Author	Mr M Stewart
A shaded area denotes a regulation to which all schools must comply	

Clifton High School is committed to child protection and safeguarding children and young people and expects all staff, visitors and volunteers to share this commitment.

For the purposes of this Privacy Notice, older pupils are classed as those current, past or prospective pupils who reach their 13th birthday in the current academic year, which runs from September to August. For example; a 12-year old child with a 13th birthday in May would be an 'older pupil' from the previous September when they are still 12 years of age.

References to the School are to Clifton High School, but include the activities of the Clifton High School Foundation, a separately registered charity.

Introduction

This Privacy Notice is intended to provide information about how the School will use (or 'process') the personal data of Older Pupils (referred to in this policy as 'pupils').

This information is provided because Data Protection Law gives individuals rights to understand how their data is used. Pupils are encouraged to read this Privacy Notice and understand the School's obligations. However, the School has a separate Data Protection Policy and Privacy Notices applicable to parents, its employees and other staff.

This Privacy Notice applies alongside any other information the School may provide about a particular use of personal data, for example when collecting data via an online or paper form when former or prospective pupils visit the School, as part of its processes to safeguard the School community from Covid-19.

This Privacy Notice also applies in addition to the School's other relevant terms and conditions and policies, including

- Any contract between the School and parents of pupils
- The Taking, Storing and Using Photographs or Video policy
- Any policies or notices applicable to staff concerning the handling of personal data
- CCTV policy
- Safeguarding, pastoral, or health and safety policies
- IT policies, including Use of ICT Agreements

Child Protection and Safeguarding

Child Protection and Safeguarding requirements always supersede Data Protection Laws. If information needs to be shared in the interests of child protection and safeguarding, this Notice can never be used as a reason not to do so.

Pupils are reminded that the School is under duties imposed by law and statutory guidance including Keeping Children Safe in Education (KCSIE) to record or report incidents and concerns that arise or are reported to it, in some cases regardless of whether they are proven, if they meet a certain

threshold of seriousness in their nature or regularity. This is likely to include file notes on personnel or safeguarding files and in some cases referrals to relevant authorities such as the LADO or police.

KCSIE also requires that, whenever a child leaves the School to join another school or college, their child protection file is promptly provided to the new organisation. The School will retain a copy in accordance with its retention policy for material related to safeguarding matters.

The School's primary reason for using your personal information is to provide you with an education.

How and why does the School collect and use your Personal Information

To carry out its ordinary duties to staff, pupils and parents, the School needs to process a wide range of personal data about individuals (including current, past and prospective staff, pupils or parents) as part of its daily operation.

Some uses of personal data will be made in accordance with the School's legitimate interests, or the legitimate interests of another, if these are not outweighed by the impact on individuals, and provided it does not involve special or sensitive types of data.

Some of this information will be stored on the National Pupil Database and some organisations can request information from this National Pupil Database. However, they are only allowed to do this for limited purposes and they must be very careful about how they use your information. More information can be found here [supporting-information

In addition to this, we have a duty to provide information about you to UK Visas and Immigration who are part of the Government.
18. Depending on where you will go when you leave us, we will provide your information to other schools, colleges and universities or potential employers. For example, we will share information about your examination results and provide references and information to UCAS, employers or work-experience placements whilst you are at school or to Gap year organisations to which you have applied.
19. We may pass on information needed to look after you to your next school; for example, information about any concerns we have had about your welfare.
20. When you take Public Examinations (e.g. GCSEs), we will need to share information about you with examination boards. For example, if you require extra time in your examinations.
21. We may need to share information about you with the police or our legal advisers if something goes wrong or to help with an enquiry; for example, if one of your classmates is injured at School or if there is a burglary.
22. We use consultants, experts and other advisors to assist the School in fulfilling its obligations and to help run the School properly. We will share your information with them if this is relevant to their work. Where you ask us to do so, we will share your information with Visiting Music Teachers for facilitating music lessons.
23. If you have misbehaved in a serious way and the police have become involved, we will need to use information about the action taken by the police.

- We may use third party "cloud computing" services to store some information rather than the information being stored on hard drives located on the School site

Our Legal Grounds for using your Information

This means that the School is using your information when this is necessary for the School's legitimate interests or someone else's legitimate interests. We will not rely on these grounds when your interests and fundamental rights override our legitimate interests.

- Improving the School; for example, if we want to raise money to build new buildings or to make sure that we are providing you and your classmates with a good schooling experience
- Where otherwise reasonably necessary for the School's purposes, including to obtain appropriate professional advice and insurance for the School.

In addition, your personal information may be processed for the legitimate interests of others. For example, we may use information about you when investigating a complaint made by one of your fellow pupils.

The School is relying on legitimate interests for all the 32 purposes listed earlier.

The School must also comply with an additional condition where it processes special categories of personal information. These special categories include personal information revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, genetic information, biometric information, health information, and information about sex life or orientation.

Legal Obligation

The School might need to use your information to comply with a legal obligation; for example, to report a concern about your wellbeing to Children's Services. We will also have to disclose your information to third parties such as the Courts, the Local Authority or the police, where legally obliged to do so.

Legal obligation is relevant to the following purposes listed earlier: 10, 11, 12, 13, 14, 15, 17, 20, 22 and 24.

Vital Interests

In limited circumstances, we may use your information to protect your vital interests or the vital interests of others; for example, if you or they are seriously hurt.

Performance of a task carried out in the public interest (or carrying out public tasks)

This applies where what we are doing is for the benefit of people generally. The following are examples of where this applies

- Providing you and others with an education
- Safeguarding and promoting your welfare and the welfare of your classmates
- Facilitating the efficient operation of the School

For example, the School will use information about your health to look after you. We may also use other types of special category personal data about you to provide you with an education, to look after you and your classmates or when the School is inspected. The School is carrying out a public task in respect all the 32 purposes listed earlier except numbers: 28, 29, 30, 31, and 32.

Employment and Social Protection and Social Security Law

There will be times when the School needs to use your information because we are an employer; for example, we employ your teachers. In addition, the School will use your information to comply with Social Protection Law; for example, to look after you and also Social Security Laws. The School is relying on the following grounds for these purposes listed earlier: 2, 6, 10, 17 and 24.

Legal Claims

We are allowed to use your information if this is necessary in relation to the establishment, exercise or defence of legal claims. For example, this allows us to share information with our legal advisors and insurers. This applies whenever sharing special category data is necessary in relation to legal claims and is relevant to purposes listed earlier 22 and 25.

Medical Purposes

This includes medical treatment and the management of healthcare services. This applies to purposes listed earlier 2 and 6.

Criminal Offence Information

In exceptional circumstances, we may use information about criminal convictions or offences. We will only do this where the Law allows us. This will usually be where such processing is necessary to carry out our obligations and to look after our pupils.

Multiple Legal Grounds

In some cases, we will rely on more than one ground for a particular use of your information. For example, we will rely on legitimate interests and public interest grounds when using your information to look after you and your classmates and when providing you with an education. The grounds that we will rely on for a particular purpose may vary depending on the circumstances. For example, if we decide to tell the Local Authority something about a pupil because we are worried about their welfare, sometimes this will be because we have a legal obligation to do so but on other occasions we may tell the Local Authority because we are worried about the pupil even if we don't have a legal obligation to report; in which case we would be relying on legitimate interests and public interests.

Consent

We may ask for your consent to use your information in certain ways as an alternative to relying on any of the grounds above. If we ask for your consent to use your personal information you can take back this consent at any time. Please speak to your Form Tutor if you would like to withdraw any consent that you have given. Any use of your information before you withdraw your consent remains valid.

In respect of purpose 27 listed earlier, and where consent is sought, the School will seek consent from both pupil and parent in accordance with its Taking, Storing and using Photography or Video policy, where the older pupil is other than in the Sixth Form.

If the country we are sending your information to is not on the list or is not a country within the EEA (the European Union, Liechtenstein, Norway and Iceland) it might not have the same level of protection for personal information as there is in the UK.

We will keep some information after you have left the School, for example, to enable us to investigate if you make a complaint. In exceptional circumstances, we may keep your information for a longer time than usual, but we would only do so if we had a good reason and only if we are allowed to do so under Data Protection Law.

We can keep information about you indefinitely if we need this for historical, research or statistical purposes. For example, if we consider the information might be useful to someone wishing to write a book about the School.
