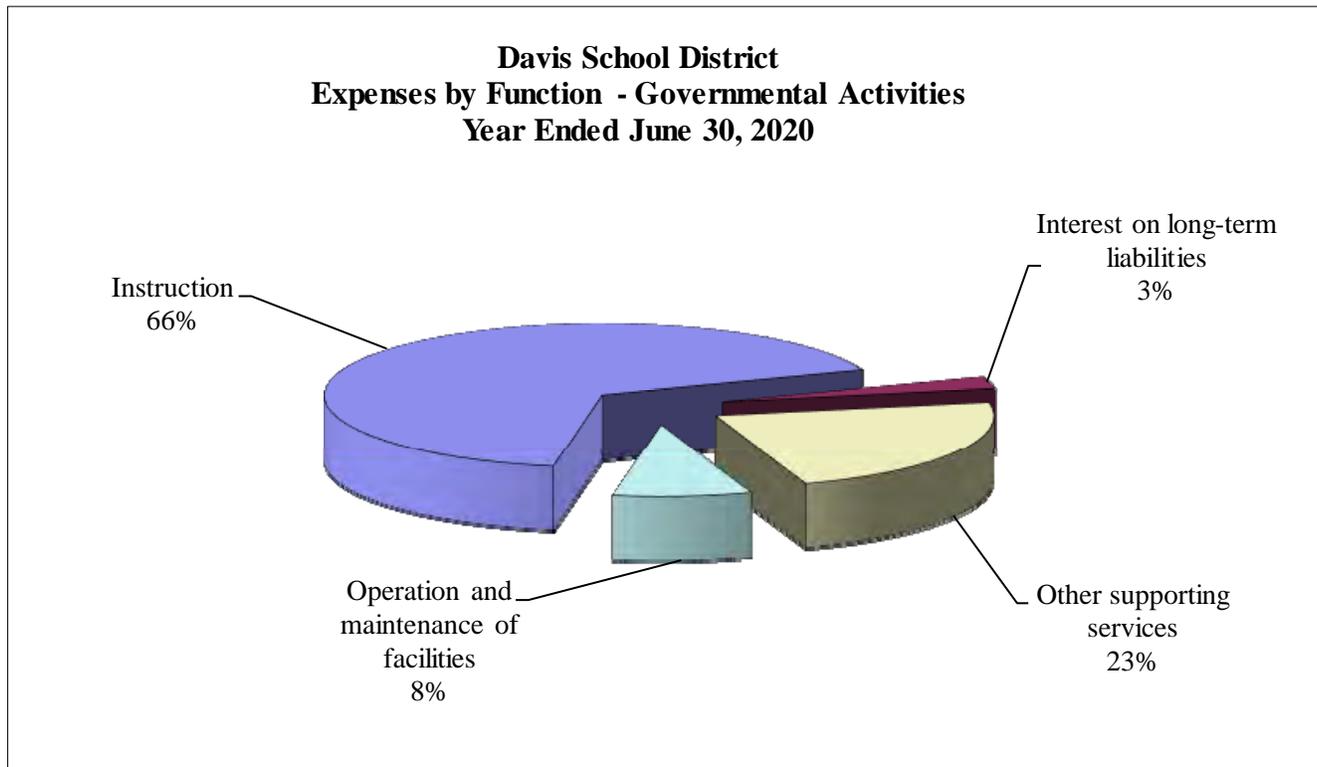

**Governmental activities.** The key elements of the increase in the District's net position for the year ended June 30, 2020 are as follows:

- Revenues increased \$40.6 million or 6.0% and continue to be primarily from federal and state aid and property taxes.
- Federal and state aid not restricted to specific purposes increased by 5.4% or \$16.7 million. Total federal aid increased 7.1% to \$46.2 million primarily due to spending levels. State aid is based primarily on weighted pupil units (WPU) and other appropriations. If a student is in membership a full 180 days, the state awards the District one WPU. The state guarantees that if local taxes do not provide money equal to the amount generated by the WPU the state will make up the difference with state funding. The value of the WPU increased 4.0% from \$3,395 (2019) to \$3,531 (2020).

- Tax revenues increased to \$221.8 million or by 8.0%. This increase was a result of the combination of an increase in the taxable value of property and the school board raising the tax rate through the truth-in-taxation process.

- Expenses for governmental activities increased \$21.0 million or by 3.2%. This increase was primarily the result of increased personnel expenditures for instruction.

**Business-type activities.** The \$7.4 million decrease in the District's net position for the year ended June 30, 2020 was a result of the operations of the Pioneer Adult Rehabilitation Center being allocated to another entity (a \$6.5 million decrease).

- Overall revenues and expenses decreased \$2.5 million and \$0.4 million, respectively, due to a decrease in contract agreements.

### **Financial Analysis of the District's Funds**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. As the District completed the year, its governmental funds reported a combined fund balance of \$224.1 million, \$35.7 million more than the previous year. The *General Fund* and the *Debt Service Fund* had a \$17.8 million increase and a \$4.1 million increase in fund balance, respectively. In addition, the following changes in revenues and expenditures should be noted:

- Revenues for the *General Fund* totaled \$564.2 million, an increase of 6.0%, during the current fiscal year. This increase is primarily due to increased revenues from the State of Utah. State revenues were up 6.2% from the prior year in the *General Fund* due to increases in state appropriations for enrollment growth. Revenues for debt service and capital projects were up 6.5% and 13.9%, respectively. The increase in debt service was a result of an increase in the taxable value of property and an increase in the tax levy to accommodate November 2020 bond principal payments. The increase in capital projects revenue was the result of an increase in state equalization funding.
- Expenditures for the *General Fund* totaled \$546.5 million, an increase of 4.8% during the current fiscal year. Instruction represents 68.1% of *General Fund* expenditures. Capital project expenditures increased 5.4% due to the completion of a new elementary school and a rebuild of West Bountiful Elementary.
- *General Fund* salaries totaled \$328.5 million while the associated employee benefits of retirement, social security, and insurance (health and accident, industrial, and unemployment) added \$156.2 million to arrive at 88.7% of total *General Fund* expenditures.

Governmental funds report the differences between their assets, deferred outflows of resources, liabilities, and deferred inflows of resources as fund balance, which is divided into nonspendable, restricted, and unrestricted portions. Nonspendable fund balance represents items such as inventories which are not resources that can be readily converted to cash. Restricted fund balance includes net fund resources of the District that are subject to external constraints due to state or federal laws, or externally imposed conditions by grantors or creditors. The unrestricted fund balance is, in turn, subdivided between committed, assigned, and unassigned portions. Committed balances reflect the District's self-imposed limitation on the use of otherwise available expendable financial resources in governmental funds. Assigned balances in the *General Fund* and in other governmental funds are those that do not meet the requirements of restricted or committed but are intended to be used for specific purposes. Unassigned balances in the *General Fund* are all other available net fund resources. At June 30, 2020, the District's combined governmental fund balance is \$224.1 million (\$8.6 million in nonspendable, \$108.2 million in restricted, \$45.5 million in committed, \$30.6 million in assigned, and \$31.2 million in unassigned fund balances).

**General Fund Budgetary Highlights**

During the year, the Board revised the District’s budget. Budget amendments were to reflect changes in programs and related funding. The difference between the original budget and the final amended budget was a decrease of \$3.7 million or 0.7% in total *General Fund* expenditures.

During the year, final budgeted revenues were less than original budgetary estimates by \$3.7 million or 0.7%. The decrease primarily reflects small adjustments in property tax, State and Federal revenue.

In addition to these adjustments, the District maintained cost cutting measures to hold expenditures below the amended budget in order to build reserves for unanticipated future costs. Consequently, actual expenditures were \$10.4 million below final budgeted amounts. Additionally, revenues were \$7.3 million above final budgeted amounts primarily due to State funding allocations and higher property tax collections.

**Capital Asset and Debt Administration**

**Capital Assets.** The *Capital Projects Fund* is used to account for the costs incurred in acquiring and improving sites, constructing and remodeling facilities, and procuring equipment necessary for providing educational programs for all students within the District. The District spent \$61.2 million for capital assets. Major projects include the construction of a new elementary school in Layton and a rebuild of West Bountiful Elementary school.

The District continues to enhance school and District facilities. The District is currently rebuilding South Clearfield Elementary and remodeling the District’s transportation facility, both of which will be completed in 2021.

Capital assets at June 30, 2020 and 2019 are outlined below:

**DAVIS SCHOOL DISTRICT'S Capital Assets**  
**June 30, 2020 and 2019**  
(net of accumulated depreciation in millions of dollars)

	Governmental Activities		Business-type Activities		Total		Total Change
	2020	2019	2020	2019	2020	2019	2020-2019
Land	\$ 57.6	\$ 56.5	\$ -	\$ -	\$ 57.6	\$ 56.5	\$ 1.1
Construction in progress	50.6	61.4	-	-	50.6	61.4	(10.8)
Buildings and improvements	663.9	626.4	-	1.5	663.9	627.9	36.0
Furniture and equipment	5.0	4.6	-	0.1	5.0	4.7	0.3
Transportation equipment	10.7	10.9	-	-	10.7	10.9	(0.2)
<b>Total capital assets</b>	<b>\$ 787.8</b>	<b>\$ 759.8</b>	<b>\$ -</b>	<b>\$ 1.6</b>	<b>\$ 787.8</b>	<b>\$ 761.4</b>	<b>\$ 26.4</b>

Additional information on the District’s capital assets can be found in Note 5 to the basic financial statements.

**Debt Administration.** On November 3, 2015, the registered voters of Davis County passed a bond authorization in the amount of \$298.0 million for general obligation school building bonds for new school construction, land acquisitions, renovation of existing school facilities, and related equipment and improvements. This debt authorization was sought to cope with the demands of student growth over the next five years, with student migration to the northwest portion of the county, and to help maintain the District’s investment in its capital assets. The voter authorization passed with 61.6% in favor.

On April 30, 2020 the District issued \$55.2 million of this authorization for Sunburst Elementary in Layton and to continue the replacement of West Bountiful and South Clearfield Elementary schools.

The general obligation bonded debt of the District is limited by state law to 4.0% of the fair market value of the total taxable property in the District. The legal debt limit at June 30, 2020 is \$1,756.3 million. General obligation debt, net of unamortized premiums, at June 30, 2020 was \$590.9 million, resulting in a legal debt margin of \$1,165.4 million.

**DAVIS SCHOOL DISTRICT'S Outstanding Debt**  
**June 30, 2020 and 2019**  
**Net of Accumulated Amortization**  
(in millions of dollars)

	Governmental activities		Total Change 2020-2019
	2020	2019	
Net general obligation bonds	\$ 590.9	\$ 577.9	\$ 13.0

Although it is not unusual for governments to have a 30-year bond payoff schedule, the District maintains an aggressive schedule to retire all of its general obligation bonds by 2040.

Additional information on the District's long-term debt can be found in Note 8 to the basic financial statements.

**Changing Enrollment within the District**

Student enrollment counts are officially taken on October 1 of each year. Student growth continues to be moderate as reflected in the October 2019 count. The District anticipated growth of approximately 250 students for the 2020-21 school year; however, due to a hybrid schedule adopted for student and teacher safety, the District saw a decline of 2,254. Most of the decline is in the elementary grades and is thought to be temporary until a full 5-day week is reestablished. The chart below reflects the counts taken between October 1, 2016 and October 1, 2020 and shows total student growth of 764 students over the five-year period, a 1.1% increase.

**DAVIS SCHOOL DISTRICT'S Student Enrollment**  
**Years Ended June 30, 2016 to 2020**

	2016	2017	2018	2019	2020	Total
October 1st enrollment	71,021	71,908	72,263	72,897	70,643	
Total enrollment change	1,142	887	355	634	(2,254)	764
Percentage change	1.6%	1.2%	0.5%	0.9%	-3.1%	1.1%

The District has ongoing planning efforts to analyze and accommodate the issues related to new growth. A bond authorization approved by voters on November 3, 2015 for \$298.0 million will help meet the ongoing needs of the District's 20-year capital plan and to provide continuous cash flows for the necessary capital projects. With bond proceeds, as well as ongoing capital funds from taxes, the District expects to meet the demands of projected student growth over both the short-term (5 years) as well as the long-term (20+ years) planning horizons.

## **Requests for Information**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, please contact the Davis School District, Office of the Business Administrator, 45 East State Street (P.O. Box 588), Farmington, UT 84025.

The notes to basic financial statements are an integral part of this statement.

**DAVIS SCHOOL DISTRICT**

**Reconciliation of the Balance Sheet of Governmental Funds  
to the Statement of Net Position**

June 30, 2020

**Total fund balances for governmental funds** \$ 224,137,375

Total net position reported for governmental activities in the statement of net position is different because

Capital assets used in governmental funds are not financial resources and therefore are not reported in the funds. Those assets consist of:

Land	\$ 57,560,321	
Construction in progress	50,562,100	
Buildings and improvements, net of \$460,651,980 accumulated depreciation	663,861,734	
Furniture and equipment, net of \$17,975,110 accumulated depreciation	5,056,318	
Transportation equipment, net of \$23,908,597 accumulated depreciation	10,779,877	787,820,350

Some of the District's property taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are reported as deferred inflows of resources in the funds. 2,643,589

Interest on long-term debt is not accrued in the governmental funds, but rather is recognized as an expenditure when due. (1,312,742)

An internal service fund is used by management to charge the costs of self insurance to individual funds and programs. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position. Internal service fund net position at year-end is: 11,217,118

Long-term liabilities that pertain to governmental funds, including bonds payable, are not due and payable in the current period and therefore are not reported as fund liabilities. All liabilities - both current and long-term - are reported in the statement of net position. Balances at year-end are:

Bonds payable	(552,700,000)	
Deferred charge on refunding	6,273,013	
Unamortized premiums	(38,248,844)	
Accrued vacation	(6,446,699)	
Accrued sick leave	(3,333,351)	
Accrued personal leave	(1,924,514)	
Early retirement payable	(11,628,992)	
Net pension liability	(181,144,594)	
Deferred outflows of resources related to pensions	46,178,660	
Deferred inflows of resources related to pensions	(64,512,445)	(807,487,766)

**Total net position - governmental activities** \$ 217,017,924

The notes to basic financial statements are an integral part of this statement.

The notes to basic financial statements are an integral part of this statement.

**DAVIS SCHOOL DISTRICT**

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in  
Fund Balances of Governmental Funds to the Statement of Activities**  
Year Ended June 30, 2020

**Net change in fund balances-total governmental funds** \$ 35,687,231

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, equipment with an initial, individual cost of more than \$5,000 and buildings and improvements with an initial, individual cost of more than \$100,000 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital outlays	\$ 61,309,838	
Loss on sale of capital assets	498,278	
Proceeds from sale of capital assets	(653,303)	
Depreciation expense	(33,140,859)	28,013,954

The governmental funds report bond proceeds as financing sources, while repayment of bond principal is reported as an expenditure. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities and repayment of principal reduces the liability. Also, governmental funds report the effect of premiums when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. Interest is recognized as an expenditure in the governmental funds when it is due. In the statement of activities, however, interest expense is recognized as it accrues, regardless of when it is due. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:

General obligation bond proceeds	(98,735,000)	
Bond premium	(15,651,260)	
Amortization of deferred amounts on refunding	(1,197,952)	
Amortization of bond premium	2,599,795	
Repayment of bond principal	46,045,000	
Refunded bonds escrow payment	52,886,772	
Interest expense - general obligation bonds	42,177	(14,010,468)

Property tax revenue is recognized when levied (claim to resources established) rather than when available. The portion not available soon enough to pay for the current period's expenditures is reported as deferred inflows of resources in the funds. 72,384

In the statement of activities, certain operating expenses - compensated absences (vacation and sick and personal leave) and termination benefits (early retirement) - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). During this year, benefit obligations changed by the following amounts:

Accrued vacation	(706,687)	
Accrued sick and personal leave	(510,732)	
Early retirement payable	(957,832)	
Pension expense	(16,389,497)	(18,564,748)

An internal service fund is used by the District to charge the costs of health and dental insurance to individual funds. The assets and liabilities of this internal service fund are included with governmental activities in the statement of net position. The change in net position of this internal service fund is:

3,981,756

**Change in net position of governmental activities** \$ 35,180,109

The notes to basic financial statements are an integral part of this statement.

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of Davis School District (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the District are described below.

**Reporting Entity**

The Board of Education, comprised of seven elected individuals, is the primary governing authority for the District. As required by GAAP, these financial statements present the District and its blended component unit, Davis School District Foundation (the Foundation) for which the District is considered to be financially accountable. The Foundation exclusively services the District. The District makes all personnel decisions for the Foundation and pays for all operating costs of the Foundation. A blended component unit, although a legally separate entity, is in substance part of the District's operations.

**Government-Wide and Fund Financial Statements**

The *government-wide financial statements* (the statement of net position and the statement of changes in net position) display information about the primary government (the District) and its component unit. These statements include the financial activities of the overall government. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions occur only when the elimination of such activity would distort the expenses and revenues reported by function. These statements distinguish between the *governmental* and *business-type activities* of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a function and, therefore, are clearly identifiable to a particular function. Depreciation expense for capital assets that can specifically be identified with a function are included in its direct expenses. Depreciation expense for "shared" capital assets (for example, a school building is used primarily for instruction, school administration, and operation and maintenance of facilities) are ratably included in the direct expenses of the appropriate functions. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Interest on general long-term liabilities is considered an indirect expense and is reported in the statement of activities as a separate line. Program revenues include 1) fees and charges paid by students and other recipients of goods or services offered by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues that are not classified as program revenues, including property taxes, are presented as general revenues.

The *fund financial statements* provide information about the District's funds. Separate statements for each fund category (governmental and proprietary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. The remaining governmental funds are reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. Operating expenses result from transactions directly associated with the fund's principal services.

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

---

The District reports the following major governmental funds:

- The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *Debt Service Fund* accounts for resources accumulated and payments made for principal and interest on general obligation school building bonds.
- The *Capital Projects Fund* accounts for resources accumulated and payments made for the acquisition and improvement of sites, construction and remodel of facilities, and procurement of equipment necessary for providing educational programs for all students within the District.

The District reports the *Pioneer Adult Rehabilitation Center Fund* (PARC) which accounts for revenues and expenses related to fostering independence for people with disabilities as a major enterprise fund. Effective June 30, 2020, PARC moved its operation under a different parent company and will no longer be reported as part of Davis School District.

Additionally, the District reports the *Self Insurance Fund* (an internal service fund) which accounts for employee benefits provided to other funds of the District on a cost-reimbursement basis.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The *government-wide* and *proprietary fund financial statements* are reported using the economic resources measurement focus and are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District receives value without directly giving equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

*Governmental fund financial statements* are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within thirty days after year-end. Property taxes and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when the District receives cash. Expenditures generally are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, early retirement, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

---

**Budgetary Data**

The District operates within the budget requirements for school districts as specified by state law and as interpreted by the Utah State Superintendent of Public Instruction. Budgets are presented on the modified accrual basis of accounting for all governmental funds. All annual appropriations lapse at fiscal year-end with the exception of those indicated as a fund balance commitment. The following procedures are used in establishing the budgetary data reflected in the financial statements.

- By June 1 of each year, the District business administrator prepares a proposed annual budget (for the fiscal year beginning July 1) for all applicable funds. The budget is presented to the Board of Education by the superintendent. This budget includes proposed expenditures and the means of financing them. Also included is a final budget for the current fiscal year ending June 30.
- Copies of the proposed budget are made available for public inspection and review by the District's patrons.
- If the District does not exceed the certified tax rate, a public hearing is held prior to June 30 at which the budget is legally adopted by resolution of the Board after obtaining taxpayer input. If the District exceeds the certified tax rate, the budget is adopted in August when additional data is available to set the rates.
- Once adopted, the budget can be amended by subsequent Board action. The Board upon recommendation of the superintendent can approve reductions in appropriations, but increases in appropriations by fund require a public hearing prior to amending the budget. In accordance with Utah state law, interim adjustments may be made by administrative transfer of money from one appropriation to another within any given fund.
- Certain interim adjustments in estimated revenue and expenditures during the year ended June 30, 2020, have been included in the final budget approved by the Board, as presented in the financial statements.
- Expenditures may not legally exceed budgeted appropriations at the fund level.

**Deposits and Investments**

The cash balances of substantially all funds are pooled and invested by the District for the purpose of increasing earnings through investment activities and providing efficient management of temporary investments. Investments for the District, as well as for its component unit, are reported at fair value. Changes in the fair value of investments are recorded as investment earnings. Earnings on pooled funds are apportioned and paid or credited to the funds based on the average balance of each participating fund.

**Cash and Cash Equivalents**

The District considers cash and cash equivalents in proprietary funds to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition, including investments in the Utah Public Treasurers' Investment Fund (PTIF).

**Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at year-end are referred to as either "due to/from other funds" (i.e., current portion of interfund loans). Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

**Inventories**

Inventories are valued at cost or, if donated, at fair value when received, using the moving-average method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Donated food commodities are reported as revenue when received. Inventories reported in the governmental funds are equally offset by a nonspendable portion of fund balance, indicating that they are not expected to be converted to cash.

**Capital Assets**

Capital assets, which include land, buildings and improvements, furniture and equipment, and transportation equipment are reported in the government-wide financial statements and proprietary fund financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$5,000 for land, furniture and equipment, and transportation equipment and \$100,000 for buildings and improvements. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the lives of the assets are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction is not capitalized. Buildings and improvements, furniture and equipment, and transportation equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	40
Building improvements and portable classrooms	20
Kitchen equipment appliances	15
Maintenance and CTE equipment	15
School buses	10
Furniture and office equipment	10
Heavy trucks	7
Audio visual equipment	6
Light trucks	6
Copiers, printers, etc	5
Miscellaneous equipment and accessories	5
Passenger cars and vans	5
Computer equipment and software	3

**Unearned Revenue**

Unearned revenue for the District represents amounts received on grants whose purpose restrictions have not been met. Revenue is recognized on restricted grants only when all restrictions on those funds are satisfied.

**Compensated Absences**

Under terms of association agreements, twelve-month or full-year employees earn vacation and sick leave in amounts varying with tenure and classification. Nine-month full-time employees earn sick leave and personal leave in amounts varying with tenure and classification. In the event of termination or death, an employee is reimbursed for the current value of accumulated vacation days to a maximum of 40 days, and is reimbursed for unused personal leave days at an appropriate substitute rate. Upon retirement, employees are compensated for accumulated sick leave at 21.5% of the current value. All vacation pay, personal leave pay, and an estimated potential amount for sick leave pay, are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

---

matured, for example, as a result of employee resignations and retirements. Compensated absences will be paid by the fund in which the employee worked (typically the *General Fund*).

**Pensions**

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems (URS) and additions to/deductions from the URS's fiduciary net position have been determined on the same basis as they are reported by the URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension plan investments are reported at fair value.

**Long-Term Obligations**

In the government-wide financial statements and the *Self Insurance Fund*, long-term debt and other long-term obligations are reported in the applicable statement of net position. Bond premiums and discounts, as well as refunding costs, are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of unamortized bond premiums or discounts.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

**Deferred Outflows of Resources**

In addition to assets, financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

**Deferred Inflows of Resources**

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

**Net Position/Fund Balances**

The residual of all other elements presented in a statement of net position is *net position* on the government-wide and proprietary fund financial statements and the residual of all other elements presented in a balance sheet on the governmental fund financial statements is *fund balance*.

Net position is divided into three components: net investment in capital assets (capital assets net of related debt less unspent bond proceeds), restricted, and unrestricted. Net position is reported as restricted when constraints are placed upon it by external parties or are imposed by constitutional provisions or enabling legislation.

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

---

The governmental fund financial statements present fund balances based on a hierarchy that shows, from highest to lowest, the level or form of constraints on fund balance resources and the extent to which the District is bound to honor them. The District first determines and reports non-spendable balances, then restricted, then committed, and so forth.

Fund balance classifications are summarized as follows:

*Nonspendable* – This category includes fund balance amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact. Fund balance amounts related to prepaid items and inventories are classified as nonspendable.

*Restricted* – This category includes net fund resources that are subject to external constraints that have been placed on the use of the resources either a) imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation. Restricted fund balance amounts include the unspent tax revenue for specific purposes (debt service and capital projects) and amounts in other governmental funds (school food services).

*Committed* – This category includes amounts that can only be used for specific purposes established by formal action of the District’s highest level of decision-making authority. The Board of Education is the highest level of decision making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The Board of Education has resolved to commit fund balance amount in the governmental funds for the following purposes:

- Workers compensation claims.
- Employee benefit obligations for unpaid compensated absences including vacation, sick, and personal leave.
- Amounts held in other governmental fund resources for schools.
- As defined in Utah law as an “undistributed reserve,” the District maintains up to five percent of *General Fund* budgeted expenditures for economic stabilization. Potential state budget cuts, disasters, immediate capital needs, and other significant events are circumstances or conditions that signal the need for stabilization. Additionally, the commitment is necessary to maintain liquidity (i.e., reducing any disparity between when financial resources are available to make payments and the maturity of related liabilities). Also defined by state law, the commitment is not to be used “in the negotiation or settlement of contract salaries for school district employees” and the use of this reserve requires a written resolution adopted by a majority vote of the Board of Education filed with the Utah State Board of Education and the Office of the Utah State Auditor.

*Assigned* – This category includes amounts to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board has authorized the business administrator to assign fund balances. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment. The District has assigned *General Fund* resources for District programs, schools, and the Foundation, as well as, for future medical insurance costs.

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

*Unassigned* – Residual balances in the *General Fund* are classified as unassigned.

**Net Position/Fund Balance Flow Assumption**

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report in each category of net position and fund balance, a flow assumption must be made about the order in which the resources are considered to be applied.

*Net position* – It is the District’s policy to consider restricted net position to have been depleted before unrestricted net position.

*Fund balance* – It is the District’s policy to consider restricted fund balance to have been depleted before using any components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**NOTE 2 – DEPOSITS AND INVESTMENTS**

Deposits and investments are carried at fair value. A reconciliation of cash and investments at June 30, 2020, as shown on the financial statements, is as follows:

Carrying amount of deposits	\$ 17,017,291
Carrying amount of investments	277,100,794
Total cash and investments	\$ 294,118,085
Governmental funds cash and investments	\$ 267,456,556
Internal service fund cash and investments	26,661,529
Total cash and investments	\$ 294,118,085

The District complies with the State Money Management Act (*Utah Code* Title 51, Chapter 7) (the Act) and related Rules of the Money Management Council (the Council) in handling our depository and investing transactions. District funds are deposited in qualified depositories as defined by the Act. The Act also authorizes the District to invest in the Utah Public Treasurers’ Investment Fund (PTIF), certificates of deposit, U.S. Treasury obligations, U.S. agency issues, first-tier commercial paper, banker’s acceptances, repurchase agreements, corporate bonds, money market mutual funds, and obligations of governmental entities within the State of Utah.

The Act and Council rules govern the financial reporting requirements of qualified depositories in which public funds may be deposited and prescribe the conditions under which the designation of a depository shall remain in effect. The District considers the rules of the Council to be necessary and enough for adequate protection of our uninsured bank deposits.

Rules of the Council allow the Davis School District Foundation to invest private grants, contributions, and endowments in any deposit or investment authorized by the Act and certain investment funds, equity securities, fixed-income securities, and investment strategies with institutions that meet certain restrictions.

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

**Deposits**

At June 30, 2020, the District and the Foundation have the following deposits with financial institutions:

	Carrying Amount	Bank Balance	Amount Insured
Davis School District	\$ 15,023,725	\$ 11,331,476	\$ 250,000
Davis School District Foundation, a component unit of the District	1,993,566	1,993,566	-
Total deposits	\$ 17,017,291	\$ 13,325,042	\$ 250,000

*Custodial Credit Risk* – Custodial credit risk for deposits is the risk that, in the event of a bank failure, a government’s deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk. At June 30, 2020, the uninsured amount of the District’s and Foundation’s pooled bank deposits was uncollateralized.

**Investments**

The District’s investments are with the PTIF, government agencies, and in corporate bonds. The Foundation invests private funds through a broker.

The District invests with the PTIF. The PTIF is an external local government investment pool managed by the Utah State Treasurer. The PTIF is authorized and makes investments in accordance with the Act. The Council provides regulatory oversight for the PTIF. Participant accounts with the PTIF are not insured or otherwise guaranteed by the state. Participants in the PTIF share proportionally in the income, costs, gains, and losses from investment activities. The degree of risk of the PTIF depends upon the underlying portfolio, which consists of debt securities held by the state or in the state’s name by the state’s custodial banks, including investment-grade corporate bonds and notes, 94.0%; money market mutual funds, 3.4%; first-tier commercial paper, 2.5%; and certificates of deposit, 0.1%. The portfolio has a weighted average maturity of less than 90 days. The majority of the PTIF’s corporate bonds and notes are variable-rate securities, which reset every three months to the prevailing market interest rates. The PTIF is not rated. The PTIF has no debt securities with more than 5% of its total investments in a single issuer. The reported value of the pool is the same as the fair value of the pool shares.

At June 30, 2020, the District has \$266,256,168 invested in the Utah Public Treasurers’ Investment Fund; the PTIF is not rated. The District has \$491,699 invested in government agencies rated AAA or higher by Moody’s Investors Service. The District also has \$8,962,732 invested in corporate bonds rated BBB- and Baa3 or higher by Standard & Poor’s and Moody’s Investors Service, Inc., respectively. The Davis School District Foundation has \$1,390,195 invested in mutual funds that are unrated.

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**

*Continued*

The District and the Foundation have the following investments summarized by investment type and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)	
		Less Than 1	1-5
Davis School District:			
Utah Public Treasurers' Investment Fund (PTIF)	\$ 266,256,168	\$ 266,256,168	\$ -
Government agencies	491,699	-	491,699
Corporate bonds	8,962,732	1,446,981	7,515,751
Total District	275,710,599	267,703,149	8,007,450
Davis School District Foundation, a component unit of the District:			
Mutual funds	1,390,195	-	-
Total Foundation	1,390,195	-	-
Total investments	<u>\$ 277,100,794</u>	<u>\$ 267,703,149</u>	<u>\$ 8,007,450</u>

*Interest Rate Risk* – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages its exposure to interest rate risk by complying with the Act, which requires that the remaining term to maturity of investments to not exceed the period of availability of the funds invested. Except for endowments, the Act further limits the remaining term to maturity on all investments in commercial paper and bankers' acceptances to 270 days or less and fixed-income securities to 365 days or less. In addition, variable-rate securities may not have a remaining term to final maturity exceeding two years. The Foundation can invest private funds in fixed-income securities with a dollar-weighted average maturity not to exceed ten years. The District has no investment policy that would further limit its interest rate risk.

*Credit Risk* – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's policy for reducing its exposure to credit risk is to comply with the Act and related rules. The Act and related rules limit investments in commercial paper to a first tier rating and investments in fixed-income and variable-rate securities to a rating of A or higher as rated by Moody's Investors Service or by Standard & Poor's. The District has no investment policy that would further limit its investment choices.

*Concentration of Credit Risk* – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The District's policy for managing this risk is to comply with the Act and related rules. The Act limits investments in commercial paper and or corporate obligations to 5% of the District's total portfolio with a single issuer. The District places no other limits on the amount it may invest in any one issuer. The Foundation can invest private funds in certain equity and fixed-income securities provided no more than 5% of all funds are invested in any one issuer and no more than 25% of all funds are invested in a particular industry. Also, for the Foundation's investments in private funds, no more than 75% may be invested in equity securities and no more than 5% in collateralized mortgage obligations.

*Custodial Credit Risk* – Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The District's policy for managing this risk is to comply with the Act and related rules. The District places no other limit on the amount of investments to be held by counterparties. The Act requires the Foundation's public treasurer to have custody of all securities purchased or held or deposit these securities with a bank or trust company to be held in safekeeping by that custodian.

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

---

The Foundation's investments held in a brokerage account are covered by Securities Investor Protection Corporation up to \$500,000.

**NOTE 3 – FAIR VALUE MEASUREMENTS**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2020:

- Government agencies securities of \$491,699 are valued using quoted market prices (Level 1 inputs).
- Corporate bonds of \$8,962,732 are valued using a matrix pricing model (Level 2 inputs).
- Public Treasurers' Investment Fund position of \$266,256,168 is valued at the District's position in the PTIF multiplied by the published fair value factor (Level 2 inputs).

The Foundation has the following recurring fair value measurements as of June 30, 2020:

- Mutual funds of \$1,390,195 are valued using quoted market prices (Level 1 inputs).

**NOTE 4 – PROPERTY TAXES**

**District Property Tax Revenue**

The property tax revenue of the District is collected and distributed by the Davis County treasurer as an agent of the District. Utah statutes establish the process by which taxes are levied and collected. The county assessor is required to assess real property as of January 1 (the legal lien date) and complete the tax rolls by May 15. By July 21, the county auditor is to mail assessed value and tax notices to property owners. A taxpayer may then petition the County Board of Equalization between August 1 and August 15 for a revision of the assessed value. The county auditor makes approved changes in assessed value by November 1 and on this same date the county auditor is to deliver the completed assessment rolls to the county treasurer. Tax notices are mailed with a due date of November 30.

An annual uniform fee based on the value of motor vehicles is levied in lieu of an ad valorem tax on motor vehicles. This uniform fee was 1.5% of the fair market statewide value of the property, as established by the State Tax Commission. Legislation requires motor vehicles be subject to an "age-based" fee that is due each time a vehicle is registered. The revenues collected in each county from motor vehicle fees is distributed by the county to each taxing entity in which the property is located in the same proportion in which revenue collected from ad valorem real property tax is distributed. The District recognizes motor vehicle fees as property tax revenue when collected.

As of June 30, 2020, property taxes receivable by the District includes uncollected taxes assessed as of January 1, 2020 or earlier. It is expected that all assessed taxes (including delinquencies plus accrued interest and penalties) will be collected within a five-year period, after which time the county treasurer may force sale of property to collect the delinquent portion.

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

---

**Incremental Taxes**

In addition to property taxes the District levies for its own purposes, the District levies property taxes for redevelopment agencies (located within the boundaries of the District) in accordance with the Community Development and Renewal Agencies Act (Utah Code 17C-1). These taxes are forwarded directly by the county to the redevelopment agencies as these taxes are collected by the county.

Property tax revenue (or incremental taxes) from increased assessed values within project areas are earmarked to finance urban renewal, economic development, and community development projects managed by the redevelopment agencies for the duration of the projects.

During the year ended June 30, 2020, incremental taxes levied by the District for the redevelopment agencies totaling \$9,941,751 were recorded as revenue with an equivalent amount of expenditure for instruction in the other governmental funds (in the *Pass-Through Taxes Fund*).

Per *Utah Code 53F-2-703*, a portion of the District's board local levy is paid to the statewide charter school levy account. The portion is based on the number of charter school students residing within the District's boundaries. In 2020, the amount collected by the county and paid directly to the state was \$2,334,463; this amount was reported in the District's *Pass-Through Taxes Fund*.

For the year ended June 30, 2020, depreciation expense was charged to functions of the District as follows:

<b>Governmental activities:</b>	
Instruction	\$ 26,573,274
Supporting services:	
Students	283,884
Instructional staff	98,274
District administration	35,825
School administration	1,416,184
Business administration	888,751
Operation and maintenance of facilities	2,409,438
Student transportation	1,159,821
School food services	275,408
	<u>275,408</u>
Total depreciation expense, governmental activities	<u>\$ 33,140,859</u>
 <b>Business-type activities:</b>	
Pioneer Adult Rehabilitation Center	<u>\$ 135,138</u>

The District is obligated at June 30, 2020 under construction commitments as follows:

Project	Project Authorized	Costs to Date	Costs to Complete
Sunburst Elementary 2015 Bond	\$ 25,132,524	\$ 20,906,155	\$ 4,226,369
S. Clearfield Elem. Rebuild 2015 Bond	30,026,796	9,570,108	20,456,688
W. Bountiful Elementary Rebuild 2015 Bond	28,089,563	19,729,947	8,359,616
Sunset Jr. Remodel 2015 Bond	3,757,800	355,890	3,401,910
	<u>\$ 87,006,683</u>	<u>\$ 50,562,100</u>	<u>\$ 36,444,583</u>

General obligation school building bonds will be used to finance the costs to complete these projects (See Note 8).

**NOTE 6 – RETIREMENT PLANS**

*Description of Plans*

Eligible employees of the District are provided with the following plans through the Utah Retirement Systems (URS) administered by the URS:

Defined Benefit Pension Plans (cost-sharing, multiple-employer plans):

- Public Employees Noncontributory Retirement System (Tier 1 Noncontributory System)
- Public Employees Contributory Retirement System (Tier 1 Contributory System)
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Contributory System) Defined

Defined Contribution Plans (individual account plans):

- 401(k) Plan (includes the Tier 2 Defined Contribution Plan)
- 457 Plan and other individual plans

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

---

District employees qualify for membership in the retirement systems if a) employment, contemplated to continue during a fiscal or calendar year, normally requires an average of 20 or more hours per week and the employee receives benefits normally provided by the District as approved by the Utah State Retirement Board, b) the employee is a classified school employee whose employment normally requires an average of 20 hours or more per week regardless of benefits, c) the employee is a teacher who teaches half-time or more and receives benefits normally provided by the District as approved by the Utah State Retirement Board, or d) the employee is an appointed officer.

The Tier 2 systems became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with URS, are members of the Tier 2 systems.

The plans are established and governed by the respective sections of Title 49 of the *Utah Code*. The plans are amended statutorily by the Utah State Legislature. Title 49 provides for the administration of the plans under the direction of the Utah State Retirement Board, whose members are appointed by the Governor.

The URS (a component unit of the State of Utah) issues a publicly available financial report that can be obtained at [www.urs.org](http://www.urs.org).

**Benefits Provided**

The URS provides retirement, disability, and death benefits to participants in the plans.

Retirement benefits in the defined benefit pension plans are determined from 1.50% to 2.00% of the employee's highest 3 or 5 years of compensation times the employee's years of service depending on the pension plan; benefits are subject to cost-of-living adjustments up to 2.50% or 4.00%, limited to the actual Consumer Price Index increase for the year. Employees are eligible to retire based on years of service and age.

Defined contribution plans are available as supplemental plans to the basic retirement benefits of the defined benefit pension plans and as a primary retirement plan for some Tier 2 participants. Participants in the defined contribution plans are fully vested in employer and employee contributions at the time the contributions are made, except Tier 2 required contributions and associated earnings are vested during the first four years of employment. If an employee terminates prior to the vesting period, employer contributions and associated earnings for that employee are subject to forfeiture. Forfeitures are used to cover a portion of the plan's administrative expenses paid by participants. Benefits depend on amounts contributed to the plans plus investment earnings. Individual accounts are provided for each employee and are available at termination, retirement, death, or unforeseeable emergency.

**Contributions**

As a condition of participation in the plans, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable), is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability.

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

For the year ended June 30, 2020, District required contribution rates for the plans were as follows:

	Defined Benefit Plans Rates			District Rates for 401(k) Plan	Totals
	District Contribution *	Amortization of UAAL **	Paid by District for Employee		
Tier 1 Noncontributory System	12.25%	9.94%	0.0%	1.50%	23.69%
Tier 1 Contributory System	5.45%	12.25%	6.00%	-	23.70%
Tier 2 Contributory System	9.05%	9.94%	0.00%	1.03%	20.02%
Tier 2 Defined Contribution Plan	0.08%	9.94%	0.00%	10.00%	20.02%

\* District contribution includes 0.08% of covered-employee payroll of the Tier 2 plans for death benefits.

\*\* Required contributions include an additional amount to finance any unfunded actuarial accrued liability in the Tier 1 plans.

Employees can make additional contributions to defined contribution plans subject to limitations.

For the year ended June 30, 2020, District and employee contributions to the plans were as follows:

	District Contributions *	Employee Contributions
Tier 1 Noncontributory System	\$ 44,593,815	\$ -
Tier 1 Contributory System	155,708	64,242
Tier 2 Contributory System	14,593,405	-
Tier 2 Defined Benefit Plan	1,512,314	-
401(k) Plan	5,351,977	4,332,076
457 Plan and other individual plans	-	1,165,152

\* A portion of required contributions in the Tier 2 plans is used to finance the unfunded actuarial accrued liability in the Tier 1 plans.

**Pension Assets and Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2020, the District reported a net pension liability of \$181,144,594 for the following plans:

	Net Pension Asset	Net Pension Liability
Tier 1 Noncontributory System	\$ -	\$ 179,422,790
Tier 1 Contributory System	-	598,435
Tier 2 Contributory System	-	1,123,369
Total	\$ -	\$ 181,144,594

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

The net pension liability (asset) was measured as of December 31, 2019, and the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of January 1, 2019, rolled-forward using generally accepted actuarial procedures. Our proportion of the net pension liability (asset) is equal to the ratio of our actual contributions compared to the total of all employer contributions during the plan year. The following presents our proportion (percentage) of the collective net pension liability (asset) at December 31, 2019 and the change in our proportion since the prior measurement date for each plan:

	Proportionate Share	
	2019	Change
Tier 1 Noncontributory System	8.0759167%	0.4036092%
Tier 1 Contributory System	8.6681669%	2.8732857%
Tier 2 Contributory System	4.9948043%	0.0011006%

For the year ended June 30, 2020, the District recognized pension expense for the plans as follows:

	Pension Expense
Defined benefit pension plans:	
Tier 1 Noncontributory System	\$ 69,926,017
Tier 1 Contributory System	395,950
Tier 2 Contributory System	6,314,863
Total	\$ 76,636,830
Defined contribution plans:	
Tier 2 Defined Contribution Plan	\$ 1,512,314
401(k) Plan	5,351,977
Total	\$ 6,864,291

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**

*Continued*

At June 30, 2020, the District reported deferred outflows of resources related to defined benefit pension plans from the following sources:

	Deferred Outflows of Resources Related to Pensions			
	Tier 1 Noncontributory System	Tier 1 Contributory System	Tier 2 Contributory System	Total
Differences between expected and actual experience	\$ 2,789,367	\$ -	\$ 314,261	\$ 3,103,628
Changes of assumptions	10,400,454	-	479,675	10,880,129
Changes in proportion and differences between District contributions and proportionate share of contributions	1,129,368	-	832,167	1,961,535
Contributions subsequent to the measurement date	22,129,164	74,577	8,201,627	30,405,368
Total	\$ 36,448,353	\$ 74,577	\$ 9,827,730	\$ 46,350,660

At June 30, 2020, the District reported deferred inflows of resources related to defined benefit pension plans from the following sources:

	Deferred Inflows of Resources Related to Pensions			
	Tier 1 Noncontributory System	Tier 1 Contributory System	Tier 2 Contributory System	Total
Differences between expected and actual experience	\$ 1,100,709	\$ -	\$ 385,537	\$ 1,486,246
Changes of assumptions	-	-	32,283	32,283
Net difference between projected and actual earnings on pension plan investments	55,548,310	2,384,228	863,528	58,796,066
Changes in proportion and differences between District contributions and proportionate share of contributions	4,438,137	-	-	4,438,137
Total	\$ 61,087,156	\$ 2,384,228	\$ 1,281,348	\$ 64,752,732

The \$30,405,368 reported as deferred outflows of resources related to pensions resulting from our contributions subsequent to the measurement date of December 31, 2019 will be recognized as a reduction of the net pension liability (asset) in the year ending June 30, 2021. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to defined benefit pension plans will be recognized in pension expense as follows:

Year Ending June 30,	Tier 1 Noncontributory System	Tier 1 Contributory System	Tier 2 Contributory System	Total
2021	\$ (9,171,872)	\$ (795,657)	\$ (120,558)	\$ (10,088,087)

2025	-	-	112,508	112,508
Thereafter	-	-	645,744	645,744

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

**Actuarial Assumptions**

The total pension liability in the January 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Salary increases	3.25% to 9.75%, average, including inflation
Investment rate of return	6.95%, net of pension plan investment expense, including inflation

Mortality rates were based on actual experience and mortality tables, considering gender, occupation, and age, as appropriate, with adjustments for future improvement in mortality based on Scale AA, a model developed by the Society of Actuaries.

The actuarial assumptions used in the January 1, 2019 valuation were based on the results of an actuarial experience study for the five-year period ended December 31, 2016. Assumptions remained unchanged that affect measurement of the total pension liability (asset) since the prior measurement date.

The long-term expected rate of return on defined benefit pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Equity securities	40%	6.15%
Debt securities	20%	0.40%
Real assets	15%	5.75%
Private equity	9%	9.95%
Absolute return	16%	2.85%
Cash and cash equivalents	0%	0.00%
Total	<u>100%</u>	

**Discount Rate**

The discount rate used to measure the total pension liability (asset) was 6.95%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates, actuarially determined and certified by the Utah State Retirement Board. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

**Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following presents the District’s proportionate share of the net pension liability (asset) calculated using the discount rate of 6.95%, as well as what its proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.95%) or 1-percentage-point higher (7.95%) than the current rate:

	<u>1% Decrease (5.95%)</u>	<u>Discount Rate (6.95%)</u>	<u>1% Increase (7.95%)</u>
District's proportionate share of the net pension (asset) liability:			
Tier 1 Noncontributory System	\$ 404,756,967	\$ 179,422,790	\$ (9,464,235)
Tier 1 Contributory System	5,828,766	598,435	(3,885,575)
Tier 2 Contributory System	9,687,304	1,123,369	(5,494,980)
Total	<u>\$ 420,273,037</u>	<u>\$ 181,144,594</u>	<u>\$ (18,844,790)</u>

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan’s fiduciary net position is available in the separately issued URS financial report.

**Payables to the Pension Plans**

At June 30, 2020, the District reported payables of \$14,247,876 for contributions to defined benefit pension plans and defined contribution plans.

**NOTE 7 – RISK MANAGEMENT**

The *Self Insurance Fund*, an internal service fund, was established to pay self-insurance claims for health and dental coverage provided to qualified District employees. The District carries commercial insurance, which covers claims in excess of \$200,000. The fund collects premiums, established by the District and plan administrator, from other District funds. The District has recorded an estimate of claims incurred but not reported (IBNR) of \$15,444,411 as of June 30, 2020. This liability is based on experience and information provided by the plan administrator. The following table shows a history of accrued claims payable for the years ended June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Beginning accrued claim payable	\$ 15,433,280	\$ 14,136,035
Claims (including incurred but not reported)	69,663,775	72,064,687
Payment of claims and administrative costs	<u>(69,652,644)</u>	<u>(70,767,442)</u>
Ending accrued claims payable	<u>\$ 15,444,411</u>	<u>\$ 15,433,280</u>

**DAVIS SCHOOL DISTRICT**

*Continued*

Unemployment compensation is handled on a cost of benefits reimbursement basis with the state of Utah. The District is self-insured for worker's compensation claims up to \$250,000 per incident which are processed by a third party administrator. During the year ended June 30, 2020, the District paid worker's compensation claims in the amount of \$1,179,103. A co-insurance policy provides for individual worker's compensation claims in excess of \$250,000. The District has not established a liability for either claims outstanding or for the claims incurred but not reported (IBNR) because management believes the amount would be immaterial to the financial statements.

The District maintains insurance coverage for general, automobile, personal injury, errors and omissions, employee dishonesty, and malpractice liability up to \$10 million per occurrence through policies administered by the Utah State Risk Management Fund (Fund). The District also insures its buildings, including those under construction, and contents against all insurable risks of direct physical loss or damage with the Fund. Property physical damage is insured to replacement value with a \$1,000 deductible; automobile physical damage is insured to actual value with a \$1,000 deductible; other liability is limited to the lesser of \$10 million or the statutory limit. The Fund is a public entity risk pool operated by the State for the benefit of the State and local governments within the State. The District pays annual premiums to the Fund; the Fund obtains independent coverage for insured events, up to \$25 million per location. This is a pooled arrangement where the participants' pay experience rated annual premiums, which are designed to pay claims and build sufficient reserves so that the pool will be able to protect the participating entities with its own capital. The pool reinsures excess losses to preserve the capital base. Insurance coverage by major category of risk has remained relatively constant as compared to the prior fiscal year. Insurance settlements have not exceeded insurance coverage for the past three years.

**NOTE 8 – LONG-TERM LIABILITIES**

Long-term liability activity for the year ended June 30, 2020 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<b>Governmental activities:</b>					
Bonds payable:

**General Obligation Bonds**

The District issues general obligation bonds to provide funds for the construction of new facilities, acquisition of property, renovation and improvement of facilities, and procurement of other equipment. General obligation bonds are direct obligations and pledge the full faith and credit of the District.

The annual requirements to amortize all general obligation bonds outstanding as of June 30, 2020, including interest payments, are listed as follows:

Year Ending June 30,	Principal	Interest	Total
2021	\$ 49,390,000	\$ 20,212,112	\$ 69,602,112
2022	36,865,000	18,266,705	55,131,705
2023	32,060,000	16,847,431	48,907,431
2024	33,430,000	15,452,006	48,882,006
2025	34,860,000	14,006,688	48,866,688
2026-2030	182,670,000	49,202,888	231,872,888
2031-2035	128,205,000	20,969,344	149,174,344
2036-2040	55,220,000	3,682,006	58,902,006
Total	<u>\$ 552,700,000</u>	<u>\$ 158,639,181</u>	<u>\$ 711,339,181</u>

*Continued*

General obligation school building bonds payable at June 30, 2020 with their outstanding balances are comprised of the following individual issues:

Bond Series 2012 - GO Bonds - original issue of \$35,000,000 with interest rates ranging from 2.0% to 4.0%	\$ 31,030,000
Bond Series 2013A - GO Bond - original issue of \$20,000,000 with interest rates ranging from 2.0% to 4.0%	17,840,000
Bond Series 2014 - GO Bonds - original issue of \$25,000,000 with interest rates ranging from 2.25% to 5.0%	25,000,000
Bond Series 2015A - GO Bonds - original issue of \$40,000,000 with interest rates ranging from 2.0% to 5.0%	33,140,000
Bond Series 2015B - GO Refunding Bonds - original issue of \$67,025,000 with interest rates ranging from 2.0% to 5.0%	53,055,000
Bond Series 2015C - GO Refunding Bonds - original issue of \$53,010,000 with interest rate of 1.72%	16,710,000
Bond Series 2016 - GO Bonds - original issue of \$68,500,000 with interest rates ranging from 2.0% to 3.375%	61,700,000
Bond Series 2017A - GO Bonds - original issue of \$80,000,000 with interest rates ranging from 3.0% to 5.0%	77,675,000
Bond Series 2017B - GO Refunding Bonds - original issue of \$36,805,000 with interest rate of 2% to 5%	36,805,000
Bond Series 2018 - GO Bonds - original issue of \$69,375,000 with interest rates ranging from 3.0% to 5.0%	66,175,000
Bond Series 2019 - GO Bonds - original issue of \$50,000,000 with interest rates ranging from 3.0% to 5.0%	38,075,000
Bond Series 2019B - GO Bonds - original issue of \$43,565,000 with interest rates of 5%	40,325,000
Bond Series 2020A - GO Bonds - original issue of \$55,170,000 with interest rates ranging from 2.5% to 5.0%	55,170,000
	\$ 552,700,000

The general obligation bonded debt of the District is limited by state law to 4.0% of the fair market value of the total taxable property in Davis County. The legal debt limit at June 30, 2020 is \$1,756,306,023 with general obligation debt outstanding, net of issuance premiums, of \$590,948,844, resulting in a legal debt margin of \$1,165,357,179.

Payments on the general obligation bonds are made by the *Debt Service Fund* from property taxes and earnings on investments. The obligations under capital leases are paid by the *Capital Projects Fund*. Compensated absences, claims payable, and early retirement benefits will be paid by the fund in which the employee worked, including the *General Fund* and other governmental funds.

**Bond Issuance**

In September 2019, the District issued \$43,565,000 of crossover general obligation 2019B refunding bonds (with a premium of \$9,579,467) to purchase securities that were placed in an irrevocable trust for the purpose of generating resources for future debt service payments of the refunding bonds until December 1, 2019 (the crossover date) and to refund \$52,660,000 of the 2010A general obligation bonds on the crossover date. On the crossover date, the refunded bonds were defeased and the District began to pay the debt service on the 2019B

**DAVIS SCHOOL DISTRICT**  
**Notes to Basic Financial Statements**  
*Continued*

---

crossover general obligation refunding bonds. Both the 2010A general obligation bonds and the crossover general obligation 2019B refunding bonds, as well as the resources held in escrow (cash and investments with fiscal agent), were recorded by the District until the crossover date. The crossover refunding was undertaken to reduce debt service payments by \$9,095,000 and resulted in an economic gain of \$6,595,413. The bonds have interest rates of 5.0% with a maturity of June 2030.

In April 2020, the District issued \$55,170,000 of general obligation school building bonds. The bonds have interest rates ranging from 2.5% to 5.0% with a final maturity of June 2040.

**Early Retirement Payable**

The District provides an early retirement incentive program. Eligibility is restricted to those employees with a minimum of ten years of service in the District, and who meet the eligibility requirements for and will be receiving Utah Retirement System benefits. Eligible retirees will receive a contribution of 16% of their annual salary per year, for up to three consecutive years, into a qualified 401(a) and/or 403(b) plan, or until they become eligible to receive unreduced social security benefits, whichever occurs first. Employees who retire under the incentive program will continue to be enrolled in group medical and dental programs until they become eligible for Medicare, or for 10 consecutive years following retirement, whichever comes first. Enrollment is contingent upon the retiree contributing the same premium as required of active employees for the first 3 years and the full premium for the following 7 years. For the years ended June 30, 2020 and 2019, the District's direct payments to retirees were \$3,852,902 and \$3,426,036, respectively, and payments of insurance premiums on behalf of retirees were \$2,147,669 and \$2,196,987, respectively. Future retirement payments of employees who have elected early retirement are recognized on an accrual basis as an expense in the government-wide financial statements in the year of retirement. This liability is paid from the fund from which the employee retires.

**NOTE 9 – LITIGATION AND LEGAL COMPLIANCE**

There are lawsuits pending in which the District is involved. The District's legal counsel and insurance carriers estimate that the potential claims against the District, not covered by insurance, resulting from such litigation would not significantly affect the financial statements of the District.

All fund balances are positive at June 30, 2020. Fund expenditures are within budgeted amounts during the year ended June 30, 2020.

**NOTE 10 – GRANTS**

The District receives significant financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the District's independent auditors and other governmental auditors. Any disallowed claims resulting from such audits could become a liability of the *General Fund* or other applicable fund. Based on prior experience, District administration believes such disallowance, if any, would be insignificant.

**NOTE 11 – ALLOCATED TO OTHER ENTITY**

The District has sponsored and operated Pioneer Adult Rehabilitation Center (PARC) for several years. PARC has been reported as an enterprise fund of the District. Effective June 30, 2020, PARC chose to move its operations to another entity and separate themselves, financially and legally, from the District. During the year ended June 30, 2020, the District transferred \$6,459,619 in net position to the other entity consisting of \$5,503,720 in cash, \$1,505,214 in capital assets, net of accumulated depreciation, and a net (\$549,315) in liabilities and other assets.

**NOTE A – CHANGES IN ASSUMPTION – UTAH RETIREMENT SYSTEMS**

Assumptions for plan years 2019 and 2018 remain unchanged from the prior year.

Amounts reported in plan year 2017 reflect the following assumption changes adopted from the January 1, 2017 valuation:

- The investment return assumption was decreased from 7.20% to 6.95%.
- The inflation assumption decreased from 2.60% to 2.50%.
- The life expectancy assumption increased for most groups.
- The wage inflation assumption decreased from 3.35% to 3.25%.
- The payroll growth assumption decreased from 3.10% to 3.00%.

Amounts reported in plan year 2016 reflect the following assumption changes adopted from the January 1, 2016 valuation:

- The investment return assumption was decreased from 7.50% to 7.20%.
- The inflation assumption decreased from 2.75% to 2.60%.
- Both the payroll growth and wage inflation assumptions were decreased by 0.15%.

Amounts reported in plan year 2015 reflect the following assumption changes adopted from the January 1, 2015 valuation:

- The wage inflation assumption for all employee groups was decreased from 3.75% to 3.50%.
- The payroll growth assumption was decreased from 3.50% to 3.25%.
- Other assumptions that were modified: rate of salary increases, post retirement mortality, and certain demographics.

**NOTE B – SCHEDULES OF THE DISTRICT'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY (ASSET) – UTAH RETIREMENT SYSTEMS**

These schedules only present information for the 2014 and subsequent measurement periods of the plans; prior-year information is not available.

**NOTE C – SCHEDULES OF DISTRICT CONTRIBUTIONS – UTAH RETIREMENT SYSTEMS**

These schedules only present information for the 2015 and subsequent reporting periods of the plans; prior-year information is not available.

Contributions as a percentage of covered payroll may be different than the Utah State Retirement Board certified rate due to rounding or other administrative issues. A portion of the required contributions in the Tier 2 plans is used to finance the unfunded actuarial accrued liability of the Tier 1 plans.

**THIS PAGE INTENTIONALLY LEFT BLANK**

## **Individual Fund Statements and Schedules**

**General Fund** – The General Fund is used to account for all financial resources applicable to the general operations of the District which are not required to be accounted for in another fund. Utah law defines the General Fund as the Maintenance and Operations Fund.

**Debt Service Fund** – The Debt Service Fund is used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources. Financing is provided by an annual property tax levy for general obligation debt as authorized by Utah Code 11-14.

**Capital Projects Fund** – The Capital Projects Fund is used to account for the resources used in acquiring and improving sites, constructing and remodeling facilities, and procuring equipment for the education programs for all students within the District. Financing is provided by an annual property tax levy not to exceed 0.0024 as authorized by Utah Code 53 A-16-107. Also, state funds can be obtained by qualifying under guidelines established for districts determined to be in critical need for construction building aid.

**School Food Services Fund** – The School Food Services Fund is used to account for the food service activities of the District as required by state and federal law. Financing is provided by local sales along with substantial subsidies from the State of Utah and the U.S. Government to help ensure that students receive low cost, nutritionally balanced meals.

**Student Activities Fund** – The Student Activities Fund is used to account for revenues and expenditures from school-based operations. The revenues comprise of interest earnings, gate receipts, fundraisers, and student fees. Expenditures support curricular and extra-curricular activities.

**Pass-Through Taxes Fund** – The Pass-Through Taxes Fund is used to account for property taxes levied by the District, but remitted directly to redevelopment agencies located within the boundaries of the District. Incremental taxes are levied as authorized by Utah Code 17C-1. Incremental taxes are recorded as revenue with an equivalent amount of expenditure representing the fact that these amounts are forwarded directly by the county to the redevelopment agencies and used at the agencies' discretion.

**District Foundation Fund** - The District Foundation fund is used to account for financial resources collected and spent by the District's 501(c)(3) foundation. Revenues are generated through donations from community members and businesses and used to augment the educational needs of teachers and students of the District.
